“Tommy”  
SECOND ANNUAL ALUMNI PLAY

WITH the production of “Tommy” the University of Dayton Alumni Association continues its series of annual dramatic productions. The precedent was established last year with the presentation of “Clouds Roll By,” a musical comedy written and directed by U of D students. The music for last year’s play was written by Dick Frankensteen and orchestrated by Maurice Reichard. The story for “Clouds Roll By” was by dictation of Dick Frankensteen and Robert McBride. This sparkling musical comedy not only met with tremendous success but well established a precedent for the alumni plays of future years.

The choice of the 1931 alumni play fell upon “Tommy,” one of the most delightful comedy dramas produced within the past three seasons. Although it is not as elaborate as last year’s musical comedy, it nevertheless maintains the precedent for unusual and high calibered productions established by our first alumni play. “Tommy” was originally produced by George C. Tyler at the Gaiety Theater in New York City. The play enjoyed a tremendously successful metropolitan engagement. “Tommy” was also played by the Wright Players at the Victory Theatre, Dayton, Ohio, last season and proved to be one of their most popular productions. Arrangements are now being made to put “Tommy” into the talkies.

“Tommy” is presented by the recently organized U of D Dramatic Club under the auspices of the U of D Alumni Association. The entire membership of the Dramatic Club has worked tirelessly to make this production a hit. The complete list of officers of the U of D Dramatic Club as well as appointments to various student committees that worked for the success of “Tommy” follow:

President, Thomas Dempsey; vice-president, Richard Frankensteen; secretary, Ed Costello; treasurer, Lou Tschudi; publicity chairman, Vinton Kirk; historian, Robert McBride; house chairman, Daniel Adams; stage manager, Dick Frankensteen; assistant, Joe Staab; property manager, Charley Boesch; assistant, Vic Reiling; electrician, Mick Murray; prompters, Charles Copeland and Mike Usas; box office manager, Don Brown, and assistant, Dan Gill; ushers, Kevin Dwyer, Bernard Brisse, Bill Jordan, Bob Pudenz, Bob Flanagan, William Malone, Frank Pfister, John Grimes and Fred Howe; musical librarian, Charles Gnaau; house decorating committee, Don Brown, chairman, assistants, Paul Antony, Charles Kemper; ticket chairman, John Connelly; stage hands, Leo Zierolf, Ed Crow, William Sackwitz.

Plans are now under way for the third annual alumni play in 1932. Dick Frankensteen is now composing the music for another sparkling musical comedy which will have a gypsy theme. From present developments it bids well to surpass in elaborate display and beauty of musical composition the musical comedy of 1930.

University of Dayton
1850

"The most precious legacy which can be conferred upon American youth is the legacy of a sound Christian education under the direction of men conspicuous for their piety, their zeal and their learning."

The University of Dayton is a boarding and day school for young men under the direction of the Society of Mary. The doors of the University are open to students of all faiths, providing they are of good moral character. Its educational policy aims to place the student in a wholesome atmosphere with the idea of developing character as well as training the intellect.

The University buildings are beautifully situated on a natural elevation overlooking the city of Dayton. The climate is healthful and the University property of over fifty acres provides that quiet and seclusion so conducive to study and work, and yet at the same time the location permits of intercourse with the social and business life of an active city.

Dayton University has all the accommodations that a university of today calls for, viz: dormitory buildings; halls, modern in every detail; complete equipment for all departments (laboratories, libraries, museums, etc.); a picturesque park; a stadium; a gymnasium and auditorium; club rooms; and a campus of over twenty acres to accommodate the entire student body.

The Dormitory Buildings are equipped with every convenience — electric light, steam heat, hot and cold water, and pure spring water. Rooms are furnished with or without bath. Lavatories, with tubs and showers, on every floor, are installed for the convenience of students renting rooms without baths. No expense has been spared to make the rooms as comfortable and as home-like as possible.

The University of Dayton comprises the:

- **COLLEGE OF LIBERAL ARTS AND SCIENCE**: Arts; Letters; General Science; Commerce and Finance; Pre-Medicine; Pre-Law.
- **COLLEGE OF ENGINEERING**: Chemical; Civil; Electrical; Mechanical.
- **COLLEGE OF EDUCATION**

*Open to Women

**COLLEGE OF LAW**
