Flyers! Welcome to the 2015-2016 School Year!

We are so excited for the start of the new school year. The Premedical Programs Office is here to help you prepare for your career in a health profession.

The Premedical Programs office has been busy all summer making plans for an exciting school year. Please take the time to read about the many health related student organizations including those pictured at right welcoming students at Up the Orgs.

Students interested in pledging AED should plan to attend the information sessions on September 1 and 2.

If you would like to know more about Osteopathic Medicine, pre-med students have a great opportunity to travel to Marian University College of Osteopathic Medicine on September 19 for the day.

We invite all of our students to join us for the Hospice of Dayton Remembrance Walk on Saturday, October 24. It's a great way to support an important local organization and have fun with other pre-health students. If you want to join one of our teams, contact the Premedical Programs office. The entry fee for each team member is $20 and includes a t-shirt.

Juniors and seniors planning to apply to health professional school in the spring should plan to attend one of the application workshops this month.

Also coming soon are more opportunities for volunteering at local hospitals. Juniors, watch for shadowing opportunities at Miami Valley Hospital. We will let you know as soon as the schedule becomes available.

Come visit us in the Premedical Programs Office in SC 375 with any questions you have about applying to health professional schools. We are always happy to share our resources and information.

Julie D. Simon, Ph. D.
Assistant Director of Premedical Programs
**HEALTH PROFESSIONAL SCHOOL APPLICATION WORKSHOP**

Are you thinking of applying to a medical school, dental school or other health professional school in the coming year? Plan to attend one of two workshops to be held on Sept. 22 and 23 at 6:30 p.m. in the Science Center auditorium (SC 114). Because the same material will be covered on both days, you only need to attend one. The workshop “Planning for your application to health professional school” will provide an introduction to the application process.

**ALPHA EPSILON DELTA (AED)**

University of Dayton hosts the Ohio Eta Chapter of Alpha Epsilon Delta (AED), a national pre-professional health honors society. To pledge AED, a student must be a sophomore with at least a 3.25 GPA and complete the pledging process. AED welcomes students engaged in the pursuit of a professional health care career including medicine, dentistry, physician assistant, veterinary, pharmacy, and others. There will be informational meetings held in the Science Center auditorium (SC 114) on Sept. 1 at 7:00 p.m. and Sept. 2 at 8:45 p.m. Other upcoming events include the Meet the Prosfs lunch on Sept. 18, 12 -2 p.m. in the Science Center Fishbowl and a cookout at 5 p.m. on September 25. Membership meetings will be on Sept. 8 and Sept. 22 at 8 p.m. in SC 114. For more information, contact Neal Bucher at buchner1@udayton.edu.

**PRE-PA CLUB**

The Pre-PA club will introduce you to the career of physician assisting, help you learn more about what it’s like to be a physical assistant student, and understand how the application process works. The club will feature panels, guest speakers and special workshops, all focusing on this field of healthcare. There are no GPA requirements to join the PRE-PA club and everyone is welcome. Meetings will be held bi-monthly on Wednesdays at 8 p.m. in room 114 of the Science Center starting Sept. 16. Contact Delaine Oda at odadoz2@udayton.edu for more information.

**MULTICULTURAL ASSOCIATION OF PREMED STUDENTS (MAPS)**

MAPS is an undergraduate affiliate of the Student National Medical Association (SNMA). MAPS is open to all students interested in the health professions and interested in addressing the needs of underrepresented minority students going into medical fields. The first meeting of MAPS will be held on Thurs., Sept. 10 at 7:15 in the OMA lounge in Alumni Hall. For more information, contact Alissa Bryant bryanta2@udayton.edu or Alexis Gilbert Gilberta2@udayton.edu.

**DENTAL INTEREST GROUP (DIG)**

The Dental Interest Group (DIG) is a must for any pre-dentistry student. DIG students provide a supportive and informative community that helps prepare students for a career in dentistry. Meetings often feature local dentists speaking about their experiences and their profession. The first meeting will be held on Monday, Sept. 14 at 8 pm in SC 146. Contact Bailey Myers myersb4@udayton.edu for more information.

**HEALING HEARTS**

Healing Hearts is a health-related service club that coordinates volunteer activities and brings together students interested in the health professions. Students in this group volunteer at Dayton Children’s Hospital, Grandview Medical Center, and Kindred at Home - Hospice. The first meeting will be held on Sept. 8 at 7 p.m. in SC 150. Contact Anam Hussain hussaina1@udayton.edu for more information.

**NEW! PRE-PHARMACY CLUB**

The Pre-Pharmacy Club was created to introduce interested students to the field of Pharmacy. The club plans to educate students about everything from the application process for PharmD Programs, to what it’s like to be a PharmD student, to what opportunities/career paths one can take in Pharmacy. They will do this through meetings, guest speakers and special workshops all focusing on the various aspects of Pharmacy. This club will be a great opportunity for students interested in going into the Pharmacy field. Meetings will be held at 8 p.m. in SC 064 on Sept. 9, Oct. 14, Nov. 11, and Dec. 9. Contact Austin Mullins at amullins1@udayton.edu for more information.

Register with the Premedical Programs Office

To receive information about events and services sponsored by the Premedical Programs Office including scholarships, grants, and requests for evaluation, please register on our web site at premed.udayton.edu. Scroll to the bottom of the page and click the link. You will then complete a short survey. All MED and DEN majors and other majors interested in health care should register to receive information tailored to your specific interests.
MIAMI VALLEY HOSPITAL OBSERVATION OPPORTUNITIES

Once again juniors and seniors have the opportunity to observe health care teams in three units of Miami Valley Hospital. Students can sign up to visit Interventional Radiology, Heart and Vascular Procedures, and Endoscopy. If you are interested in participating, complete the paperwork found at the Opportunities and Activities link on the premed.udayton.edu web page (click on Miami Valley Hospital Observation) and bring it to the Premedical Programs Office to sign up for observation days. You will need a current TB test and a flu shot (after Oct. 1). Contact Dr. Simon for more information.

VISIT TO MARIAN UNIVERSITY COM

On Saturday, September 19, 8:30 a.m. - 5:00 p.m., Marian University is hosting a day of lectures, demonstrations, and labs designed to introduce students to osteopathic medicine. Attendees will have the opportunity to meet with faculty, staff, and current medical students at the Marian University College of Osteopathic Medicine. The Premedical Programs office will provide transportation for any students interested in attending this program. Register online at http://presoma-mu-com.eventbrite.com. Registration deadline is September 9. Contact Dr. Simon for information about transportation to Marian University.

HOSPICE VOLUNTEERS

If you are looking for a great volunteer opportunity, please consider Kindred at Home - Hospice (formerly Acclaim Hospice). Patient visitors provide companionship, socialization, and friendship to hospice patients. A background check, drug and TB screenings will be conducted at no cost to you. You can choose when, where, and how often you volunteer. Kindred will provide comprehensive hospice volunteer training on Saturday, Sept. 26 at McGinnis Center, 10 a.m. - 4 p.m. (lunch provided). To sign up for this training or for more information, contact Michelle Brown, Volunteer Coordinator at (937) 433- 2400 or by email at Michelle.brown@kindredathome.com.

GRADUATE SENIOR AWARD WINNERS

Congratulations to the following 2015 graduates who received Premedical Program Senior awards last spring.

William John Porter received the Joseph E. Scherger, M.D., MPH Leadership in Medicine Award, which is presented to a graduating premedical student who has demonstrated leadership toward improving the health of the public through better health care. Porter was also the recipient of the Brother Francis John Molz Memorial Award, which is determined by vote from the Alpha Epsilon Delta membership, recognizing a graduating AED member who best demonstrates the qualities of selflessness, community service and academic achievement. Porter is hiking the Appalachian Trail while applying to medical school.

Austin Roebke received the Montgomery County Medical Society Award, which goes to the outstanding senior in a premedical curriculum. Roebke attends The Ohio State University College of Medicine.

Mary List received the Miami Valley Academy of Family Physicians Award, which is awarded to the graduating senior whose activities exemplify the philosophy of family medicine. List will attend the University of Louisville School of Medicine.

Premedical Programs Seminar Series
All talks take place on Fridays at 3:30 p.m. in the Science Center Auditorium, SC 114.
