

University Libraries seeks to inspire visitors with thoughtprovoking art pieces of varied size and materials created primarily by UD students, faculty, alumni and friends. We've highlighted selected artwork that can be found on each floor, but be sure to visit all areas of our building to fully experience the collection.

In addition to our collection of art, our first and seventh floor gallery spaces host exhibitions year round. Check out all our news and events information at www.udayton.edu/libraries.
