### The 7th Annual Schraut Memorial Lecture

This year's Schraut Lecturer is Dr. Gregory Campbell (70), Director, Division of Biostatistics, Center for Devices and Radiological Health, Food and Drug Administration. His talk is titled [The Role of Biostatistics in Medical Devices: Making a Difference in People's Lives Every Day.](#)

Information about previous Schraut lectures can be found [here](#).

### The 22nd Biennial Alumni Seminar

As in every even-numbered year since 1964, alums of the Department of Mathematics will return to the University of Dayton to gather together and meet with students interested in mathematics. This will give our alums an opportunity to inform students about the professions they are in and how their studies in mathematics relate to their careers.

This year the Seminar will consist of a panel session followed by break-out sessions. During the panel session, professionals representing many careers will be introduced. These professionals will in turn give a brief introduction to specific careers. Break-out sessions will then follow the panel session. In the break-out sessions, students can meet with the professionals more informally and learn more. In addition to careers, we will include a session on preparation for graduate school and a session on writing resumes and preparing for interviews.

Break-out sessions will be held for:

Statistics	Business
Information Technology	Government
Engineering	Teaching
Actuarial Science	Financial Engineering

This year's panelists include:

Mr. Mike Altier, Senior Actuary, Nationwide Financial (Financial Engineering)

Dr. Alan Berens (55), Retired, University of Dayton Research Institute (Engineering)

Mr. Thomas J. Britt (85), Senior Actuary, Nationwide Financial (Resume Writing and Preparation for Interviews)

Dr. Patricia F. Campbell, Associate Professor, Center for Mathematics Education, Department of Curriculum and Instruction, University of Maryland (Mathematics Education)

Dr. Greg Campbell (70), Director, Division of Biostatistics, Food and Drug Administration (Government)

Dr. Rafe Donahue (87), Research Associate Professor, Department of Biostatistics, Vanderbilt University Medical Center (Statistics/Biostatistics)

Ms. Marla Gross (90), Senior Statistician, Procter & Gamble (Statistics)

Dr. Stephen Hartke (99), VIGRE Research Assistant, University of Illinois (Preparation for Graduate School)

Dr. Joseph Haus, Chair, Department of Electro-Optics, University of Dayton (Engineering)

Mr. Paul S. Judd (82), Assistant Professor of Statistics and Actuarial Science, Drake University (Actuarial Science)

Ms. Ann Meyers (80), Chaminade-Julienne High School (High School Teaching)

Ms. Carol Molloy, National Security Agency (Government)

Dr. James Schoen (67), Director, Six Sigma Services, National Cash Register (Business)

Ms. Diane Schulte (75), Vice President, Mitre Corporation (Business)

Mr. Terrance Stretch (66), 35 years experience in information technology consulting and management (Information Technology)

Dr. Susan Thompson (81), Chair, Department of Mathematical Sciences, Otterbein College (College Teaching)

The Schraut Memorial Lecture and the Alumni Seminar are generously supported by donations from our alums.
