Winners of the three General Motors scholarships to the University of Dayton were announced Thursday by the Rev. Charles L. Collins, S.M., dean of students and chairman of the university scholarship committee.

Recipients are Wilma Reicher, 18, daughter of Mr. and Mrs. Stephen A. Reicher of 8225 Peters rd.; Rosalie M. Cosgrove, 17, daughter of Mr. and Mrs. Lawrence M. Cosgrove of 1112 Linden av., and Paul F. Cook, 18, son of Mr. and Mrs. Beryl L. Cook of Springfield.

The scholarships have been awarded through the General Motors College Scholarship Plan announced by GM in February. They are renewable each year throughout the college career of the student. Awarding was based on worth, talent and qualifications of the individual in addition to the student's "demonstrated need" for scholarship aid.

Amount of the awards ranges from $200 to $2,000 a year, depending upon the individual need.

Recipients were chosen through competitive examinations and interviews at the university.

All winners were the scholarships to U.D. are high school graduates of 1955 and will enter fields of their choice at the university this semester. U.D. is one of 107 private and 39 public institutions in 38 states taking part in the plan.

General Motors has allocated U.D. three scholarships to award each year. Thus when the program is in full operation, 12 scholarships will be outstanding.

Miss Reicher, a graduate of Vandalia-Butler high school, plans to study languages at U.D. with the goal of becoming an interpreter. Her major fields of study will be German and Russian.

Miss Cosgrove, who graduated from Julienne high school, will study liberal arts, while Cook, a Springfield high school graduate, will enter the mechanical engineering field.
