The U. D. Annual 1922
THE U.D. ANNUAL

Number One

Published by the Students of the
University of Dayton

Dayton, Ohio
Alma Mater, Dayton U.
D. Herbert Abel

The sun is sinking 'neath the western hill,
While tinting rich with everchanging hue
Our Alma Mater's shrines, that mute and still
Fast fade, as twilight blots them from our view,
Within those hallowed walls we men were born,
While every heart was sweetly nursed with care.
How great the trials for us that she has borne!
What sacrifice with hers can we compare?

God speed the day when thou shalt see the flowers
Of manly deeds from youthful fosterage spring!
Thy sacrificing, loving, tender hours,
That thou didst give to make us noble men,
Will surely be returned to thee again,
When loyal sons will make thy praises ring.
Those hearts thou soughtst to render good and true
Will be as stars in heaven's azure blue.
To wide proclaim thee, Alma Mater, Dayton U.

To the Graduates

D. HERBERT ABEEL

THE parting of the ways has come at last;
Upon life's threshold, graduates, we stand;
Bright looms the future, farewell a glorious past,
We spent 'neath Alma Mater's guiding hand.
The rugged cliffs of learning have we scaled;
The mind's most earnest yearning we've been given.
Success today is ours, for that we quailed;
See nigh at hand the goal toward which we've striven.

Is it not mete, no matter what the class we leave,
We yield a tithe of that we did receive?
May all Alma's cherished sons of '22
Remember the trials she bravely bore.
While through their lives they praise her ever more,
Oh let them breathe a silent daily prayer,
That God Himself will foster e'er with care
That best of Alma Maters, Dayton U.
D. HERBERT ABEL (Herb) Dayton, Ohio
ARTS AND LETTERS
Editor-in-Chief of Exponent, Dramatic Club.
"The fairest and brightest in his class."

FRANK P. ELARDO, (Bambino), Dayton, Ohio
ELECTRICAL ENGINEERING
Advertising Manager Exponent, Basketball, Engineering Society.
"They are never alone who are accompanied by noble thoughts."

FEDERICO L. FERRARA, (Chapparo), Monterey, N. L., Mexico
CHEMICAL ENGINEERING
Football, Seminar Club, Engineering Society.
"Many can argue, not many converse."

EDWARD J. FINAN, (Eddie), Zanesville, Ohio
ELECTRICAL ENGINEERING
Seminar Club, Exponent Staff, Engineering Society.
"In admiring greatness we rise to its level."

CARL F. GEPPERT, (Egg), Dayton, Ohio
ELECTRICAL ENGINEERING
Football, Baseball Capt., Engineering Society.
"The world owes every man a living; and every man owes the world the effort to make it."

ROMAN A. GERBER, (Alice), Chillicothe, Ohio
ELECTRICAL ENGINEERING
Football, Seminar Club, Engineering Society.
"After man came woman; and she has been after him ever since."

JOHN H. GRIESEMEL, (Hank), Pueblo, Colo.
MECHANICAL ENGINEERING
Football, Baseball, Athletic Board, Engineering Society.
"Praise a wife, but remain a bachelor."

CLEMENS J. HELLEBUSH, (Bo), Hamilton, Ohio
CHEMICAL ENGINEERING
Basketball Manager, Engineering Society.
"Whatever is worth doing at all is worth doing well."

RAYMOND G. HIEBER, (Jobe), Dayton, Ohio
ELECTRICAL ENGINEERING
Adjutant-General R. O. T. C., Engineering Society.
"Never trouble trouble, till trouble troubles you."
JUSTIN A. HOCHWALT, (Hock), Dayton, Ohio
ELECTRICAL ENGINEERING
Track, Engineering Society.
"Discretion is the better part of valor."

ANTHONY G. HORVATH, (Tony), St. Louis, Missouri
ELECTRICAL ENGINEERING
Editor-in-Chief of Exponent News, President Seminar Club, Glee Club.
"To him who does everything in its proper time, one day is worth three."

EDWIN B. HUESMANN, (Sam), Hamilton, Ohio
MECHANICAL ENGINEERING
Engineering Society.
"A life without a purpose is a ship without a rudder."

GEORGE W. KIRBY, (Jeff), Dayton, Ohio
CHEMICAL ENGINEERING
Engineering Society
"Silence is more eloquent than words."

EDWARD H. KREMER, (Abe), Maria Stein, Ohio
ELECTRICAL ENGINEERING
Seminar Club, Engineering Society.
"The secret of success is constancy to purpose."

STEPHEN M. MALONEY, (Red), Covington, Kentucky
MECHANICAL ENGINEERING
Junior President, Athletic Board, Exponent Junior Staff, Engineering Society.
"Do unto others, as you would have others do unto you."

JOSEPH C. MURPHY, (Squirrel), Dayton, Ohio
CHEMICAL ENGINEERING
Comic Editor Exponent News, Senior Secretary, Engineering Society.
"A little nonsense now and then,
Is relished by the best of men."

RALPH A. PAULY, (R. A. P.), Springfield, Ohio
MECHANICAL ENGINEERING
"If you have any time to kill, work it to death."
ROBERT M. PAYNE, (Bob), Dayton, Ohio
CHEMICAL ENGINEERING
Baseball Manager, Sport Editor, Exponent Staff, Engineering Society.
"The man who cannot lie is dead."

EDWARD G. SANDER, (Ed), Dayton, Ohio
CHEMICAL ENGINEERING
Football, Baseball, Seminar Club, Engineering Society.
"Hope for the best, get ready for the worst."

RAYMOND M. SCHMITTER, (Volts),
Mercedes, Texas
ELECTRICAL ENGINEERING
Football, Baseball, Seminar Club, Engineering Society.
"Nothing is so difficult, but may be won by industry."

LAWRENCE P. SINNOTT, (Kewpie),
Cleveland, Ohio
ELECTRICAL ENGINEERING
Glee Club, Engineering Society.
"The world never know its great men till it buries them."

ROBERT L. STEWART, (Bob), Dayton, Ohio
CHEMICAL ENGINEERING
Engineering Society.
"Diligence is the mother of Good Luck."

ADOLPH J. STUHLMUELLER, (Stew),
Hamilton, Ohio
ELECTRICAL ENGINEERING
Senior President, Exponent Staff, Engineering Society.
"As you make your bed so must you lie on it."

ALBERT J. WALSH, (Fat), Dayton, Ohio
MECHANICAL ENGINEERING
Football, Engineering Society.
"A good conscience makes a joyful countenance."

RICHARD L. WITHROW, (Dick),
Dayton, Ohio
ELECTRICAL ENGINEERING
Football.
"A wise man thinks all he says, a fool says all he thinks."
LAWRENCE A. BENNETT, New Lexington, Ohio
"Veteran of many a lusty fray."

OMER H. BURDICK, Oldenburg, Indiana
Basketball '22.
"As sturdy as he is fair."

THOMAS E. BURKHARDT, Dayton, Ohio
"He has reached the pinnacle of fame in our Virgil class.

JAMES P. COLEMAN, Springfield, Ohio
"A mighty man of valor."

JOSEPH P. DOPPES, Cincinnati, Ohio
Football '21.
"His ties speak for themselves."

ROY ANDERSON DYE, Urbana, Ohio
"For him, life is just one class after another."

AUSTIN A. FALK, Columbus, Ohio
"The study of Physics affords manifold attractions."

CHARLES H. FALKENBACH, Columbus, Ohio
Football '21, Class Vice-President '22.
"Suddenly I heard a tapping
As of someone loudly rapping,
Rapping at my chamber door."
C. FREDERICK ALIHOFF, Dayton Ohio
Class Secretary '22.
"He was fair and he was wise,
Oh worfully wise was he."

MARCUS BAKKE, Dickinson, North Dakota
"He's the dickens of a guy From Dickinson."

JOSEPH E. BENDER, Dayton, Ohio
"He says he can Bender (bend her)
around his finger."

RICHARD A. BETTINGER, Dayton, Ohio
Class President '22
"Laugh and grow thin."

JACK R. BROWN, Dayton, Ohio
Class Treasurer '22.
Football '20, '21, Basketball '22.
"Oh Jack! Gotta date tonight?"

EDWARD J. CAREY, Dayton, Ohio
"Yes Sir, Ed gave us a speech—once."

ROBERT T. CHESTER, Detroit, Michigan
Basketball '21
"And they call it MUSIC"

MAURICE COOPER, Dayton, Ohio
"Tanlac has wonderful medicinal powers."
NICHOLAS J. GAUSEPOHL, Covington, Kentucky
"A jovial boozl companion."

JAMES H. HANNEGAN, Middletown, Ohio
"Nothing seems to disturb the even tenor of his way."

EDWARD T. HADDER, Dayton, Ohio
Basketball '21
"For men may come and men may go, But I go on forever."

LOUIS A. HOLTMAN, Dayton, Ohio
Football '21
"Time and tide wait for no man."

EDWARD J. KEEFE, Mansfield, Ohio
"At last we have found the model for the 'Arrow Collar' ads."

RICHARD P. KUNTZ, Dayton, Ohio
"Drop in a little oftener, Dick."

EDWARD W. KYNE, Dayton, Ohio
"Whenever he was late for class, His Ford was always out of gas."

GEORGE W. KRUG, Dayton, Ohio
Class Secretary '22
"All admire, but men of sense approve."
DAVID V. COUGHLIN, Cleveland, Ohio  
"George Arliss is with us."

ALFRED J. DEGER, Dayton, Ohio  
"Ladies, Oh Ladies, Leave me alone."

JOHN A. DONAHUE, Dayton, Ohio  
"He looked up in sleepy wonder."

E. ROLAND DOUTHITT, Cleveland, Ohio  
"Marie, Charlotte, Doris and Lu, Gee, I wish I knew only a few."

CONAN J. DOYLE, Dayton, Ohio  
Football '21, Basketball '20 and '21.  
"Better late than never."

THOMAS GABLE FLEMING, Dayton, Ohio  
"Unkissed by the dews of early morn."

CHARLES J. HIMES, Dayton, Ohio  
"Rube Goldberg's only rival."

HERMAN E. HOHM, Dayton, Ohio  
"Shun the idle man, Who never considers what he does."
CLARENCE A. LALONDE, Bay City, Michigan
"How can one resist his French mannerisms?"

EDWARD J. LIENISCH, Dayton, Ohio
Football '21.
"A man of affairs."

FRANCIS J. LYNCH, Saulte Saint Marie, Michigan
"Our first and foremost prospect."

JOSEPH V. MADIGAN, Cleveland, Ohio
"For he is certain to be seen
Wherever fun and mischief beam."

EDWARD C. MAHONEY, Chattanooga, Tennessee
Basketball '22.
"What we favor most of all,
Is his pleasant Southern drawl."

JAMES P. MANGAN, Jamestown, Ohio
"A youth light-hearted and content,
He wanders through the world."

RAYMOND J. MOONEY, Cleveland, Ohio
"For you're a better man than I am, Paul Revere."

PHILIP S. McBRIDE, Ironton, Ohio
"The University Fashion Plate."
LEO A. HOYING, Dayton, Ohio
"Pat, you'll be a philosopher some day."

JOSEPH H. JANNING, Dayton, Ohio
"Come on little feller, Get a move on."

CHARLES E. KOHL, Dayton, Ohio
He isn't much on books, But when it comes to looks—"

JOSEPH L. LAIR, Dayton, Ohio
"Sleep calmly in thy dungeon tomb—(IV B)"

THEODORE C. LUTHERMAN, Dayton, Ohio
"Such a garrulous fellow."

JOHN B. MANGIN, Dayton, Ohio
"Fifteen and Costs."

JOHN W. MccARRENS, Cleveland, Ohio
"The Sheik in disguise."

THEODORE J. McCARTHY, Toledo, Ohio
"Why can't you work it this way?"

Page twenty-three
HUGH M. MCDONALD, Springfield, Ohio
"A man's a man for a' that."

THOMAS E. NEWMAN, Cincinnati, Ohio
"In the spring a young man's fancy."

LOUIS R. MAHRT, Dayton, Ohio
Football '20, '21, Basketball '21, Captain '22.
"His conquest leaves a long trail of broken hearts in its wake."

MARTIN J. MURPHY, Westboro, Ohio
Football '21, Basketball '22.
"Unfailingly he burns the midnight oil."

JOHN PAUL ORT, Columbus, Ohio
Football '21.
"His countenance is a mask; His eyes are riddles."

BALDOMERO A. PUIG, Laredo, Texas
"Aspirant to the big leagues."

JOHN H. SCHULTE, Cleveland, Ohio
Manager Basketball '22.
"For he is a jolly good fellow."

JOHN F. SCHNEIDER, Dayton, Ohio
"Still waters run deep."
J. CHARCH McGEE, Dayton, Ohio
"I'm not handsome, I'm not sweet,
But I gotta brand of——etc."

EDWARD L. MINNERUP, Dayton, Ohio
"Now I like this stanza best."

CHARLES J. MUELLER, Dayton, Ohio
"Our brightest and only star."

W. RAYMOND NARTKER, Dayton, Ohio
"An orator of the nation."

COOPER F. O'GRADY, Chattanooga, Tenn.
Football '19, '20, '21.
"Now you tell one."

LOUIS F. PLIG, Laredo, Texas
"Justly proud of his home state."

MAURICE R. REICHARD, Dayton, Ohio
Vice-president '22.
"What he doesn't play 'ain't' played."

LESTER E. REISING, Dayton, Ohio
"For shame, thou art too lovely
and a precious gem."

Page twenty-five
AMBROSE A. STENSON, Congo, Ohio.
"Charter Member of the Anti-Guile League."

CYRIL A. STELZER, Dayton, Ohio
"Expert marksmen are very rare."

AUBREY J. STROSNIDER, Sidney, Ohio
Football '20, '21, (Captain '21.)
"Equally proficient on the gridiron, or at billiards."

EDWIN C. VAN LEUEN, Milan, Indiana
Class President '22.
"Never refuses when a favor's to be done
Earns him the friendship of every one."

JOHN E. VOLLMER, St. Marys, Pennsylvania
"Wayward writer of vivid verse."

JOSEPH R. WAGNER, Tiffin, Ohio
"His simplicity of manner is the key to his popularity."

ROLAND A. WAGNER, Dayton, Ohio
Football '21.
"Staunch upholder of the prerogatives of the Union."
J. RAYMOND SCHROLL, Dayton, Ohio
"I'm a lady's man——etc."

LAWRENCE J. SNYDER, Muncie, Indiana
"Who said Muncie?"

PAUL F. THEISING, Cincinnati, Ohio
Basketball '20, Football '21.
"Silent as to himself,
but popular nevertheless."

ALBERT L. TISCHER, Dayton, Ohio
"You all know 'TARZAN' That's me."

ROBERT J. TRUXEL, Dayton, Ohio
"Brother Tom, and fellow-soaks."

ALFRED J. WENZEL, Dayton, Ohio
"All of the Syncopators."

ANDREW J. WITT, Dayton, Ohio
"Last but far from least."

Page twenty-seven
CARL R. BENNETT, New Lexington, Ohio
"A man of few words but much thought."

ROBERT O. BORNMAN, "Hefty," Dayton, Ohio
"A quiet studious chap."

HARRY P. BRADY, "Doug," Lakewood, Ohio
"Great in wisdom."

VINCENT S. BROWN, "Gravy," Chattanooga, Tennessee
Class Secretary and Treasurer '22.
"Everybody's favorite."

WILLIAM H. CAHILL, "Wild Bill," Chattanooga, Tennessee
"The man of the hour."

FULGENCIO DIAZ, Mexico City, Mexico
"All prodigies die young and I feel sick."

MANUEL FREIRIA, San Juan, Porto Rico
"Squirrel Food."
"Speech is silver; silence is golden."

JOSEPH C. GENTILE, Dayton, Ohio
"Lion Paws."
"Please change roll call to later date."
THOMAS J. GILFOIL, Dayton, Ohio
"Where there is a will there is a way."

JOHN J. KAIN, "Doc," Dayton, Ohio
"Knowledge is power."

OHMER C. KRAFT, Dayton, Ohio
"He possesses many talents."

JOSEPH C. KUNTZ, Dayton, Ohio
"Kuntzie Boy."
"A wise leader."

JOSEPH A. LEHMAN, Dayton, Ohio
"Better to be happy than wise."

CLARENCE W. LEHMAN, Dayton, Ohio
"He takes life as it comes."

JOSEPH J. McCARTHY, "Mick," Dayton, Ohio
"No one knew him by his words."

WILLIAM McCARTHY, Dayton, Ohio
Football '21.
"Football, baseball, schoolroom too.
Is there anything now that Red can't do?"

Page twenty-nine
BERNARD H. MEASLEY, Fremont, Ohio
“A sweet winning way.”

CHARLES B. PARERA, “Dutch,” Mexico City, Mexico
“An excellent student and a determined worker.”

“We like him better as he is.”

WILFRED C. SHERMAN, Dayton, Ohio
Class Vice-President ’22.
“A hard worker and a willing helper.”

PETER J. WAGNER, Detroit, Michigan
“Pet him ladies, he won’t bite.”

JOSEPH WALSH, Eaton, Ohio
“Tired but never lazy.”

RALPH L. WEIDNER, “Mutt,” Dayton, Ohio
“The owner of a smile that is very contagious.”

WILLIAM J. WESTBROCK, “Westy,” Dayton, Ohio
“Industrious habits in his bosom reign.”

JOSEPH H. YEARLING, “Butch,” Columbus, Ohio
Class President ’22.
“Emblem of Constancy.”

The University embraces the following Colleges:

The College of Liberal Arts and Letters
The College of General Science
The College of Education
The College of Engineering
The College of Finance, Commerce, and Accounting
The Pre-Medical Course
The School of Sociology
University Extension Courses
Mt. St. John Normal School
College Preparatory
The Reserved Officers' Training Corps
The advantages and practical value of an education in the liberal arts cannot be overestimated. There are those who maintain that, practically, an education in Arts and Letters realizes no profit. But such an education is quite practical, quite useful. Let us point out its advantages.

The first study to claim our attention is that of classical tongues. Apart from their intrinsic beauty and wealth of thought, they are especially calculated to foster development of the mind, and in this regard they seem to be more efficient than mathematics, for to fathom the delicate shades of meaning and neologies of thought in the classical authors certainly calls for more profound reflection and weighing of idea against idea than would be needed in the solution of a cold geometric figure.

Modern language also claims its share by giving us an appreciation of current foreign thought. History gives a proper perspective to the course of human events and, by comparative study, proves that our age is not the worst in which we might have been born. Economics and Sociology, perhaps among the most interesting courses in the College, treat of modern social and economic problems and give the student the correct, the moral view of such matters.

The course in English brings forth all that is artistic and beautiful in the language as well as it gives a thorough training in composition and public speaking.

By far the best course in the College is that of Philosophy. Covering a period of two years, a very exhaustive treatment of philosophical questions is given. The Scholastic system is followed. In the course of the two years, Logic, Experimental Psychology, Rational Psychology, Cosmology, Criteriology, Ontology, Ethics and Theodicy are all treated in turn. These are supplemented by a study of the History of Philosophy.

Besides the purely literary subjects the student may elect any science. Courses in Advanced Chemistry, Advanced Physics, Geology and other sciences are open at all times to students of this College.

In general, the College of Arts, Letters and Science may be called the broadest, the most complete course at the University. With its knowledge acquired, the student is ready for any specializing work.
College of Chemical Engineering

EDWARD G. SANDER.

This college, since its organization in 1910, has made wonderful progress. It has expanded beyond the fondest expectations and today ranks among the leading schools of its kind in the country. The factors responsible for this growth have been the increasing need in the industries for men trained along chemical engineering lines; the success of her graduates; and the excellent facilities for study.

The course of instruction aims to meet the needs of such students who desire to obtain a fundamental knowledge of Chemistry and the allied branches so as to enable them to deal with problems of construction, operation and control of manufacturing processes that are essentially chemical in character.

With this end in view, the course of studies is as complete as possible and can be compared favorably with any other similar school. It includes instruction in Qualitative and Quantitative Analysis in its various phases, in Organic and Physical Chemistry, and in Chemical Technology. In the laboratory, the analysis of industrial products such as steel, oils, water, coal, fertilizers and gas, and the synthesis of typical organic compounds are taken up. As the student advances, problems of industrial importance are studied in detail. Collateral courses of study are taken under the supervision of the other engineering departments.

The equipment of the laboratory is excellent. Each student has an individual locker and is supplied with all the necessary apparatus for his work. A complete stock of glass, porcelain, platinum and metal-ware is kept in the department stockroom. Special apparatus of all kind is on hand. The rooms are well lighted and numerous fume hoods insure proper ventilation. In connection with the course in Industrial Chemistry, inspection trips are made to various engineering plants, of which Dayton has many, to acquaint the student with actual working conditions. Adjacent to the laboratory is the Department Library, which contains standard periodicals and publications in English, French and German.

The Department of Chemistry is in the charge of Bro. William J. Wohlleben, B.Sc., M.Sc., Ph.D., with Bro. Matthias Haas, B.Sc., and Bro. J. Gilbride, B.Sc., as assistants.
College of Civil Engineering

FRANK H. KRONAUGE, JR.

The School of Civil Engineering leads to the degree of Bachelor of Civil Engineering. The first years are spent in mastering the elements that form the foundation to all Engineering courses; later are added Stereotomym, Mineralogy, Geology, Mathematics of Railroad Curves and Earthwork Computations, Stresses in Structures, Applied Mechanics, Hydrographic Surveying and Practical Astronomy.

In the Senior year the laws and principles, previously mastered are put to practical use in the designing of Bridges and Higher Structures, Railway Location and Maintenance, Highway Engineering, Masonry and Reinforced Concrete Structures, etc. Due consideration is given to cultural studies such as English, Industrial Engineering, Economics, Factory Management, Psychology, Logic and Ethics.

The department is well equipped with designing and drafting rooms and testing laboratories.

The course in testing materials gives the students an experimental knowledge of the character of normal and defective materials, and of the methods and instruments used in determining the mechanical properties of structural materials. Tests are made in tension, compression, torsion and flexure, upon iron, steel, timber, stone, cement and concrete, wire, rope, textiles, paving brick, etc.

Following the second semester of the sophomore year an engineering camp is held. The activities of camp include: The establishment of a triangulation system; base line measurement; determination of angles by precise methods; astronomical observations; precise leveling; accurate topographical and hydrographic surveys by transit and stadia and by plane table; survey of a railroad location including reconnaissance, preliminary survey and final location; the making of all necessary maps and profiles.

Frequent visits are made to accessible engineering establishments; for such purposes Dayton offers exceptional facilities.

This department is ably directed by Bro. Bernard Schad, B.Sc., M.Sc., a graduate of the University of Fribourg, Switzerland.
College of Electrical Engineering
E. J. FINAN.

The College of Electrical Engineering at the University of Dayton can be favorably compared with any similar institution in this section of the country. Its aim is to give a thorough knowledge of the principles underlying Electrical Engineering and their application in practice. The instruction consists of lectures, recitations, laboratory practice, and inspection tours.

The first two years of the course consist of the higher mathematics, Physics and Drawing, supplemented by a general course in Inorganic Chemistry, English and Religion. The Junior and Senior years have a distinctly professional character, particular attention being given to the development of initiative and industry. The theory and practice of Radio Communication is also studied during the Junior year. The University has a complete sending and receiving equipment for Radio Telegraphy and Telephony.

All theoretical work is closely linked with corresponding laboratory exercises. The electrical laboratories are supplied with an abundance and variety of equipment. The standardization laboratory has a complete set of certified standards of electromotive force, resistance, inductance and capacity, together with a large assortment of instruments and meters of precision. The Electrical Testing Laboratories contain a large and varied collection of apparatus and machines for both alternating and direct current work.

Dr Ulrich J. Rappel, S.M., B.A., M.Sc., Ph.D., is head of the Electrical Engineering Department. He is especially well fitted for the position, having made extensive scientific researches at the University of Fribourg, where he received his degrees.
College of Mechanical Engineering

J. H. GRIESEMANN.

The department of Mechanical Engineering opened its doors to students majoring in this subject in September, 1916. The Department in one of its sections supplies courses in theoretical and applied mechanics, strength of materials and thermodynamics to students in chemical and electrical engineering.

The Power Plant of the University has been so equipped as to permit testing experiments to be made. The Power Plant consists of three horizontal return tubular boilers of 100 H. P. each. A Skinner Engine, 70 H. P. and a Harrisburg Engine 24 H. P., directly connected to generators have been supplied with accessory apparatus for testing purposes.

The Gas Engine Laboratory is supplied with two-cycle and four-cycle gas, gasoline and oil engines of various types and designs. In connection with these a complete Sprague Electric Dynamometer has been installed together with all equipment and instruments necessary for a thorough and complete study of engines and tests.

The Mechanical Testing Laboratory is equipped with two Olsen Universal Testing Machines of 20,000 and 40,000 pounds capacity furnished with extensometers, compressometers, deflectometers. All the required materials are also to be found.

The Pattern and Machine Shop is provided with a Band Saw, Universal Wood Machine, Lathes, Milling Machine and Drill Presses.

The Metallurgical Department is equipped with a complete set of instruments such as, Indicating Pyrometers, Resistance Thermometers, Critical Point Apparatus, etc. It also has a number of electric and gas furnaces which are necessary for the heat treatment and study of metals and alloys.

The Mechanical Engineering Department is under the very capable supervision and direction of Bro. Adam Hofmann, S.M., B.Sc., M.Sc., Dean of Engineering at the University.
College of Commerce and Finance  
ROBERT C. WINTERMEYER.

In consequence of the rapid increase in industry and trade, business has attained proportions of such magnitude and importance, that its field has begun to be looked upon as the proper domain of a professional man and a trained specialist. It is now admitted that a man can very advantageously learn in theoretical and practical, academic courses what it would otherwise require years of experience, to acquire. The progress of business is such that the industries cannot wait for slow experience to furnish men for their needs. The result has been that the prejudice against the college-bred man has appreciably lessened, and that industrial magnates, no longer having time to train men to their own liking, have come to look with more favor upon the man who has devoted years to the study of his profession before assuming its obligations. This reversion of sentiment has given rise to the College of Commerce and Finance, in many universities.

In pursuance of its policy of answering the needs of its students, the University of Dayton offers a college course of four years in Commerce and Finance. It is not claimed that this course will be a substitute for regular training in the technique of any particular line of business, but the student who obtains the bachelorship in this department, will be well equipped to acquire the technique and routine of any business in an incredibly short time.

The course implies the fulfillment of the schedule prescribed, lectures by eminent business men of Dayton and of the neighboring communities and visits to the industrial plants, business houses, office buildings and banks.
The Pre-Medics Department

HERBERT J. SMITH.

The Pre-Medical Course at the University of Dayton was introduced in 1915 to fill the needs of the graduates of high schools who desire to prepare themselves for entrance into the best medical schools of the country.

This is a two year course in the curriculum of the college of Arts, Philosophy and Science. Qualitative Chemistry, Qualitative Analysis, Quantitative Analysis and Biology are the scientific studies insisted upon to fit the student who contemplates taking up the medical profession. Sociology, Political Economy and English are required, with a choice of one of the modern languages, French, German or Spanish. Greek, History and Psychology are optional. The laboratory practice in Chemistry, Physics and Biology is rigorously insisted upon, so that the student may be fully fitted to continue his studies in the best colleges of medicine in the country.

All branches of study, especially that of Biology, are open to the general student who wishes to acquire a liberal education. The study of Biology is especially recommended to those who wish to specialize in experimental psychology.
The Preparatory Department

RICHARD BETTINGER

The College Preparatory Department follows the standard high school curriculum. Besides the academic course the prep student has the option of following the commercial course but this selection may be made only after the student has completed the freshman and sophomore years.

The ancient classics, modern languages, mathematics, history and science constitute the academic curriculum whilst the usual commercial branches are the subjects taught in that department.

The aim of the preparatory department at the University of Dayton is to fit the student for entrance into any department of the college. This it does admirably. All subjects are given equal attention but we note the special facilities for the study of the sciences because of the splendid laboratory space and equipment.

The high school period is very important in the education of a student. At this time certain principles must be instilled and habits cultivated that will mean much in the later life of the youthful aspirant after knowledge. That which it is essentially necessary to develop in the high school lad is the spirit of study. Without attaining this particular inclination to intellectual work much of the time in the high school years is lost. Another important task of the high school course is to teach the young mind how to think and thus gradually prepare it for the serious mental work so necessary in college and university life.

Page fifty-seven
School of Sociology

A number of professional and business men of Dayton, wishing to keep abreast of the times in their avocations, and, with insight characteristic of broad-minded leaders, perceiving that there were branches of learning which, though seemingly only distantly cognate with the knowledge required by their work, still made the possessor really more efficient in his business, requested that a regular course in Sociology be offered by the University, and that the schedule be arranged so as to accommodate persons who during the day were occupied with business pursuits. It was in answer to this call that the University instituted the School of Sociology, which each year has found increasing favor with the Dayton public.

The School of Sociology is intended to produce thinkers who recognize that material progress is possibly only an index of, and probably an assistance for further intellectual and moral advancement; that accumulation of wealth is a false standard of social approval to be replaced by real achievement, real service, beneficial for the race; doers whose ambition will be the realization of the higher values of life in themselves and participation in this realization by others, because every step forward and upward by the race brings them themselves nearer their goal; doers who will gladly make themselves sturdy pioneers in elevating service, philanthropic achievement, enlightened thought, religion-guided morality, social control.

Dayton men and women of the professions and of affairs will continue to avail themselves of the advantages of the evening School of Sociology at the University. They will recognize that a man's education does not cease with his entrance upon a professional or business career and that this fact but increases the influence for the betterment of the race, which sociology teaches him judiciously and effectively to exercise. Though seemingly an added burden to the day's work, the lectures on sociology and on sociological subjects are in reality a restful change from the monotonous run of thought in business routine.

University Extension Courses

The success of the evening School of Sociology induced the University Administration to offer evening courses in Philosophy, Political Economy, Apologetics, English, the Romance Languages, and, in general, in any course on the regular day schedule, provided the number of applicants is large enough to warrant the holding of the course. These courses are termed the "University Extension Courses" and are offered to all who wish to follow, with the proviso, that collegiate credit will be given to those only who meet college entrance requirements.

College of Education

The College of Education has been empowered by the State of Ohio to confer all teachers' certificates given by the State, and offers all courses necessary for the same. Mt. St. John Normal School, Dayton, Ohio, an integral part of the University as chartered by the State, is the Normal School for the education and training of the members of the Society of Mary. Its faculty is available for the courses in demand by college students who are not aiming at membership in the Order.

Page fifty-eight
Music Department

*U. of D. Orchestra.* The Music Department under the direction of Bro. L. Vogt, ably seconded by Bro. T. Poitras, Mr. F. Moehring and Mr. U. Deger, is intended primarily to accommodate students who wish to pursue the study of music.

The students are encouraged to acquire the proficiency requisite for membership in the Student Orchestra, U. of D. Orchestra and U. of D. Band. These musical organizations give recitals and concerts in the course of the year and furnish the music at all dramatic and athletic events, elocution contests, oratorical contests, also give concerts at local hospitals, parish socials and civic affairs. They have been well received for years and have earned the continued favor of large audiences by their exceptional rendition of classical as well as popular programs.

The department of music showed exceptional activity with its student orchestra, student-faculty orchestra, R. O. T. C. Band, mandolin club and saxophone club.

*Voice Culture.* Voice culture, under the immediate direction of Bro. T. Poitras, aided by other members of the faculty, is fostered in all departments; the results obtained are remarkable and have received much praise from visiting clergy and laity.

Students of the Collegiate Department are eligible to the U. of D. Glee Club, a popular organization among the young men of the university.
MILITARY INSTRUCTORS

THE REGIMENT

Page sixty
The primary object of the Reserve Officers’ Training Corps is to provide systematic military training at civil educational institutions for the purpose of qualifying selected students of such institutions for appointment as reserve officers in the military forces of the United States.

The Reserve Officers’ Training Corps will add to the educational resources of schools and colleges and will give to the student a training which will be as valuable to him in his industry or professional career as it would be, should the nation call upon him to act as a leader in its defensive forces in the event of an emergency.

**Division.** The military unit at the University of Dayton is composed of two divisions. The Junior division comprises three classes, first, second and third year which correspond to the second, third and fourth years of high school respectively. The Senior division is composed of members following courses in the collegiate department of the institution. This division is divided into four classes, namely, the first and second years basic and the first and second years advanced.

**Junior Unit.** As a military unit is largely dependent for its efficiency upon the physical fitness of the individuals, physical training forms an essential part of the military instruction.

Aside from the physical benefits derived from these movements, stress is placed upon the disciplinary manner in which they are conducted. The latter is of the most importance because it inculcates that subconscious obedience of the body to the mind, it develops that power which gives the will control over the physical forces; it implants in the growing youth respect for authority.

Students who successfully complete the three year junior course are eligible for admission into the senior unit.

**Senior Corps.** The first and second year basic courses are designed for those students who intend to follow a course in the collegiate department and who have not had previous military training sufficient to place them in the advanced course. Students in the first year basic are taught the fundamentals as in the junior division, but more advanced in nature.

**Advanced Courses.** In the advanced courses the students follow subjects which are of the utmost importance in the proper development of future leaders. Members of this division act as leaders in the junior unit under the supervision of the officers appointed by the United States government. At present the R. O. T. C. is directed by Major James R. Hill ably assisted by Major Harry F. Hazlett, Capt. Theodore Bundy, Capt. Floyd Marshall, Capt. Samuel Payne, Sergt. Walter Ervin, Warrant Officer J. A. Kramer, Sergt. Philip Kearney.
Summer Camps. Two summer camps are normally held each year, a basic camp and an advanced camp. The basic camp may be attended or not, as the student may elect, and if elected, may be attended at the end of the first or second year basic. One advanced camp is compulsory for students who enter the advanced course. The period of instruction at camp will be properly divided between training in the fundamental military subjects and training in the special technical subjects in the branch concerned.

It may be of interest to state that the training received at these summer camps is of the highest order as is evident from the fact that many of the students place application for attending camp every year. The best and select officers of the army are detailed as instructors in military science, while amusements of every nature are provided.

Advantages. The government will obtain a corps of well trained officers at a minimum expense, it will eliminate that exorbitant expenditure of resources that always accompanies hasty preparation. A corps of select and well trained officers will mean more contentment and morale in the ranks, and on a larger scale our armies will be able to win success in battles in a shorter period of time and with a smaller loss of life.

From the viewpoint of our university the advantages to be gained and those already achieved are readily evident. Students attending summer camps come into contact with students from various universities throughout the country. It gives them the opportunity to enter into competition and display their worth. In athletics, drill and rifle marksmanship, the University of Dayton can be broadcasted in name better than in any other way. This was efficiently shown by the record made by the twelve students who represented the University of Dayton, at Camp Knox last summer. Although still in the infancy of military work, our University won first prize, a gold band to be placed on the staff on the National
Colors, for having the highest average. Competitors were Ohio Military, Culver, Ohio State and others located in the Fifth Corps Area, comprising Ohio, Kentucky and Indiana.

Rifle Team. The U. of D. Rifle Team is making an enviable record this year. It won high honors by taking second place in the Fifth Corps Area of the International Rifle Championship Match. This gives our team the opportunity to compete in the National Rifle Championship Match to be held between the four winning Senior R. O. T. C. teams of each of the nine corps areas of the United States. Much credit for this success is due to Major Harry F. Hazlett, Sergt. Walter Ervin and Sergt. Philip Kearney.

Encampment. A week of encampment for the entire military unit will be held at Hills and Dales during the latter part of May. Military Field Mass will be celebrated on Ascension Day. During the encampment the students will live under actual field service conditions. They will sleep in pup tents, eat from mess kits, scout over hills, and spend their evenings around glowing camp fires. Forenoons will be devoted to drills and field exercises, while the afternoons will be turned over to ceremonies and athletics. At 7:00 P. M. daily a regimental parade will be given.
ACTIVITIES
Societies

A. HORVATH — R. BETTINGER

SODALITIES

In the University of Dayton, devotion to Mary Immaculate holds the place of honor. The feasts of the Blessed Virgin are signalized by some special devotions; many of the students sanctify the day by reception of the Sacraments. Another outward expression of this true devotion to Our Blessed Mother is the great number of branches of sodalities. These sodalities hold bimonthly meetings and different branches vie with one another to render true homage to the Queen of Heaven. At these meetings the Office of the Immaculate Conception is recited and then follow talks by the sodalists that incite the members to still greater love and regard for Mary and to the imitation of her virtues. Such meetings strengthen and encourage the members in the practice of virtue and much good results. The officers are largely responsible for this healthy condition and to them much credit is due.

Joseph Desch
Michael Moran

Apostleship of Prayer in league with the Sacred Heart. The object of the Apostleship and League is to promote interest in the great movements of the times for the true welfare of mankind, by uniting prayers and good works with the intention of the Sacred Heart of Jesus. Devotions to the Sacred Heart are held on all the First Fridays.

Holy Name Society. The Holy Name Society was organized among the students at the annual retreat of 1904. Its object is to prevent the use of profane and immodest language, and thus to promote the interest of the Holy Name of God. Branch meetings are held once a month.
Catholic Students' Mission Crusade. By a happy, heaven-sent inspiration of a student who is now engaged in the Mission fields of China, the students of our Catholic high schools, academies, colleges, universities and seminaries were roused to interest themselves in our Catholic home and foreign missions. Some of the former students of the University of Dayton, at the time following courses at Mt. St. Mary's Seminary, of Cincinnati, soon identified themselves with the new movement, and aided in forming an association called "The Catholic Students' Mission Crusade." Their loyalty to their Alma Mater brought them back to the university, where their enthusiasm proved contagious. Due to the earnest, whole-hearted direction and cooperation of the Vice-President, Rev. F. J. Kunnecke, and of Ray Kitsteiner the University of Dayton now has the happiness of possessing one of the largest units so far enlisted in the Crusade.

The University of Dayton unit is governed by a secretary, treasurer, and advisory boards, composed of members of all the classes and divisions of the student body. Their interest in their work attracted such attention that they won for their university the distinction of being chosen for the holding of "The 1921 National Convention of The Catholic Students' Mission Crusade."

Activities of 1921-1922. The scholastic year 1921-1922 witnessed the renewal of Crusade activities at the University. The organization plan of last year, with a few innovations suggested by D. Herbert Abel, was adopted.
All the classes of the Crusade Unit carried on the regular Missionary work with zeal and perseverance, but special mention is due to Sophomore Preparatory C for its ardent prosecution of all mission activities. Shreck and Haft, representative and councilman respectively, deserve unstinted praise for their leadership; Sophomore Preparatory B and Freshman Preparatory B and D have also responded admirably to Mission work.

Among the major events of the year was a talk by Father John Handley, C.S.P., emphasizing the necessity of Catholic lay-leadership. He pointed out to the Unit the great field of missionary achievement open to Dayton. A stereoptican lecture on the Dayton Convention of 1921 was given by D. Herbert Abel. It brought back happy memories to those who attended the Convention, while it was a source of inspiration to others. A farce basket-ball game staged between the “Never-Have-Been” and the “Never-Will-Be’s” for the benefit of the mission was a splendid success. Donisi, Emerick and Richardson, are to be highly commended for their work.

The officers for 1921-1922 are:

The Annual Retreat. The Annual Retreat for College Men was held at the University, October 23-27 and in the Preparatory Department, October 27-30. Rev. John Handley, C.S.P. preached the retreat. His conferences were marked by their practicability and their possibility of application to all. The spiritual benefits derived from his words are manifold. Father Handley was indeed the ideal man to preach this retreat.
Clubs

CARL J. CRANE — GEORGE A. KRUG

The Exponent Club. The purpose of the Exponent Club is to broaden the vision for true culture and art, to create and elevate a taste for the nobler things of life. The chief activity of the Club is the editing of the Exponent and the Exponent News.

The present officers of the Club are: Edward J. Finan, President; Ades Cholly, Secretary and Treasurer; Rev. J. Gunzelman, S. M., Moderator.

The Seminar Club. The object of this club is to afford the members of the Junior and Senior Engineering classes extra opportunities to become proficient in the art of public speaking along technical lines. Ten minute talks on subjects of general interest to engineering students, are a prominent feature of each meeting. The officers that have successfully piloted the society this year are: Anthony A. Horvath, President; Edward A. Finan, Vice-President and Secretary; Bro. Wm. Beck, S. M., Moderator.

The Pre-Medics Club. This society has enjoyed a very successful and pleasant year. It was organized for the purpose of stimulating interest in all things pertaining to the medical profession. Talks by the members and lectures by local men of the profession characterize the meetings.

The success of the club is due to the President, Clarence Derby; Vice-President, Roland McGriff; Secretary, Gerald Grout; Treasurer, Richard Hochwalt.

Varsity Glee Club. Originated by Carl J. Crane in October, the club at once grew popular, for it offered an agreeable outlet for much latent talent. Previous to Christmas several occasions showed its worth and popularity.

In February a dramatic section was added and the co-operation of the musical section, under the direction of Wm. Frischkorn and the dramatic section under the direction of Vincent Maloney wrote "Varsity Night" indelibly on the memories of Faculty and Students.

The officers who are responsible for the success of this club are: Carl J. Crane, President; Vincent D. Maloney, Secretary; James R. Haley, Vice-President and Manager; Cletus Miller, Treasurer.

Knights of Columbus Club. Proudly boasting of some thirty-five members the K. C. Society is one of the peppy organizations at the University. The Society is filled to the brim with the characteristic spirit of the Knights of Columbus.

The officers are: Raymond Schmitter, President; Joseph Wagner, Vice-President; James R. Haley, Secretary.

Clubs in the Preparatory Department. The purpose of these clubs is to develop public speaking and also to promote a genuine class spirit. Regular meetings are held and the discussion of topics of general interest, debates, original compositions in prose and verse, etc., form the gist of the various programs. The officers are of the live wire, progressive type and these qualities make the meetings of the worth-while variety.

THE UNIVERSITY OF DAYTON OF TOMORROW

The Proposed Goal of the Greater University of Dayton Committee.
The University of Dayton was founded in 1850. The education it offers is second to none when compared to what other institutions have to offer. It develops the heart, the will and the intellect and it does this for a fee which enables the young man of moderate means to secure a truly Christian education. The institution grew slowly and as long as the annual increase was not large the University was able to provide additional space; but during the past five years demands for admission were so numerous that hundreds of students had to be refused.

This deplorable fact became known to some of the Dayton Alumni who offered to aid the University. Numerous meetings of Alumni representatives and officers of the University were held. These resulted in the evolution of plans for a Greater University of Dayton by carrying out the following building program:

- Alumni Hall (Dormitory) Bldg. $300,000
- Science Hall and Engineering Bldg. 380,000
- Auditorium 275,000
- Gymnasium 250,000
- Faculty Building 175,000
- Dormitory Building No. 2 300,000
- Library and Museum 250,000
- Chapel Extension and Campanile 50,000

Total $1,980,000
On October second, Alumni of Dayton and of eighteen other cities gathered at the University of Dayton. A general campaign committee was formed with Timothy S. Hogan of Columbus, Chairman; Michael J. Gibbons, Jr., Vice-Chairman; Harry F. Cappel, Secretary and H. H. Darst, Treasurer.

An Extension Fund Executive Committee was appointed, consisting of:

- Thos. Coughlin
- H. H. Darst (Treas.)
- Harry Finke
- Michael J. Gibbons, Jr.
- Rev. J. Gunzelman
- Hon. Timothy S. Hogan
- Wm. A. Keyes
- Albert Krantz
- Martin Kuntz
- Bro. John Lowekamp
- Jos. B. Murphy
- Very Rev. Bernard P. O'Reilly
- Rev. Jos. A. Tetzlaff
- Max. E. Von Mach, Jr.
- Rev. Marcellus Wagner
- Hugh E. Wall

Dayton, Ohio
Dayton, Ohio

The Alumni present at this meeting adopted the following resolution:

Whereas, The University of Dayton, dedicated “Pro Deo at Patria”—For God and Country—to the advancement of the arts, cultivation of the sciences and the promotion of Patriotism, is facing imperative immediate need of additional buildings, equipment and increased student facilities, and

Whereas, The cause of the University is most earnestly commended to the friends of higher education;

Be it Resolved: That we, the Alumni, former students of the University engage to raise a fund to finance the necessary expansion and physical development of the University; and toward this end to secure immediately the amount required for the first additional dormitory building.

This momentous meeting closed with the announcement that $41,000 had been pledged by thirty-nine of the Alumni present.

A meeting of the student body was held on December 14th for the purpose of explaining the Extension Fund. The speakers were: Very Rev. Bernard P. O'Reilly, Mr. Michael Gibbons, Jr., Mr. William Carroll, and Mr. Dreshmann. $62,400.00 pledged by the students at the close of the meeting indicates the enthusiasm and loyalty with which the movement was indorsed.

At a dinner of Alumni and friends on January 6th, a canvass of the city of Dayton was planned. John F. Ohmer was chosen chairman; M. J. Gibbons, Jr., Vice-Chairman, and William Carroll, head of preliminary gifts committee. The following were appointed captains: Harry Finke, Albert A. Kramer, Edward J. Hanbuch, Hugh E. Wall, Victor C. Smith, Jos. Moosbrugger, John Westendorf, Joseph Schaefer and Harry C. Anderton.

The Dayton drive closed, the Alumni in several other cities organized for active campaigns. At the present writing a total of $476,726 has been subscribed.

Wherever the movement has been launched, it has met with a hearty reception by faithful Alumni and friends who are determined to make the proposed goal a reality.

ATHLETICS
The Athletic Board

D. HERBERT ABEL.

A new era has begun in Athletics at the University of Dayton. The added feature is the presence of Alumni members on the Athletic Board. A re-organization meeting was held on Sunday, February 5, at which the faculty and alumni members were present.

The alumni members of the board are: Joseph B. Murphy, president of the Dayton Alumni Association; William M. Carroll, president of the Carroll Engineering Company; Martin Kuntz, of the Peter Kuntz Lumber Company; Harry F. Finke, president of the Finke Engineering Company and former local athlete; Francis J. Powers, sport writer of the Cleveland Plain Dealer; and William Sherry, University Basket-ball coach. The faculty members of the board are: Father Kunnecke, Brother Druflner, Brother Schad.

The question of alumni support of athletics was discussed and it is definitely expected that the Alumni will take steps toward financing athletics and putting them on a paying basis.

Notable among the activities of the board was the signing of Van Hill, former athletic director at West Tech Cleveland, as all-sports coach. The assistants for the various sports will be announced later.

This board should bring about very efficient results in the future. All are looking for greater athletics for the U. of D.
Varsity Football Season

BOB PAYNE

Enthusiasm ran high when the announcement was made that “Charlie” Way of Penn State had been engaged as athletic coach. On Sept. 6, the Football Training Camp was opened; Capt. Knechtges and fifteen loyal members reported for practice. The new coach believed in hard work. His system embraced strenuous track work, tackling and speeding-up work and plenty of varied work-outs.

The time was too limited to put the squad into shape to meet Miami, the Ohio Conference champions, on October 1. In consequence the opener for U. of D. was a defeat.

Overconfidence and injuries to our two stars, Schuster and Capt. Knechtges caused us to drop the second game to Wilmington.

In meeting Bethany at Wheeling, we went out of our class and the great outpointing was the result.

Greatly weakened by injuries, Varsity met Muskingum at Cambridge; additional injuries resulted in finishing the game with a team of substitutes.

Playing Earlham at Richmond the team seemed at last to have hit its stride. Fumbling in the early part of the game gave our opponents two touch-downs and their frantic efforts succeeded in holding Varsity to a tie.

Four inches of mud and snow was the feature of the Baldwin-Wallace game. We were not outclassed, but just failed the necessary punch to make use of our opportunities.

Hanover was met at Dayton. We had the ball within scoring distance several times but failed to put it over. Hanover won by a field goal.

St. Ignatius (Cleveland) was the last team to meet U. of D. Tired of being the under-dogs and animated by a new spirit infused by Coach N. Talbott, who replaced Way during the last week, the team closed the season with a victory.

The football season was not successful due greatly to injuries that prevented the players from getting into practice and into the games. Coach Way had very few weeks with the same squad. With such a handicap, not much can be expected; then too, we had very few of the natural breaks that occur in every football game.

The player that stands out foremost in the opinion of all is Harold Moody, full-back. Moody was our chief ground-gainer. He is a high-school graduate of Lancaster, Ohio and played two seasons while serving in the Navy.

Others that were good are: Armin Mahrt, probably the fastest man that ever played on a U. of D. squad; “Dick” Schuster, tackle; John Mahrt, Capt. Knechtges and our star punter Dwyer.

On the line, the shining lights were Griesemer, Rabe and Taylor tackles; Maley and Virant, guards; Scharf, quarter; McGriff, center. Backfield men were Becker, Sullivan, Fogarty, Hannegan.

Prep Football Season

L. R. MAHRT

The Prep squad consisted of the following men:

Coach Schuster. Who can forget that husky who directed the efforts of his charges so ably and effectively? He is a “don’t say die” character, and through his persistence and determination he was able to instill the same spirit into his team.

Assistant Coach Gerber, is also worthy of our thanks and appreciation for the splendid work he did, when Coach Schuster suffered a broken leg.

Captain Aubrey was a true fighter, and truly a model for his men to follow. He played tackle, and the Prep followers know well the quality of game he played. He was in every play and in it, heart and soul. When “Abe” went after a man he nailed him, and when it came to ripping holes, he again delivered the goods.

“Old Reliable” Louis Mahrt, the brainy quarter handled the team in fine style and great credit is due to him.

“Koke” Doyle played left end for the Preps, and what got by that strapping Englishman is not worth talking about. He played a steady and consistent game throughout the season and greatly aided in his team’s success.

Paul Thesing was the Prep’s stocky left guard. He left nothing go by. He could be found at the bottom of every pile with his arms around the opponent’s legs.

Jack Brown was the Prep’s center. He played the position without a flaw, and his handling of the ball throughout the season was of the highest caliber.

“Red” Miller played right guard and like Thesing played with unerring certainty. He is large and bulky and behaves like a veteran.

“Irish” Murphy upheld all Irish traditions nobly and fought like an Irishman can. He and Aubrey made a splendid pair of tackles.

“Chick” Kohl is a speedy and clever end. He played right end.

“Chick” Aldrich was a dashing half-back and the most consistent ground gainer of the season.

Edward Hadder also played an excellent game. His kicking was especially useful.

“Tommy” Gilfoil was running mate of Aldrich; his interference throughout the season was excellent.

Williams was one of the fastest men on the Prep squad. Although only a Junior, his work ranked as first class.

“Tex” Puig is a fleet Texan who also played end for the Preps. Injuries kept him out of most of the games, but when needed “Tex” was there, injuries or no injuries.

Ort, Falkenbach and Lienesch were the subs. They were always ready to answer the call and when called upon, gave a good account of themselves.

Joe Doppes, “Chink” Martinek and Mike O’Grady responded to the call for aid when the team was greatly crippled. They did a great deal to bring the season to a successful close. They are excellent players and much credit must be given them for their aid.

Kavanah and Bickford were utility linemen.

WINTER SCENES
Varsity Basketball Season

C. HELLEBUSH

The basketball season of 1921-22 at the University of Dayton was a success, although the team was out-pointed by its opponents. The team won all but two games while on the home court, losing by close scores to Thiel College and the Alumni in fast thrilling games.

On their trips the Varsity did not win a game, but at no time were they completely out-classed. Their last game was at Bluffton where they lost by one point.

In reviewing the members of the squad, much praise can be given to each man. This year the guards, Capt. John Mahrt and Russ Becker, were men of the calibre that composed the old St. Mary’s Cadets. The two guards played consistently and at all times were a source of pep and inspiration to the entire team.

Ray Lange, a tall freshman, played a wonderful game at center and on many occasions saved the game for U. of D.

Joe. Amersbach, Francis Clifford and Cy Scharf played the forward positions. Each is an expert as a floor man, especially when playing five-man defense. Clifford is a dead shot under the basket, and Cy Scharf is good in either position.

The utility men were J. Supenski, F. Kronauge, Steve Emerick. Whenever they were called on they gave an excellent account of themselves.

Too much credit cannot be given Coach Sherry, who starting with only one regular of last year, built up a team which U. of D. was proud of and which should win every game on next year’s schedule, for not one player will be lost by graduation.

The Prep Basketball Season

P. F. THEISING.

Too much praise cannot be given to Coach Sherry and his Preps for the splendid showing they made during the basketball season of 1922. With but one letter man of the previous season, Louis Mahrt, who was later elected captain, Sherry began the difficult task of rounding into shape a quintet which would bring honor to the University. From among forty-five candidates, he chose the following team to represent the Preps on the court: center, Burdick and Mahoney; forwards, Chester, Doppes and Puig; guards, Doyle, Mahrt and Murphy. Manager J. Schulte prepared the Prep schedule by booking noted High School teams as opponents for the South Parkers.

On December 9th, the Preps opened with a victory over Yellow Springs. The final score was 30 to 15. The contest was fast and clean, the Dayton team keeping a decided margin of points throughout the game.

The second game was with the Prep Alumni. It was an exciting contest, but the final score was 19 to 15, in favor of the old boys. The home team, however, gave a wonderful account of itself.

The next victim of the Preps was Aquinas. In a hard tussle, the Gem City boys decisively defeated the Irish lads from Columbus by a score of 32 to 26.

A disappointment for the Preps occurred on January 25th when they lost to Eaton High, 24 to 20. Although they fought hard, the local players succumbed to the Eaton attack.

The severest setback of the season was received at Hamilton, when the Preps were defeated 24 to 13. This was their final defeat, however, and the Dayton team came thru later with four victories.

On February 15th, the St. Raphael quintet of Springfield was the attraction at the U. of D. gym. The Preps romped away with this game. At the toot of the final whistle the score was 33 to 11, our idols holding the long end—this was the easiest victory of the season. In a game at Springfield, the Dayton team won a close contest by the score of 23 to 22.

March 17th was the last home game of the season. This time Sidney High was the victim, the score being 20 to 10.

In the final game at Sidney, the Preps again triumphed. All is well that ends well, and the Prep adherents are well satisfied with their team and its victory over Sidney, 22 to 12.

Pool and Bowling Tournament

V. MALONEY — J. VOLLMER

College. The annual college pool tournament was started on February 20th. Instead of a “Handicap” tournament as was conducted last year a “Doubles” tournament was inaugurated.

Forty students entered the tournament of elimination. The original twenty teams were narrowed down to three in four series of games; in this series a single defeat was sufficient to eliminate a team.

In the finals S. Maloney and Bliley won the tournament; Drobkiewcz and Gast were second with only one defeat and Healy and C. Murray were third with two defeats chalked against them.

Senior Preparatory. The annual tournament started on March 1st. Twenty two men entered the elimination contest in which every game was hotly contested. In the finals, Gill defeated Strosnider, 50 to 24.

Eleven teams entered the doubles. In the finals of this series, Gill and Yearling took honors.

In the tournament with the college men, Roberts matched Maloney on the college tables, while Strosnider played Mealy on the Senior Preps tables. In the eight games played, Roberts of the Senior Preparatory Division was the only player not to lose a game.

Bowling. A bowling league comprising the Freshman, Sophomores and Juniors was started and very much interest was evinced from the very start.

The Junior team comprising Healy, Emerick, F. Miller, Knechtges and Wagner were easily the Champs, winning nine out of ten games. John Healy won the individual honors, having the highest average for the ten games.
Varsity Baseball Season  

BOB PAYNE

April 22, Notre Dame at Dayton  
April 29, St. Xavier at Dayton  
May 6, Antioch College at Dayton  
May 13, Wittenberg at Dayton  
May 18, Capital U. at Dayton  
May 20, Cincinnati U. at Dayton  
May 27, St. Xavier at Cincinnati  
May 30, Wittenberg at Springfield  

The first baseball practice was on Saturday, March 25th, when forty men greeted Coach Martin; of these men, a good number were on the squad last year.

The pitchers seemed to be the weakest spot in the line-up and considerable work was done to develop some new material. As the season progressed, however, it was found that the hurlers were doing good work.

Two men were needed to fill in on the infield positions and about ten men were after these positions. Haley and John Mahrt, Alexander and McCarthy seem to be the most likely for regular berths along with Emerick and Geppert from last year.

Behind the bat is Ray Schmitters who has been on the job for the last three years. Aspiring to the same position are Moody, Hagan, Muzar and Melia; one of these four will be carried on the squad.

The outfield presented a unique problem for the coach. He was confronted with about eight men who are all high-class fielders and good hitters. The probable selection will be: Becker, Sullivan, Flowers, Scharf and Healey. Flowers and Scharf will adorn the pitching staff along with Hank Griesemer and a newcomer, J. Bradley.
SOCIALS
Entertainments

T. J. McCARTHY

Lyceum Course. The Lyceum Lecture Course for 1921-22 was undoubtedly one of the outstanding features of the year. Four of the six numbers, were plays, staged by the Players' Club, a dramatic association directed by an alumnus, Jos. J. Abel, and consisting of former students of Notre Dame and the University of Dayton. The other two were given by the Coit-Albert Lyceum Course entertainers.

Before the Christmas holidays, students and patrons of the U. of D. were treated to three big attractions, “Down in Maine” and “The Heart of Dixie” by the Players' Club, and an evening of delightful music by the Allpress All-Star Company, from the Coit-Albert Circuit. After the holidays, the Players' Club entertained with a delightful offering, “The Prince Chap” and “Ready Money.” The last play was conspicuous because of its large Dramatis Personae.

Last, but not least, was the Trinacria Operatic Company. This number evidenced the fact that the public of today still has a warm spot for the immortal compositions of the great masters. The splendid work of Mr. Raoul Bonnano, a member of the Paris Opera Company, “brought down the house.”

The other members of the Company proved equally popular with the audience.

After summing up the merits of this year's Lyceum Course, it is evident that the Course was in many ways superior to that of other years. Of course, the main interest in the Course centered around the Players' Club. The reasons for this are obvious: first the actors are all from Dayton, and are known to the audience; secondly, the great variety of their offerings was most satisfactory. If there were more of such clubs throughout the country, the evil influence of some of our sensational movies would be lessened.

Dances. The first of the undergraduate dances was given November 4, at the Dayton Country Club. The hall was attractively decorated in Hallow'en colors set off by the beautiful University pennants and banners.

Committee members in charge of arrangements were Adolph Stuhlmueller, Anthony Horvath, Henry Faas, Anthony McCarthy, Herbert Abel, Joseph Wagner, and Edward Kremer. The Chaperones were Mr. and Mrs. Wm. Keyes, Mr. and Mrs. R. Barringer and Mr. and Mrs. Wm. Carroll.

Practically every college man was present and all pronounced the dance a huge success. Special praise is due to the program committee for the original and witty verses on the Red and Blue mementoes of the dance.

Another dance is scheduled after the Easter holidays.

Easter Drama. Father Kunnecke, the Reverend Vice-President, staged his annual Easter Drama on April 30-31. The play was “Clarence,” by Booth Tarkington. The Easter Drama is an affair, that is always looked forward to at the U., because Father Kunnecke's masterly direction is bound to produce something good.
Movies. The students and faculty of U. of D. owe Bro. Joseph Wiesman, a big debt of gratitude. He is the man who obtained the splendid "Movies" for us every Sunday evening. Due to his efforts, we have enjoyed some sixty movies during the year, and we wish to take this opportunity to give him our heartiest "THANKS." The consensus of opinion is that Bro. "Joe" has a fine sense of the humorous and dramatic, evidenced by his excellent taste in selecting the pictures.

Orators of 1922

A. Rabe
M. Smith
A. Cholley
J. Haley
L. Collins
C. Miller

Oratorical Contest. These six contestants competed in the annual oratorical contest for the Dr. D. G. Reilly prizes. Competition was so keen that the judges, Rev. J. M. Sailer, Mr. Hugh Wall and Dr. A. C. Wintermeyer found it difficult to award the prizes. A. Cholley won first prize, Leo Collins took second prize and M. Smith was awarded third prize. The U. of D. orchestra furnished an excellent program of music.

Calendar

EDWARD J. KEEFE.

Sept. 6.—The Varsity commences practice under direction of new coach, "Charlie" Way.

Sept. 7.—This opening day five hundred Preps
   To U. D. wend their quickened steps.
   Old friends and new meet as before
   At registration-office-door.
   A brand new year of work and fun
   At old U. D. once more's begun.

Sept. 8.—"Getting Acquainted Day"—All students report to new classes—schedule is made up, and lessons assigned.

Sept. 14.—With "Dick" Schuster as coach, the Preps open football practice with forty-two candidates.

Sept. 19.—R. O. T. C. starts training with 350 Prep students.

Sept. 25.—Temporary building completed and opened for college classes.

Sept. 30.—Seminar and Glee Clubs reorganize in College Division.

Oct. 2.—Alumni met to inaugurate Extension Fund Campaign.

Foundation Day for Society of Mary.—105th Anniversary.

Oct. 3.—K. C. night school reopened with 750 students.

Exponent Club held first meeting and new officers were elected.

Oct. 8.—Varsity played St. Xavier here and lost 13-0 in close game.

Preps lost to Middletown, 12-0.

Oct. 12.—First issue of Exponent News, the real college digest, appeared.

No classes—Columbus Day.

Oct. 15.—Wilmington trounced Varsity at U. D., 30-0.

Oct. 17.—Lecture given to University and Notre Dame students at U. D. auditorium by John Cowper Powys—"Dante, a Message from the Middle Ages."
Calendar Continued

Oct. 19.—Players’ Club gave first production—“Down in Maine” at U. D. Hall.
Oct. 22.—Varsity lost fourth game to Bethany, 78-0. Preps defeat H. S. Alumni, 45-7.
Oct. 23.—Retreat began for U. D. students—preached by Father Handley, C. S. P.
Oct. 25.—Catholic Students’ Mission Crusade reorganized at University.
Oct. 27.—Retreat closes—100 percent success.
College men and Senior Preps attend Notre Dame Alumnae Dance at Dayton Country Club, given for benefit of new N. D. buildings.
Oct. 28.—Senior High A and B elect their officers for coming year.
Oct. 29.—Muskingum beat Varsity, 30-6. Preps defeat Aquinas at Columbus, 25-0.
Nov. 1.—All classes free to celebrate feast of All Saints.
Nov. 4.—First undergraduate college of Collegiate department given at Country Club.
Nov. 5.—Varsity tied Earlham to 14-14 score.
Nov. 11.—Armistice Day—Free day.
Nov. 12.—Varsity lost to Baldwin Wallace at Berea, 7-0.
High School “set back” by Hamilton team, 28-7.
Nov. 15.—Students elect student athletic board members.
Nov. 19.—A real mud-fight in form of football game. Varsity lost to Hanover, 3-0.
Nov. 22-23.—Players’ Club presented second play of series, “The Heart of Dixie” a great success.
Nov. 23.—With resignation of Charlie Way as coach, Nelson Talbot took charge of Varsity.
Nov. 23-25.—Thanksgiving recess.
Nov. 24.—Preps travel to Sidney and win, 18-7.
Nov. 26.—Varsity annexes victory over St. Ignatius in last game, 13-6.
Nov. 28.—Sherry, the newly appointed basketball coach, issues call for candidates for Varsity and High School basketball teams.
Dec. 4.—Five new professors in military tactics arrive at University.
Dec. 6.—Reception of Sodalists.
Dec. 9.—Basketball season opens with double-header. Varsity defeats Wilmington, 23-18.
Preps beat Yellow Springs, 23-18.
Dec. 12.—College Division new club room opened.
Dec. 13.—Lyceum Course by “All Press Allstar” Company.
Dec. 14.—Extension fund rally for students held in Auditorium. Students pledge $80,000.00. After addresses by Alumni members and Vice-President.
Dec. 16.—Kenyon set back by Varsity five, 22-10.
Dec. 20.—Christmas holidays begin. Goodbye till next year.
Jan. 5.—Boarders return after holidays. New prefect in College Division appointed.
Jan. 8.—Movie, “The Blasphemer,” given at University auditorium.
Jan. 11.—Third play given by Players’ Club—“The Prince Chap.”
R. O. T. C. prepare for rifle match—teams are picked.
Jan. 12.—Dayton solicited by students and Alumni for Extension Fund.
Jan. 13.—Varsity made two day trip to Indiana—Defeated first night by Huntington, 14-8; second night defeated by Indiana State Normal, 25-15.
Jan. 18.—Preps defeat Aquinas of Columbus, 32-26.
Jan. 19.—Loretto Guild Dance at Miami Hotel—College and Senior Preps attended.
Varsity defeated Muskingum, 24-14.
Calendar Continued

Jan. 23-25.—Mid-year examinations for all students.
Jan. 25.—All survive the exams. Preps lost to Eaton, 24-20.
Jan. 27.—Second semester begins.
   Father Handley addresses students, arousing enthusiasm for Catholic Students' Mission Crusade.
Jan. 20.—Jesuit father gave illustrated lecture on Dante.—Mrs. Poin, representative of State Fire Marshal, addresses students on fire prevention.
Feb. 1.—Varsity defeated Huntington here, 16-15.
Feb. 3.—Preps journey to Hamilton and lose, 24-13.
Feb. 7-8.—Players' Club gave last and best play at University auditorium—"Ready Money."
Feb. 10.—Thiel College "sets back" Varsity, 12-10.
Feb. 12.—Senior Preps hold meeting for selecting graduation pins and rings.
Feb. 13.—Illustrated lecture given by D. Herbert Abel about Crusade Convention.
Feb. 15.—Preps defeated St. Raphael of Springfield, 33-11.
Feb. 17.—Varsity defeated St. Xavier here, 14-10.
Feb. 21.—Trinacria Company concludes series of Lyceum Course given at U. D.
Feb. 22.—Washington's Birthday—No classes.
Feb. 23.—Varsity defeated by Muskingum, 29-22.
Mar. 3.—U. D. wins 2d place in the Annual Fifth Corps Area of Intercollegiate champion rifle match.
Mar. 5.—Mr. R. Hays Hamilton delivered illustrated lecture to students on Missions of California.
Mar. 7.—Van Hill and Harry Beaujan signed contract as coaches in athletics at U. of D. for 1922.
Mar. 9.—Varsity starts on three day trip.
Mar. 14.—Senior college and Preps discuss invitations and photographs.
Mar. 15.—First call for baseball candidates.
Mar. 16.—Farce basketball game between "Has Been's" and "Will Be's," for benefit of Catholic Student Mission Crusade.
   College interclass teams play for basketball championship—Sophs win.
Mar. 17.—St. Patrick's Day—half holiday—Senior boarders hold social in evening.
   Preps defeat Sidney High here, 20-10.
Mar. 20.—Feast of St. Joseph; President's Day.—No classes entire day.
Mar. 21.—Graduates have pictures taken.
   Varsity Night—College Glee Club entertained entire student body in evening, with songs, recitations, popular, national and classical music.
Mar. 23.—Varsity closes season of basketball with Alumni for the benefit of the Christ Child Society.
Mar. 24.—Preps close season in game at Sidney.
Mar. 25.—Spring football starts under supervision of Van Hill—40 candidates.
Apr. 10.—Dr. D. G. Reilly Oratory Prize Contest.
Apr. 12-21.—Easter recess.
April 22.—Baseball season opens at home with Notre Dame U.
April 29.—Varsity crosses bats with St. Xavier, at Dayton.
May 6.—Baseball game with Antioch College at Dayton.

Page one hundred four
May 12.—Second undergraduate dance of Collegiate department given at Country Club.
May 13.—Varsity meets Wittenberg at Dayton.
May 20.—Varsity vs. Cincinnati U., at Dayton.
May 22.—R. O. T. C. hiked to Wright Field, 12 miles from Dayton, for its annual camp.
May 27.—Homeward bound, after week of camping.—Varsity plays St. Xavier at Dayton.
May 31.—Examinations for Collegiate students.
June 5-10.—Examinations for High School and Business graduates, and all other classes.
June 11.—Baccalaureate Service.
June 12.—Commencement at Victory Theatre—Banquet—Senior formal reception in evening at Miami Hotel.

Again we bid U. D. farewell.
How glad to go, we may not tell
How sad, when bidden to remember
That boding twelfth of next September.
An Oriental paper having an English section printed the following notice:
The news of English we tell the latest. Writ in perfectly style and most earliest. Do a murder commit, we hear of and tell it. Do a mighty chief die, we publish it and in borders somber. Staff has each one been colleged and write like the Kipling and the Dickens. We circle every town and extortionate not for advertisements.

QUIZ
A diverting hoax was perpetrated by one Daly, once manager of the old Dublin Theater. One day he wagered that within twenty-four hours he could introduce a new and meaningless word into the English language. That night he and his cronies chalked on walls and pavements throughout Dublin the four letters QUIZ, which next morning set the town agog. The perplexed populace debated the baffling rubric for days, and it took so firm a hold that it remained current as synonym for questioning.

TOUGH
Two negroes were lying behind a packing case on the docks at Brest taking the labor out of the alleged Labor Battalion. Said one boastfully:
"Boy, Ah comes from a tough breed. Mah ole man done cut his nails wif a ax an' brush his teef wif a file."
"Huh, ain't so tough. Mah ole man am a plumber, an' twice a week he done shave himself wif a blow torch."

Page one hundred six
ONE-SIDED ARGUMENT
“I hear you and your wife had some words last night.”
“We did, but I never got around to using mine.”

BUT A SLIM CHANCE.
Uncle Holdcoyne: “Tommy, if I gave you a nickel what would you do with it?”
Tommy (who knows Unkie): “Well, I don’t suppose it would do any good, but I’d try to pass it.”

RAPID IMPROVISATION
A colored preacher in Alabama had at one time served a short jail sentence and was fearful lest his congregation discover the fact, as in his later years he had been a model of rectitude.

One Sunday, rising to begin his sermon, his heart sank to see a former cellmate sitting in the front row.

Quick thinking was necessary. Fixing his eye on the unwelcome guest, the preacher announced solemnly:

“A previous mouth text dis mornin’ from de sixty-fourth chapter and fo’ hundredth verse of de book of Job, which says: ‘Dem as sees and knows me, and says nothin’, dem will Ah see-later’.”

PROHIBITION OFFICERS TAKE NOTICE
Mascharka has been in the R. O. T. C. for two years and he’s a private still.

Boarder: “Two rats were fighting in my room all night.”
Landlady: “What do you want for 50 cents? A hull fight?”

History Prof.: “We are told that Napoleon took only four hours of sleep a day.”
O’Brien: “Well I guess I could get along on four hours a day if nobody would disturb me at night.”

ANCIENT HISTORY
He was the only one of all the wedding guests who did not appear in a happy frame of mind. He only adorned the wall and looked lugubrious.

“What’s the matter?” cried out an exuberant young man. “Haven’t you kissed the bride yet?”

“Not lately,” he said with a gulp.

He—They call me the flower of the squad.
Captain—Yes, because you are such a blooming idiot.

She—How many halves in a football game?
Wiseacre—There are seven: the two halves of the game, the right and left half on each eleven and the quarter on each team.

NO TRESPASSERS ALLOWED
One of the wings of the plane had broken and its pilot, after crashing through a mass of planking and plaster found himself on a concrete surface in utter darkness.

“Where am I?” he asked feebly.
“You’re in my cellar,” came an ominous voice out of the blackness. “But I’m watching you.”

She sat on his lap for about an hour telling him the usual sweet nothings.

“Why are you whispering so low, dear?” she asked playfully. “Do you think you are still in a class room?”

“No,” he whispered, “I just don’t want to wake my legs.”
RIDICULOUS!

"Jonas," ordered the farmer. "All the clocks in the house have run down. Wish you'd hitch up and ride down to the junction and find out what time it is."

"I ain't got a watch. Will you lend me one?"

"Watch! Watch! What d'ye want a watch for? Write it down on a piece of paper."

THE OVERWHELMING YEARN

He took his girl to the restaurant, determined to be a sport if it took the last cent he had, but as she gave her dictation to the writer his face grew longer and longer. Finally, though, she finished.

"And now, sir," asked the waiter politely, turning to him, "what do you wish?"

"Me?" returned the young man in a voice of abysmal gloom. "I wish I'd stayed at home."

TREAT 'EM GENTLE

An old sergeant was noted for his ability as a drill-master and was invariably assigned to the task of breaking in new recruits. There came to the company a captain with advanced ideas, who quickly noted that the sergeant was as proficient in profanity as he was in the I. D. R. He took him to task.

"Sergeant," he said. "I have no complaint to make of your ability, but I want you to realize that you are to teach these men how to drill and not how to swear. And I want you to realize that explanation is necessary before calling them down for inferior work. Now I expect to see some improvement in your methods."

"Very good, sir."

The following day he overheard the sergeant at instruction.

"Now I want to see you step out lively, my sons. And keep your eyes straight to the front, my sons. And hold your heads up, my sons. You know the kind of sons I mean."

BACK HOME AGAIN

Alice: "Have you written to that wonderful man you became engaged to at the seaside?"

Virginia: "I've intended to all along, but I can't think of his name."

LITTLE TO ASK

She was the sweetest, most innocent little girl he had ever seen, and he watched her sympathetically as she stood knee-deep in the snow, fumbling in her handbag with tears of vexation in her eyes.

"May I help you?" he asked gently, not wishing to frighten her.

She smiled shyly.

"Yes," she answered. "Will you please roll this cigarette for me?"

UNMARRIED LIFE

Tim: "How are you getting along at home while your wife's away?"

Jim: "Fine. I've reached the height of efficiency. I can put on my socks now from either end."

Page one hundred eight
“Silence” warned the prof. “I want this room to be so quiet you can hear a pin drop.” For a moment there was deathly quiet. Then a daring youth said softly; “All right, Brother, let ‘er drop.”

The Mistress of the House engaged a new servant and gave her instructions how to behave when answering her bell. One evening she rang for a glass of milk, and was surprised to see Martha appear with the glass grasped in her hand.

“Oh, Martha!” she said, “always bring the milk to me on a tray.”

Martha apologized, and promised to remember in future.

A week later the bell rang, and the same request was made. This time Martha appeared with the tray and the milk, emptied into it. Anxious to please, she curtseied and inquired: “Shall I bring a spoon, ma’am, or will you just lap it up?”

QUESTIONS ASKED. A small boy of the Jewish persuasion, who was playing at the end of the pier, fell into the sea and was only rescued after great difficulty by an intrepid swimmer, who lived at the end of the pier and succeeded in getting the boy into a rowboat. Half an hour afterward, much exhausted by his effort, the rescuer was walking off the pier when a man came up and tapped him on the shoulder.

“Are you the man who saved my son Ikey’s life?” he said.

“Yes,” answered the much-exhausted hero.

“Then,” said the Hebrew in indignant tones, “v’ere’s his cap?”

SHE OUGHT TO KNOW

After the clock struck two, the peevish father strode to the top of the stairs and called down: “Ruth doesn’t that young man know how to say good-night?”

“Does he?” echoed Ruth, from the darkened hall below. “Well, I should say he does!”

BARBAROUS

Barber—“How’d you like the razor, sir?”

Ed. 5.—“I could hardly hardly think it was possible that I was being shaved.”

Barber (flattered)—“Then what did you imagine, sir?”

Ed. 5.—“That I was being sandpapered.”—London Opinion.

FOR THE WORLD’S TITLE

Patrons of a Boston restaurant noticed tacked on the wall a sheet of paper on which was printed in bold characters:

“The umbrella in the stand below belongs to the champion heavyweight fighter of the world. He is coming right back.”

Five minutes later umbrella and paper had disappeared. In their place was another notice:

“Umbrella is now in possession of the champion Marathon runner of the world. He is not coming back.”
The greatest difficulty of the new staff is to get organized and started right—here's where Pontiac helps. The advice given by the experts in their Annual Service Department; their Suggestion and Instruction Book; the personal calls of their representatives—these are factors which assure success. These are not vague promises, but actual facts—facts that you can check up on—facts that are substantiated by schools with whom we have worked.

Back of all this stands the Pontiac Organization, with complete facilities for the production of high-grade Photography, Art, Engraving and Electrotyping—an organization comprised of the best workmen it is possible to get together in any plant, modern equipment and production methods which are second to none. And, remember please, that you get this service, this quality and this workmanship at just as favorable prices as you will pay for inferior workmanship and no real constructive service.

Pontiac's quality and dependable service have won for us a list of clients who appreciate the value of having the best that can be secured in engraving. You will make no mistake if you place your work with the house of Pontiac as we want your business on merit alone.
WE hope that the friends of the University of Dayton who scan this annual will hearken to our appeal, "Patronize Our Advertisers." This is the first annual published at the University in several years and we want to take this opportunity to thank our advertisers who made the annual possible. They have helped you to possess this reminder of your school days at Alma Mater; now kindly give them your patronage.

THE STAFF
Are You Ready for Your Vacation?

You are going to need some new clothes and furnishings for your Vacation. You will meet many people and, of course, must "Look Right." You cannot enjoy yourself if you are not dressed up.

Let us dress you. We will do it right. We have the goods—outing suits, ties, hose, shirts, hats, everything you need from top to toe. Inner and Outer Apparel.

Dress well and do well.

We wear our good, "Nifty" Clothes.

J. L. SCHROLL, President
A young man sat in a parlor alone. A beautiful girl entered. Thereupon the young man arose, took six cigars from his upper waistcoat pocket, laid them carefully on the piano, and then advanced toward the girl passionately, his arms outstretched. But the girl drew back. "You have loved before," she said.

Huesman, about to board a Kammer Ave. car, said to the conductor: "Is this Noah's Ark of yours full?"

"No Sir," said the conductor, "There's just room for the donkey. Get on, sir."

Better White Duck Clothing

Du-ply is a new white cotton fabric which is very strong and durable. It is, however, soft and pliable, and much more comfortable to wear than the old fashioned ducks and twills.

It also shrinks less than other fabrics used for white clothing so that garments made of this material fit satisfactorily both before and after laundering.

**Du-ply products comprise the following:**

- Tennis Trousers
- Golf Knickers
- Gym Pants
- Track Pants
- Boys' Knickers
- White Coats for dentists and physicians.

Du-ply garments are sold by the leading merchants throughout the United States. If they are not in stock at your dealer's he can order for you from

Willing. Anyway.

"See here, young man," stormed the irate father, "descending the stairs at one A.M., "do you think you can stay in the parlor with my daughter all night?"

"I'll try, sir," replied the imperturbable youth modestly, "but I'm really afraid I'll have to be leaving about four or five o'clock."

Emerick: "Didn't you see me down town yesterday? I saw you twice.

She: "I never notice anybody in that condition."

Did you know Hank is a prophet?

Zat so?

Yes. He tries to predict what a toddler top will do next.

"Gone, But Not Forgotten." "Are caterpillars good to eat," asked little Tommy at the dinner table.

"No," said his father; "what makes you ask a question like that while we are eating?"

"You had one on your lettuce, but it's gone now," replied Tommy.

THE PLUMBER IS NOT SO SLOW
The Wrong Mr. Wright.

WRIGHT was a good man, but like some of his neighbors, he went wrong. He decided to put a bathroom into his home—to live in a sanitary, healthful happy way. And in that Wright was right.

But—there is always a but with every wrong. But Wright bought his bathroom equipment from a wrecking concern—a concern that buys old houses, wrecks them, and then sells the wreckage. After the equipment had been installed and the troubles began to appear, as they were sure to do. Wright went to his home town plumber to get some repair parts. That was when Wright discovered that he had been wrong. He could not get the parts. His plumbing was old, out-of-date, not a present-day standard make. He wrote the wrecking concern, but it could not furnish parts. It sold only wreckage.

Realizing his wrong, Wright made up his mind to be right. So he had his home town plumber tear out all the non-standard junk and replace it with standard equipment. Going wrong cost Wright many dollars which he might have saved by doing the right thing in the first place.

There is a moral to Wright's wrong. But then you have the moral.

This talk about the oratorical contest reminds us of the colored gentleman who was trying to make clear to a friend just what constitutes oratory.

"It's jest like dis," he elucidated. "Ef you says black am white, dats foolish. But if you says black AM white, and bellers like a hull and pounds de table with bofe yo' fist, dat am oratory!"

Perfectly Logical.

"The wages you demand are very high for a cook who has had no experience, I think."

"That may be, ma'am, but think how much harder it is for me when I don't know anything about it."

"Bill's social career is ruined."

"How's that?"

"The moths got into his Tux."
