

## HOW? TO READ IT:

The lines indicate chronological time from top to bottom — the very top represents 8am and the very bottom represents 12am. One dot stands for one observation/reading/hearing of the words COVID19 or Corona virus. The various colors represent the channel through which I received them.

● = family    ● = Mom    ● = Social Media    ● = Other    ● = News  
 ● = friends    ● = Email

The dot's positioning on the left side of the line signifies a negative feeling towards the occurrence, on the line means neutral feeling, and on the right side connotes positivity.

\* Notes: On day three, I took a break from looking at social media as it was becoming overwhelming. I often check my phone at night!
