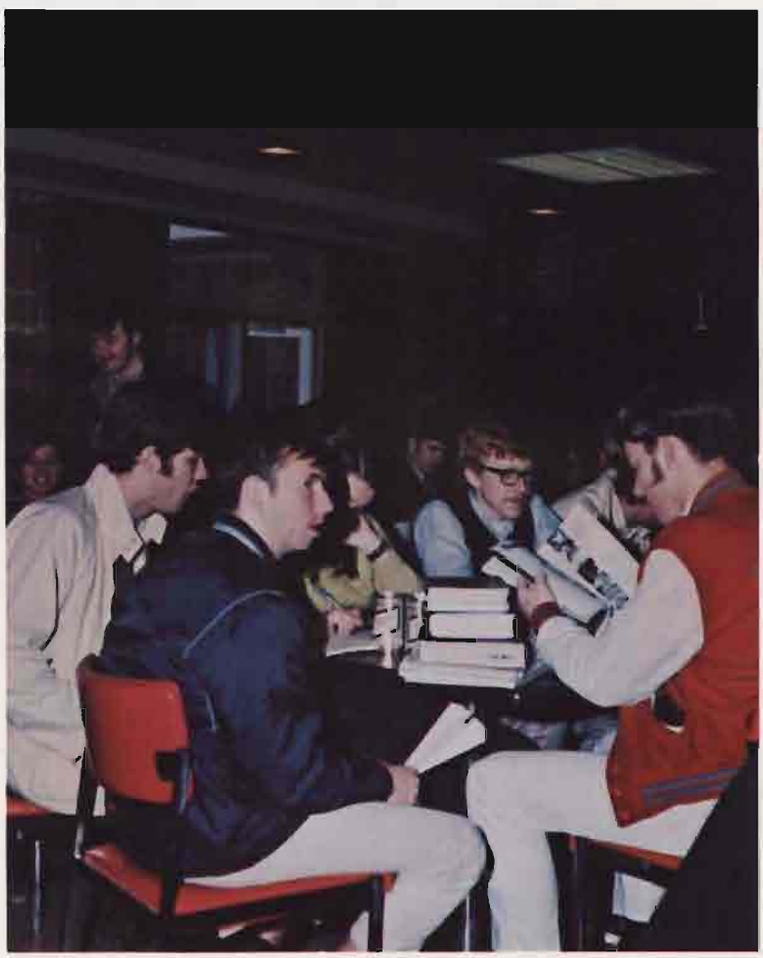
Evolution is
the development
from one era
to another;

the age of the 60's
into another age,
the 70's

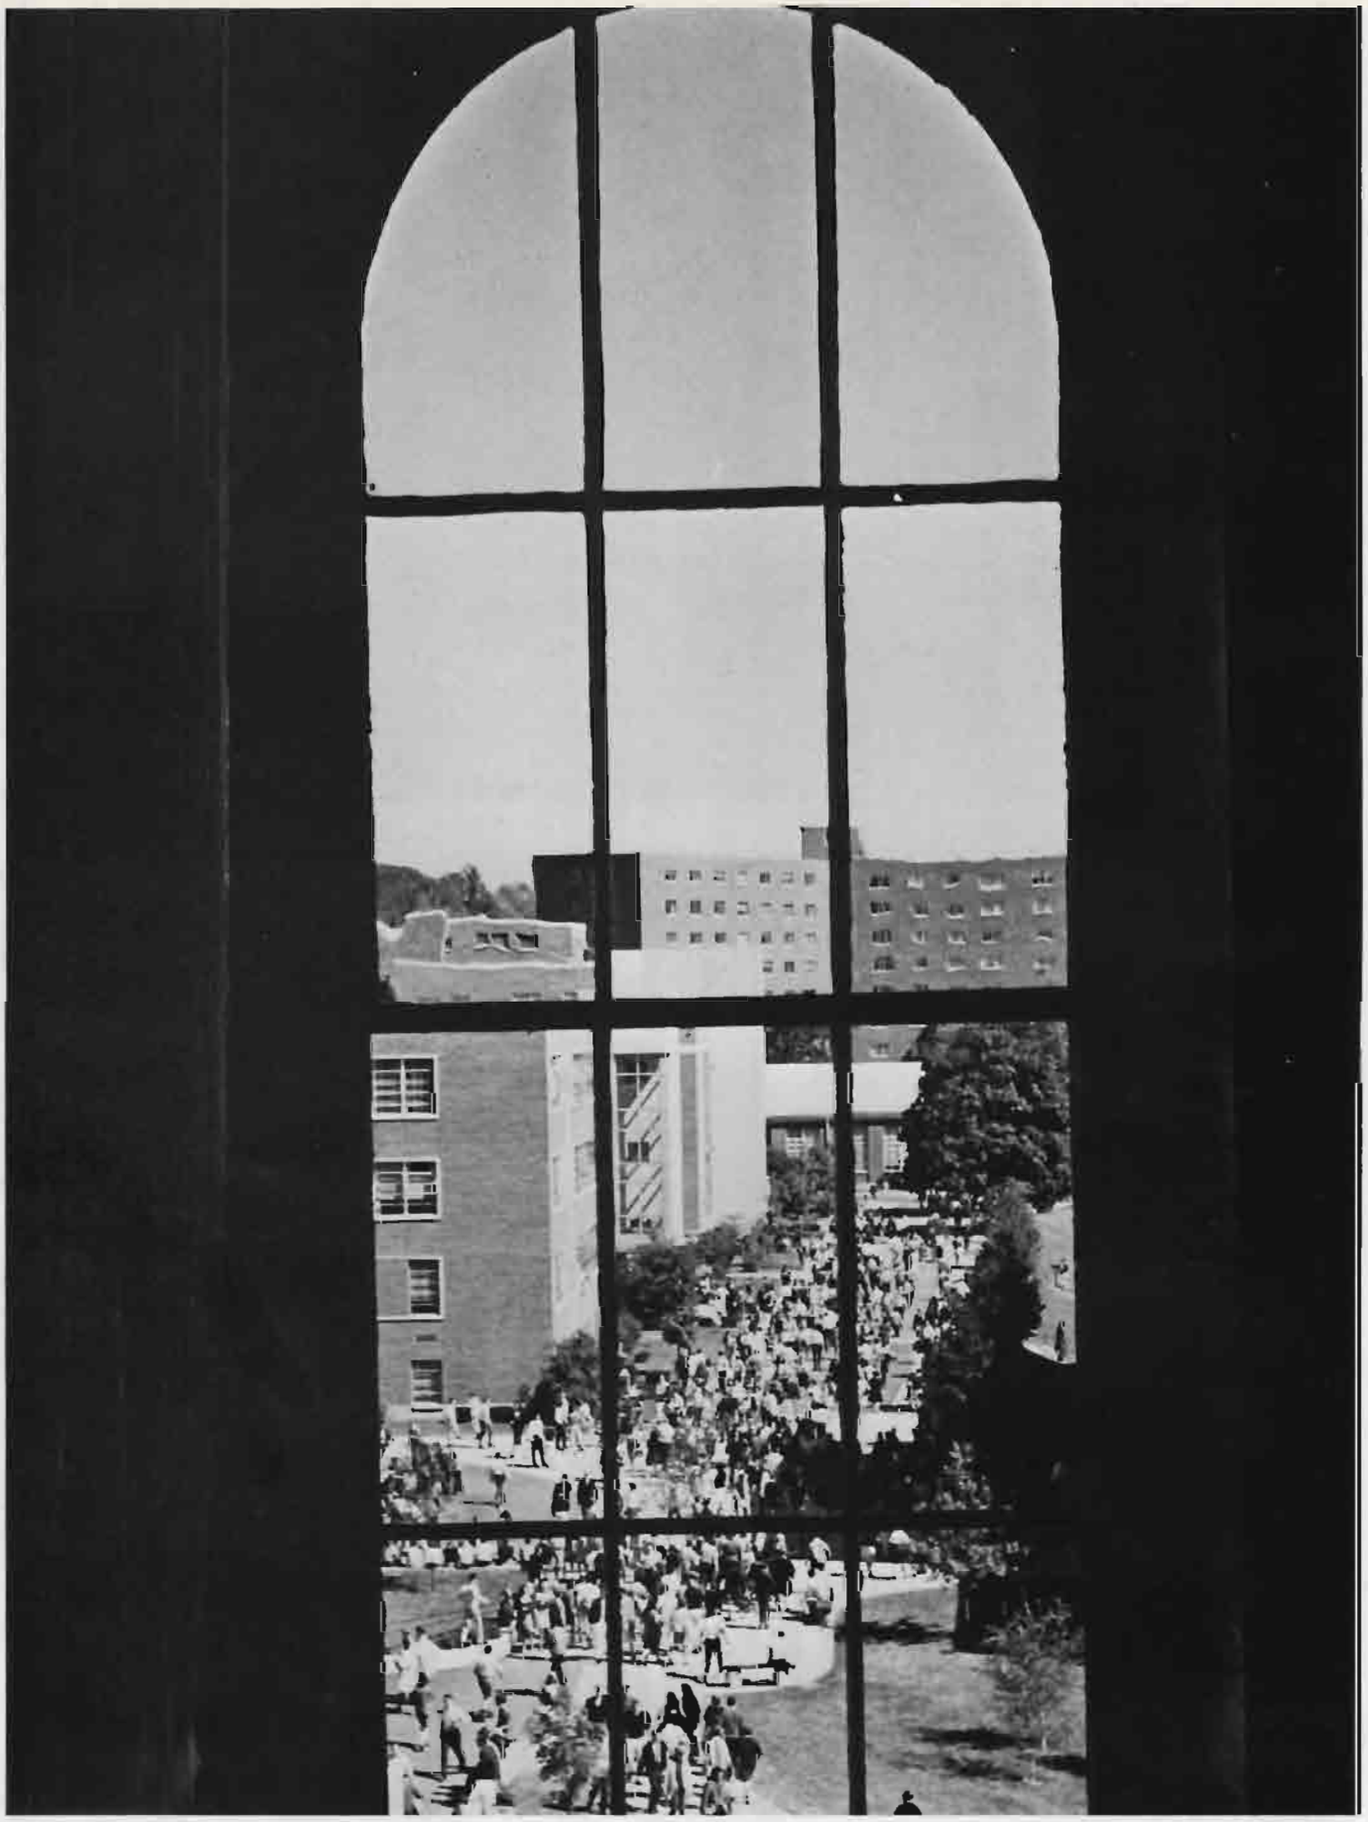
from Freshmen
to Sophomores
to Juniors
to finally becoming Seniors



from a small
church school
on the hill,

into a large,
multifaceted

University.



Evolution is the change from a conservative, carefree student

to a more
concerned,
progressive-thinking
student

from a curfew for
all girls
to self-determined hours
for most

concern evolving into demands:
such as the Student Bill of Rights
and the Black Studies Institute

Evolution . . .
from the hazing
of freshmen

to a meaningful
New Student Introduction

Evolution . . .

from basketball games in the Fieldhouse

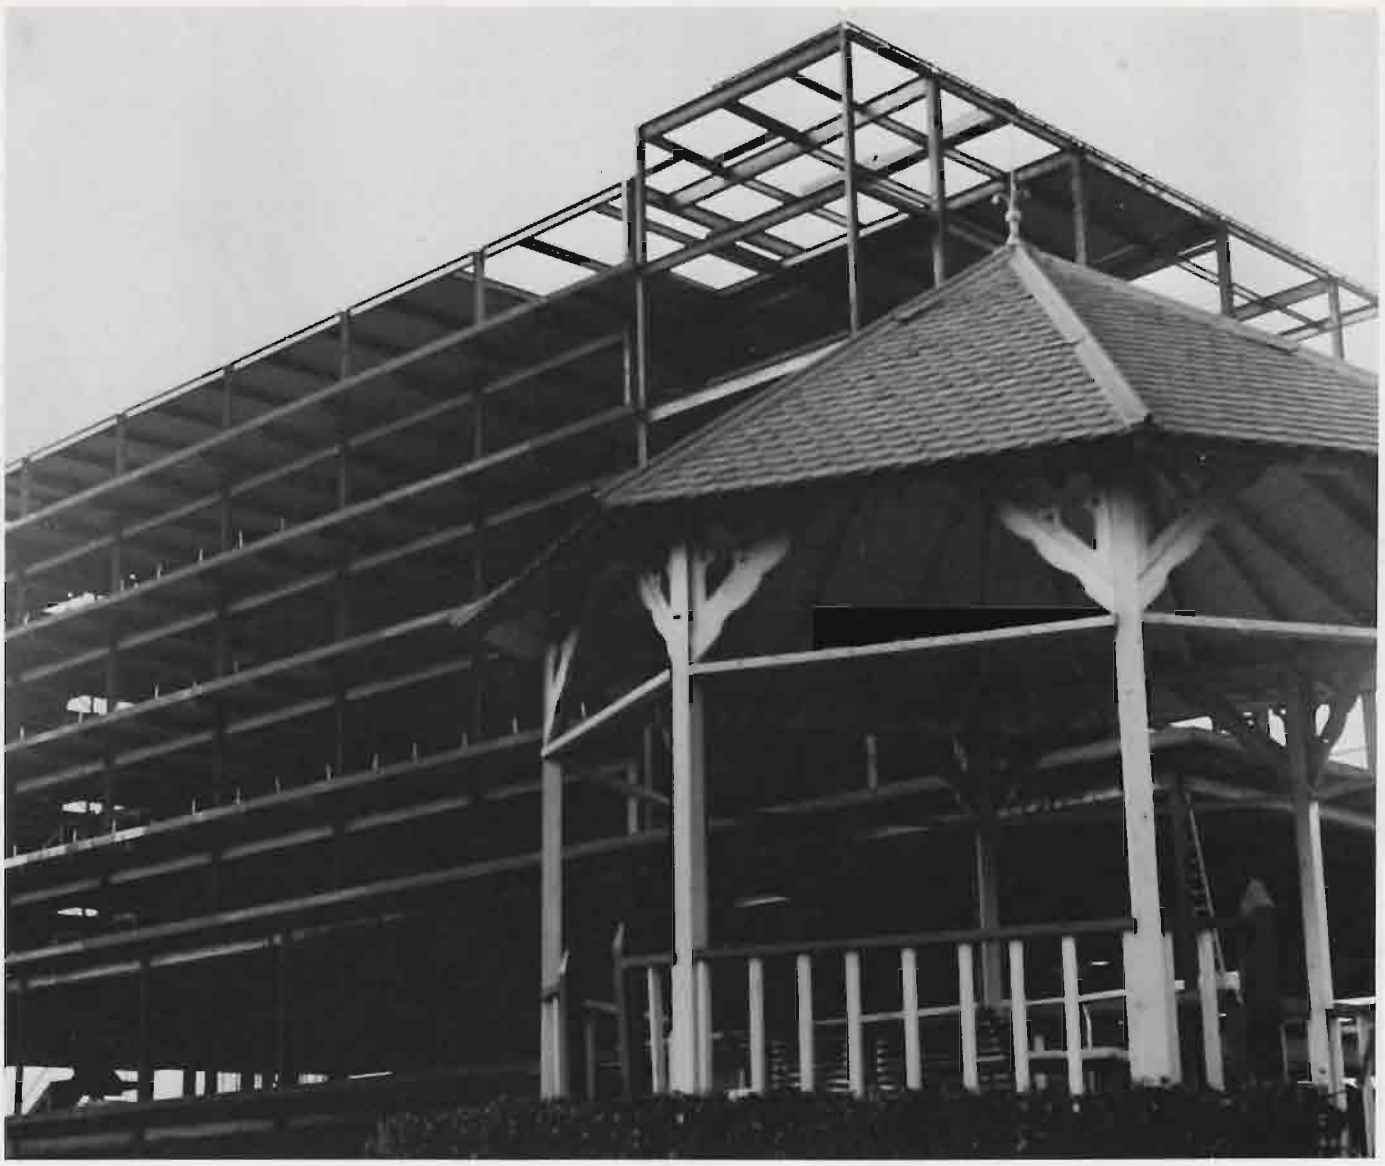
to games in the new Arena

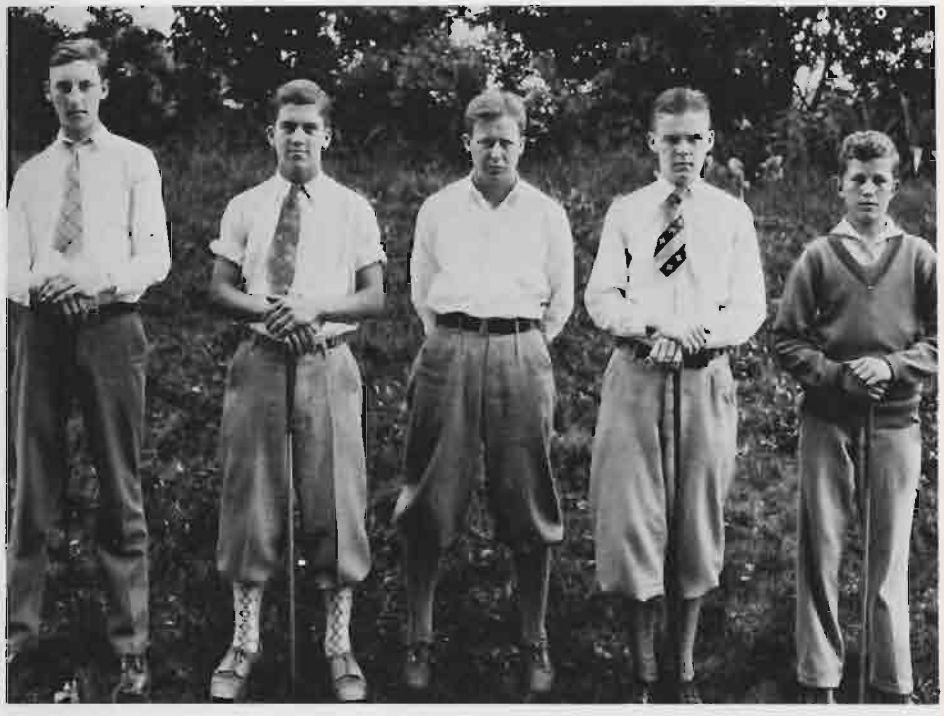
from predominantly
lecture classes to
discussion groups —
to the inclusion of the
Experimental College.

Yes, people and thoughts have changed at the University of Dayton.

Evolution

Evolution
is a change
from old ways to new ways . . .



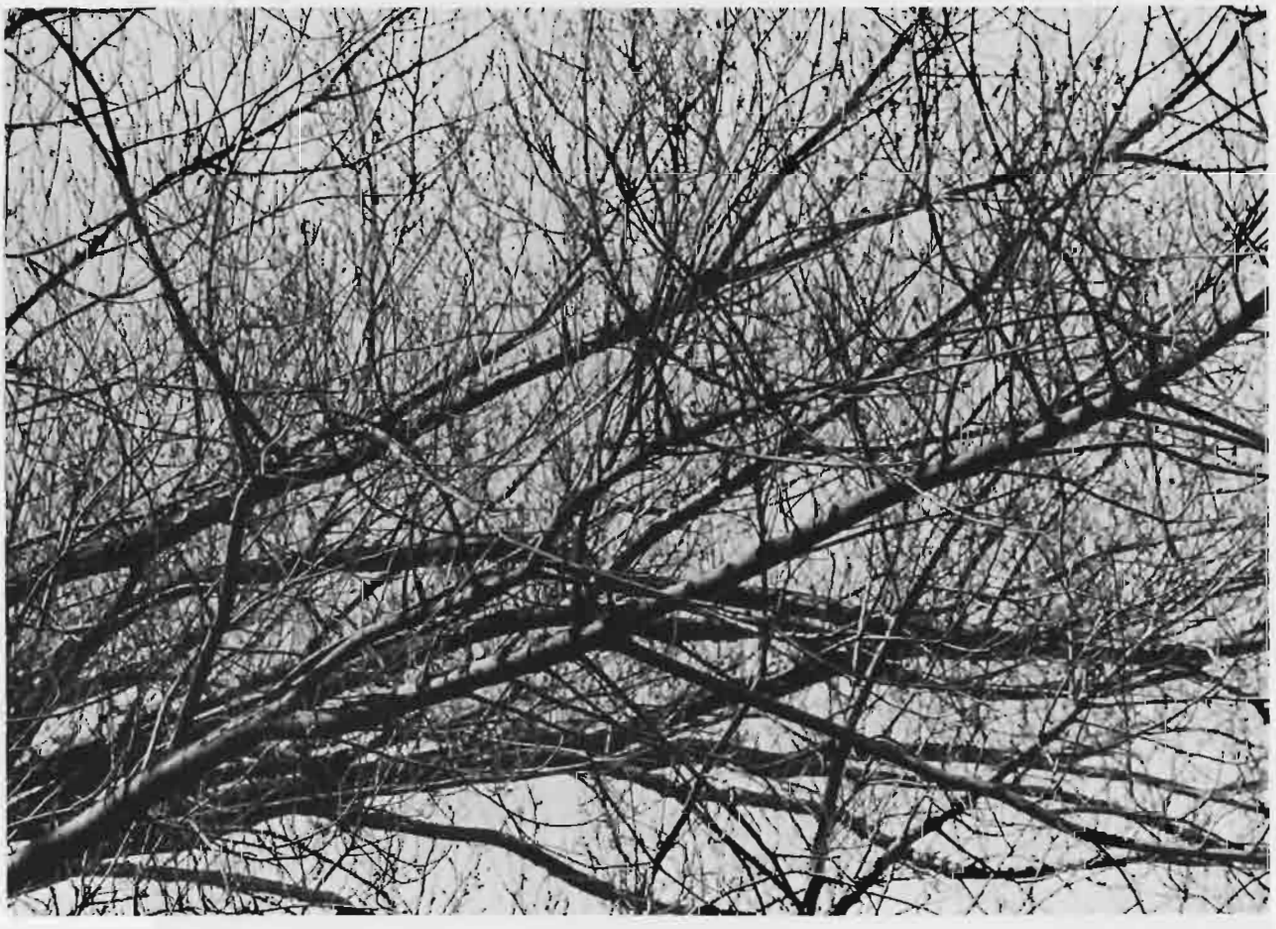


from traditionalism
to liberalism
to radicalism . . .

it takes the
good
from the past

and combines it with new ideas, concepts and thoughts for the future.

The evolving seasons



Carefree days
of summer . . .

fall —

with school
starting

renewing
friendships . . .

winter —
slipping on the ice,
scurrying around . . .

spring —

anticipation of graduation for some

and the mere completion of another school year for others.

People change;
their lives evolve —

the baby grows up

the young adult matures

and accepts responsibility,

while the middle-aged
reflect on their lives.

The campus itself reflects
the evolving times,
physical appearances change:

a new library,

a new Engineering building,

and a new girls' off-campus
apartment building

are constructed to allow for the growth of the University Community.

Evolution is an endless process,
a progression towards the future,

and the University community
reflects this endless process
in its student body, thoughts and its physical aspects.

THE PRESIDENT

My dear Graduates of 1970,

Evolution is the theme of this yearbook, and to me it seems quite apropos. The world, the country, the community, and the campus is without a doubt in rapid and constant evolution. Those of us who have been on the scene can scarcely believe the changes we have seen, but they are "for real."

To no one's surprise, however, evolution has been both progressive and distressing. Many concepts are being befuddled, leading to distress and misunderstanding. Equality of human dignity enjoyed by every member of the University family is confused with the distinct and proper duties and responsibilities of each sector of our community. Clear ideas as to common goals, respect for needed competence, consideration for personal involvement and even good old perspicacity are struggling in the head long rush which is so characteristic of our evolving society.

As we look back we may wince as we remember how we struggled to comprehend the forces of change, but we will recall with satisfaction the good will which characterized evolution toward tomorrow on this University campus. Surely God's blessing guided our efforts, and so I pray may it always be with you.

My personal best wishes.

Sincerely,

Raymond A. Roesch, S.M.

Reverend Raymond A. Roesch, S.M.

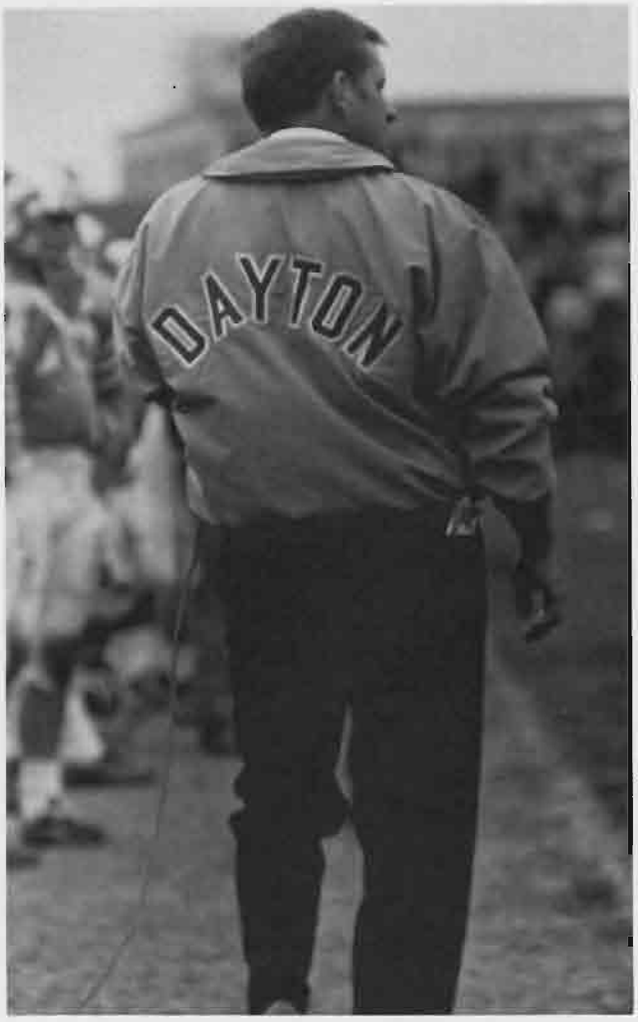
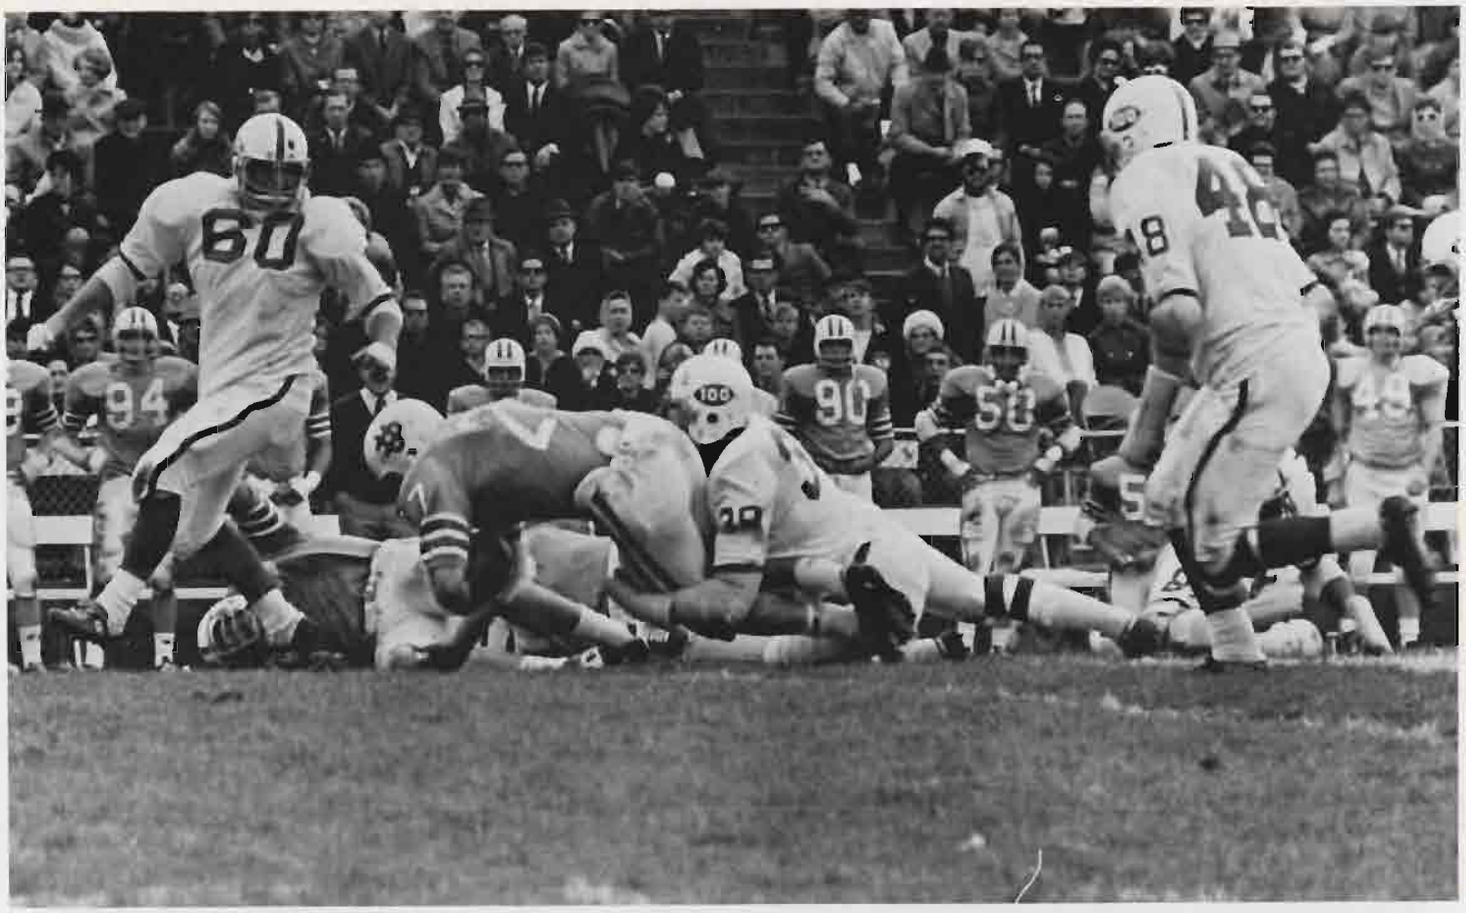
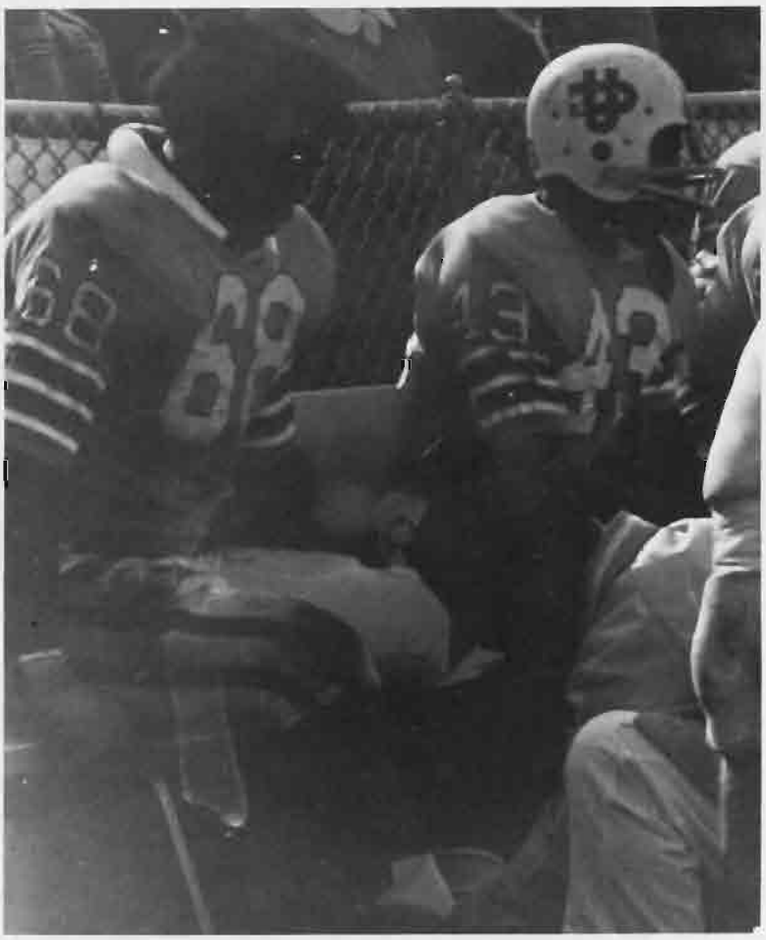
RECORD: 3-7





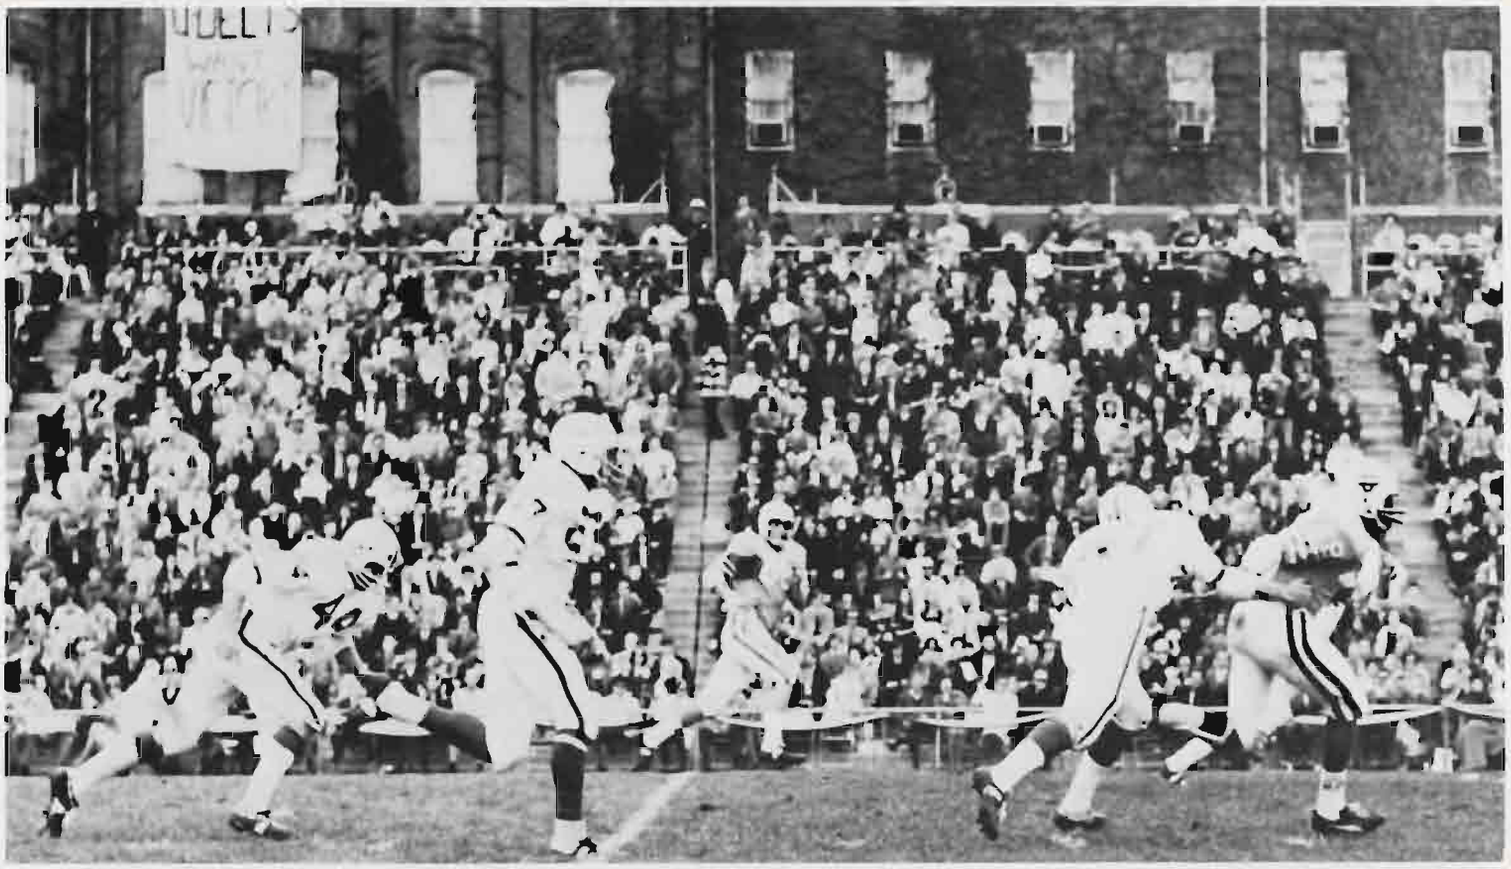
If and when? These were the two main questions asked about the University of Dayton football team as they began to prepare for the 1969 College Football Centennial Year. After three successive winning seasons, in which Dayton football teams produced a combined record of 20-10-1, Coach John McVay found his first recruiting class gone. What they left behind them were some fine looking prospects in the underclassmen, but the stark fact was they were not game tested. Dayton's offensive backfield, defensive backfield and defensive line were lost due to graduation. In all, 15 of the 22 starting positions had to be filled. As the Flyers approached opening kick-off, the main thoughts in the minds of the Flyer football fans were: Can these young men produce, and if they can, just how long would it take? Just how soon could Coach McVay put all the parts together and come up with a winning combination? Well, there was only one way to find out—experiment!

Despite their inexperience, the defensive unit did gel into a devastating offensive threat. Leading the nation in pass defense was a great tribute to this young team. **Above**, the defensive line puts fierce pursuit on enemy quarterback, while defensive backfield ace Al Brown, **right**, puts pressure on pass receiver.



Dayton's first game of the season found the Flyers traveling to Kent State to play the Mid-American Flashes. Taking a 14-3 lead into the fourth quarter, the young Flyer offensive and defensive backfield, as well as the defensive line fell apart resulting in four fumbles by the offense and Don Nottingham riddling Dayton's defense for 275 yards, a KSU single game individual rushing record. When the final buzzer sounded Dayton found themselves on the short end 24-14. The young, inexperienced team had made their debut, and tasted their first defeat. Despite the outcome, the Flyers did gain a valuable asset in game experience.

With a full game behind them, Dayton next entertained Miami University, a perennial Mid-American Conference power. Leading at half-time 3-0, the Flyers found their young defensive secondary picked apart in the second half by the Miami passing game, resulting in their second defeat 19-9. In this game as with the first, signs of hope were displayed but sophomore mistakes came quick to cover them up.



This was a frequent scene Homecoming Day as Dayton exploded for 56 pts. against Northern Illinois.

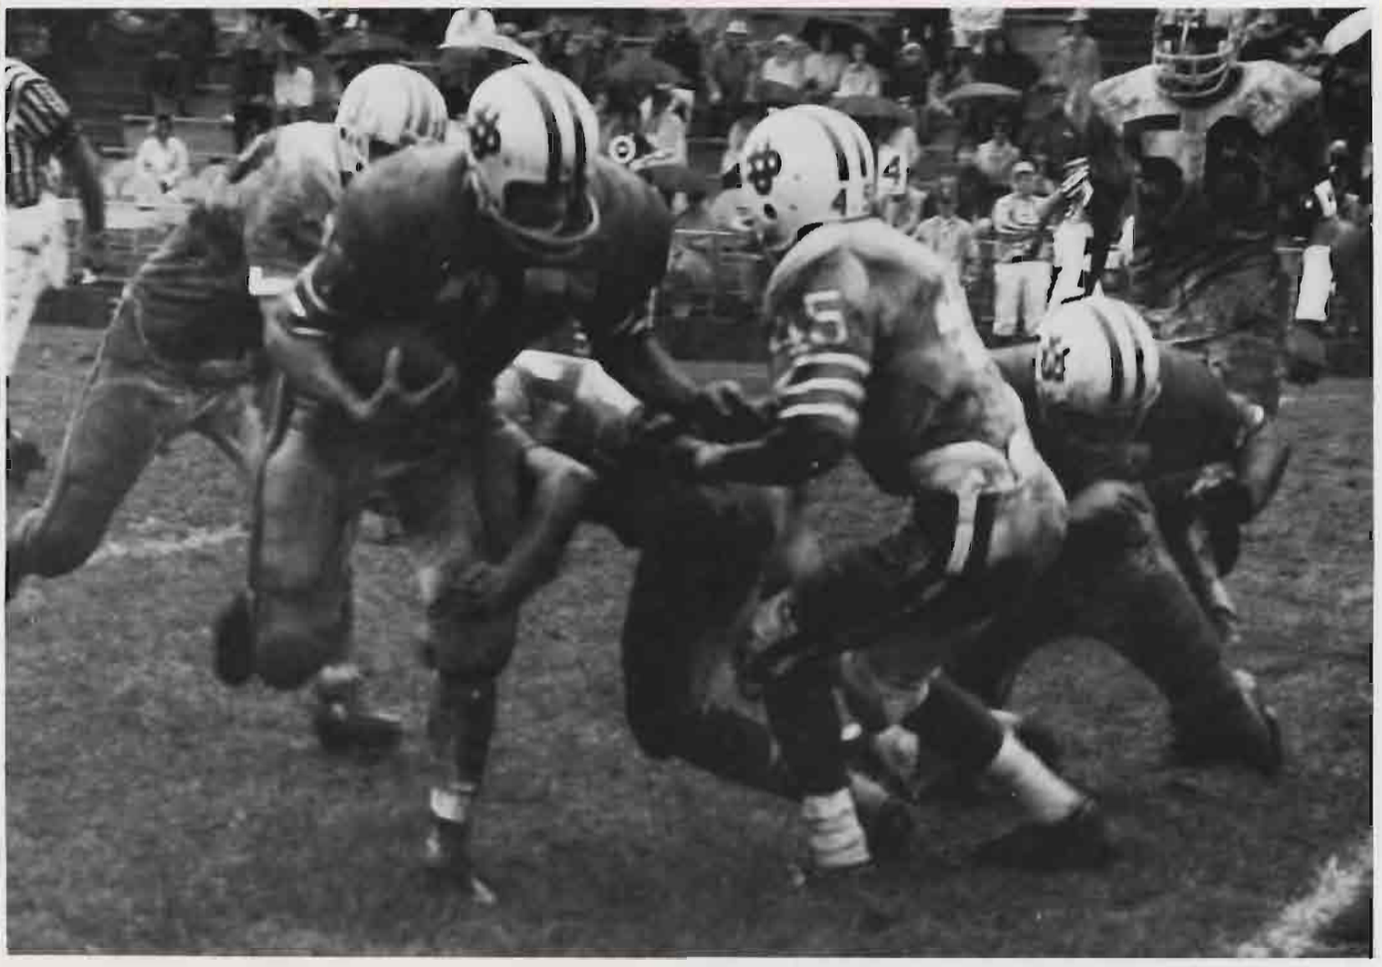
The following three games of the season against Bowling Green, Louisville and Buffalo can be summarized as coming under the classification of learning the hard way. It has been said that a team must hit bottom before it can improve. Well Dayton struck oil during the Buffalo contest for in this game the entire team suffered a breakdown. Both the offense and the defense illustrated that there was still much work to be done before Dayton would come up a winner. But through the first five games the young team did show some talent, and if the talent is present, then it is only a question of time and the correct guidance and momentum to bring it to maturity.

The following five games of the season seemed to prove this fact because the signs of greatness became more prominent and long lasting. Homecoming displayed 60 minutes of tremendous talent as Dayton ran Northern Illinois out of Baujan Stadium. Scoring in every quarter, the Flyers compiled a 56-24 victory, ther first and they vowed not their last of the season.



The following game against Akron was a withdrawal in the wrong direction, but Dayton countered with two impressive victories over Xavier, regaining the Governor's Trophy, and Villanova, a stunning and very gratifying upset. The Flyers ended their season on a losing note, but no credit can be taken from them in succumbing to a fine Toledo team.

So one big question was answered this past 1969 football season, Dayton does have the personnel and the potential to win, and even though their record does not show it the year can be written off as a success. Those young, inexperienced sophomores have gained valuable experience thus closing the time gap to maturity. When and if the second question gets answered must be determined in the following two seasons.

Providing a repeat performance of the 1968 Frosh, this year's team won their last two games after two opening defeats. The team appeared brighter in some spots with names like Tim Quinn and Bruce Bruce. If the momentum of the last game against Xavier is carried into the squad's Varsity years, then the Flyers may be on the rise.

The University of Dayton completed its fourteenth varsity soccer season with an impressive 7-3 record, bringing its overall record to 62-52-7. The Flyer booters scored a total of twenty-three goals earning eighth position in the Ohio Collegiate Soccer Association ratings.

The defensive unit was led by halfback co-captains Bob Winkler and Bill Cheney together with goal keepers Doug Morgan and John Meli. The overall success of the team was determined by the excellent defensive job which allowed only ten goals to be scored against it.

Coach O'Hanlon's offensive squad complemented the defense by outplaying their opponents in both passing and scoring. Senior Mike Thompson led the Flyers scoring punch with a total of eight goals and a number of brilliant assists. Speed and passing ability were added by Tom Downing and Frank Eovino who took up the slack when Thompson was off.

The team was honored by having Cheney, Winkler, and Thompson named to the O.C.S.A. All-Ohio team.

Still in its initial stage at Dayton, the wrestling team finished their season on a losing note. But as with most losing seasons not all was dim, for this team had some talent. Number one on the list was sophomore heavyweight, Jim Howard. Last year as a freshman, Jim compiled an 8-3-1 record. This year as a sophomore, Jim was almost unbeatable losing only one match which occurred during a meet against perennially tough Ashland. Included in Jim's arsenal of victories were six pins in his first ten wins.

Hockey

The University of Dayton Hockey Team began this season with high hopes. The preceding year Dayton had compiled a record 10-3 year and produced the highest scoring team in Dayton's history, plus taking third place in the Midwest Collegiate Hockey Association. And Dayton had the four men responsible for this tremendous season back in Bruce Kent, Jim Doyle, Ralph Sgro and John Cecconi. Thus as the season began, it looked good for a better finish this year. The result again was an impressive 8-2 record, the best percentage season in the school's history, but the disappointing finale was a defeat by Oberlin 7-4 in the first round MCHA Playoffs, a team Dayton had beaten earlier in the season.

The 1969-70 season found the University of Dayton Flyers in quest of their sixth consecutive twenty-game winning season and their sixth straight post-season tournament bid under Coach Don Donoher. The Flyers also had an added incentive of a new home. The long awaited University of Dayton Arena was completed and ready for basketball when the Flyers opened their season December 6. The Flyers promptly showed ther gratitude by treating the enthusiastic home town fans to a 72-70 victory over Bowling Green. Following their successful home opener, Dayton then traveled to Louisville, Kentucky to take on rival Mike Grosso and company. The Flyers convincingly proved that they were a team to be recognized as they handed the eleventh ranked Cardinals a 72-56 defeat. After a squeaker over Eastern Kentucky, 67-63, the Flyers ventured to Lexington, Kentucky to participate in the Kentucky Invitational Tournament. Again Dayton showed their potential as they battled sixth-ranked Duke, losing by a 72-67 count.

But disaster struck as Dayton returned home for they lost two of their next three games. It took a short road trip to get them back on their feet, but the Flyers again returned

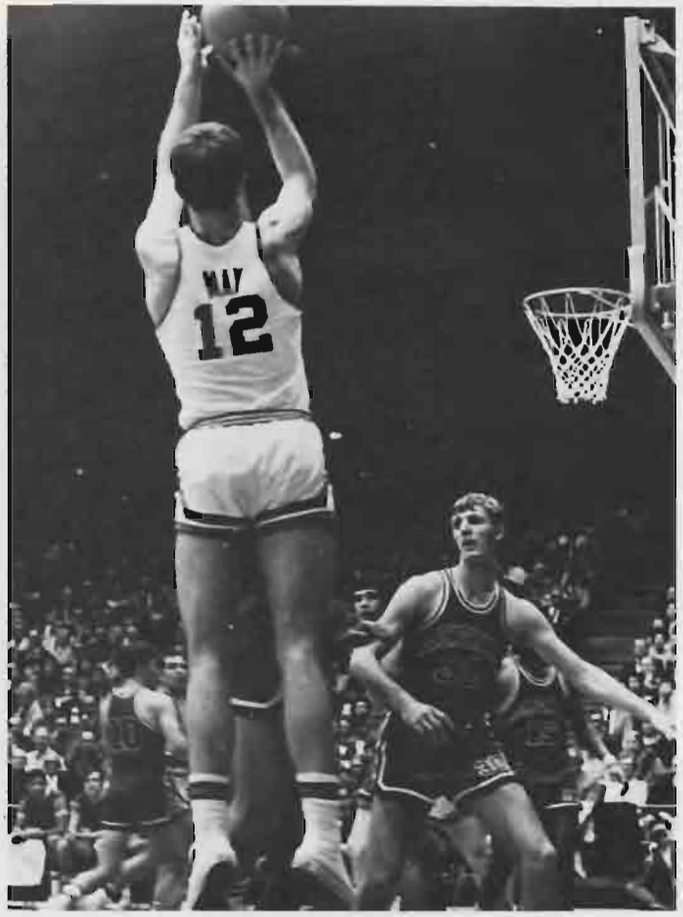
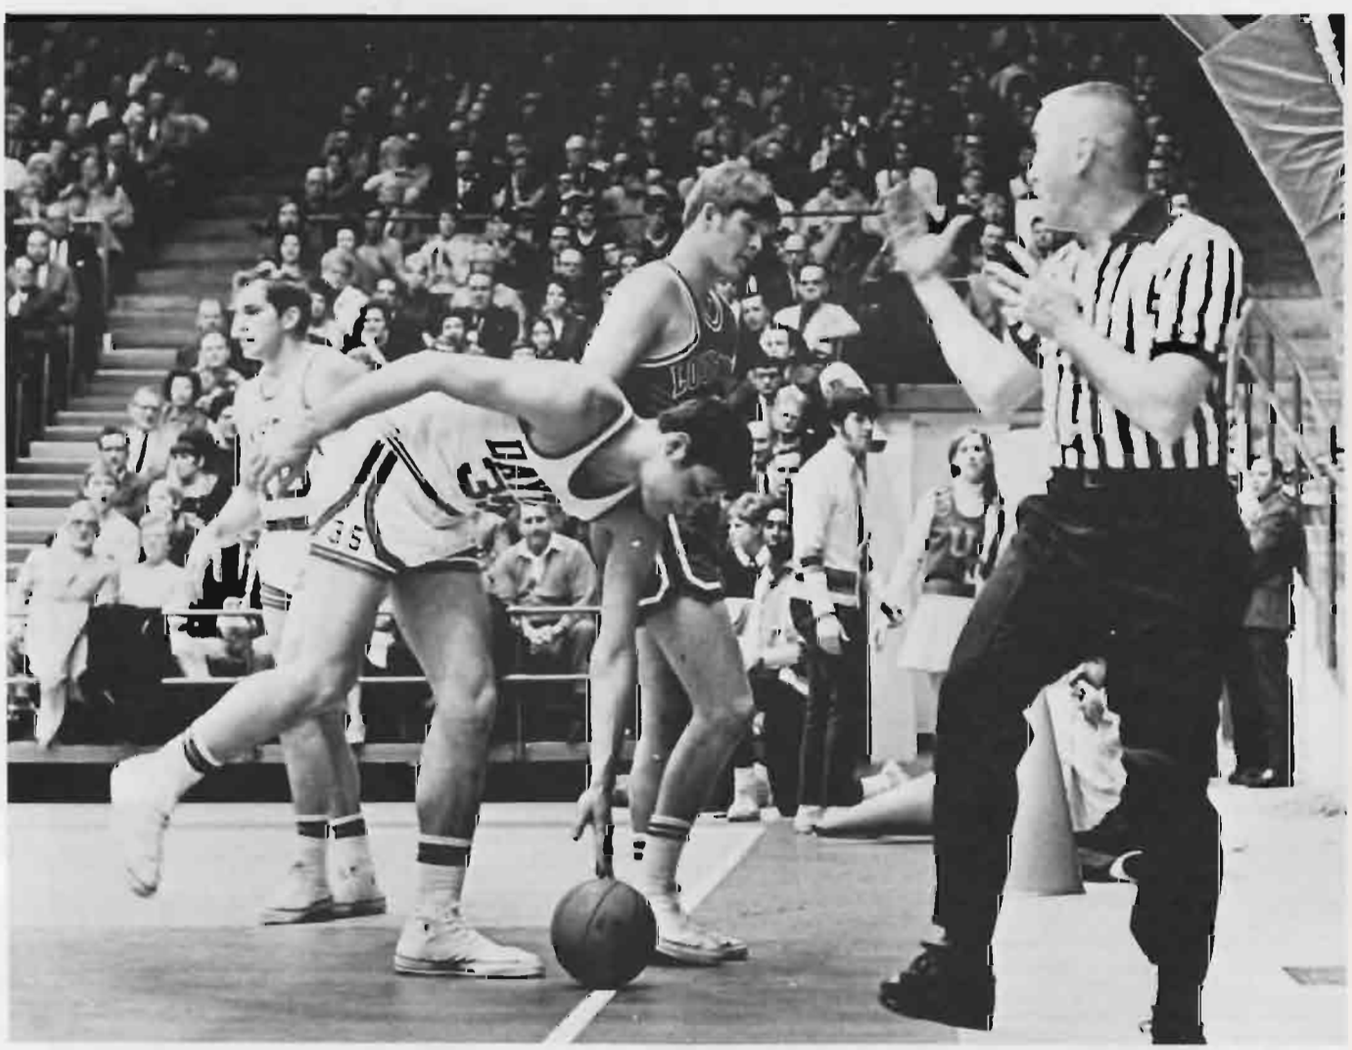
home to be beaten by the same Louisville team they had beaten on the road a month before. Somehow, it seemed Dayton could not win at home. In fact, at times it appeared that Dayton could not play basketball. At times they were very sluggish. This was especially true in the second Miami (Ohio) game which saw Dayton suffer a humiliating defeat 76-56 at Oxford. Dayton's record has slipped to 9-5 and the team had appeared to have lost all drive, but a few line-up changes notably Al Bertke and substitute Jimmy Gottschall got the Flyers off and running again. Two weeks later, Dayton faced their biggest challenge since the Louisville contest. The Flyers were to entertain powerful Florida State at home, the only team as of then to beat mighty Jacksonville. The Flyers once again played hard, but faded near the end of the game and lost 82-76. This fourth loss at home sent people to the record books to find the last time a Dayton team had lost four games at home in a single season.

The following week gave Dayton another chance to get back some recognition as the Flyers journeyed back to Kentucky, this time to play roughed Western Kentucky. But seven



12



Jim McDaniel and company were too much for Dayton as they succumbed 76-63.

But the Flyers had one more chance to win a big one! February 28 was the date and the team was tenacious Notre Dame lead by All-American Austin Carr. That night will always be remembered as the Flyers almost caused a second collapse of the arena as they upset Mr. Carr and Notre Dame 95-79. Dayton once again proved that they were still capable of winning the big ones.

The Flyers finished their regular season, 19-7 and received a post-season bid to the NCAA Midwest Regional. One objective was accomplished, and they had a second chance to win twenty games. All they had to do was beat Houston, but the Flyer steam of the past few games died as they succumbed to the Houston press and had to be content with a 19-8 record.

FANTASTIC! That was the word to describe Dayton the night they upset Notre Dame. Led by such superstars as Jimmy Gottschall (below), Dayton ended the season with two strong victories. Everyone believed the team had finally reached its peak, but the joy was soon to be turned to sorrow as Dayton was beaten in the First Round of the NCAA Midwest Regional.

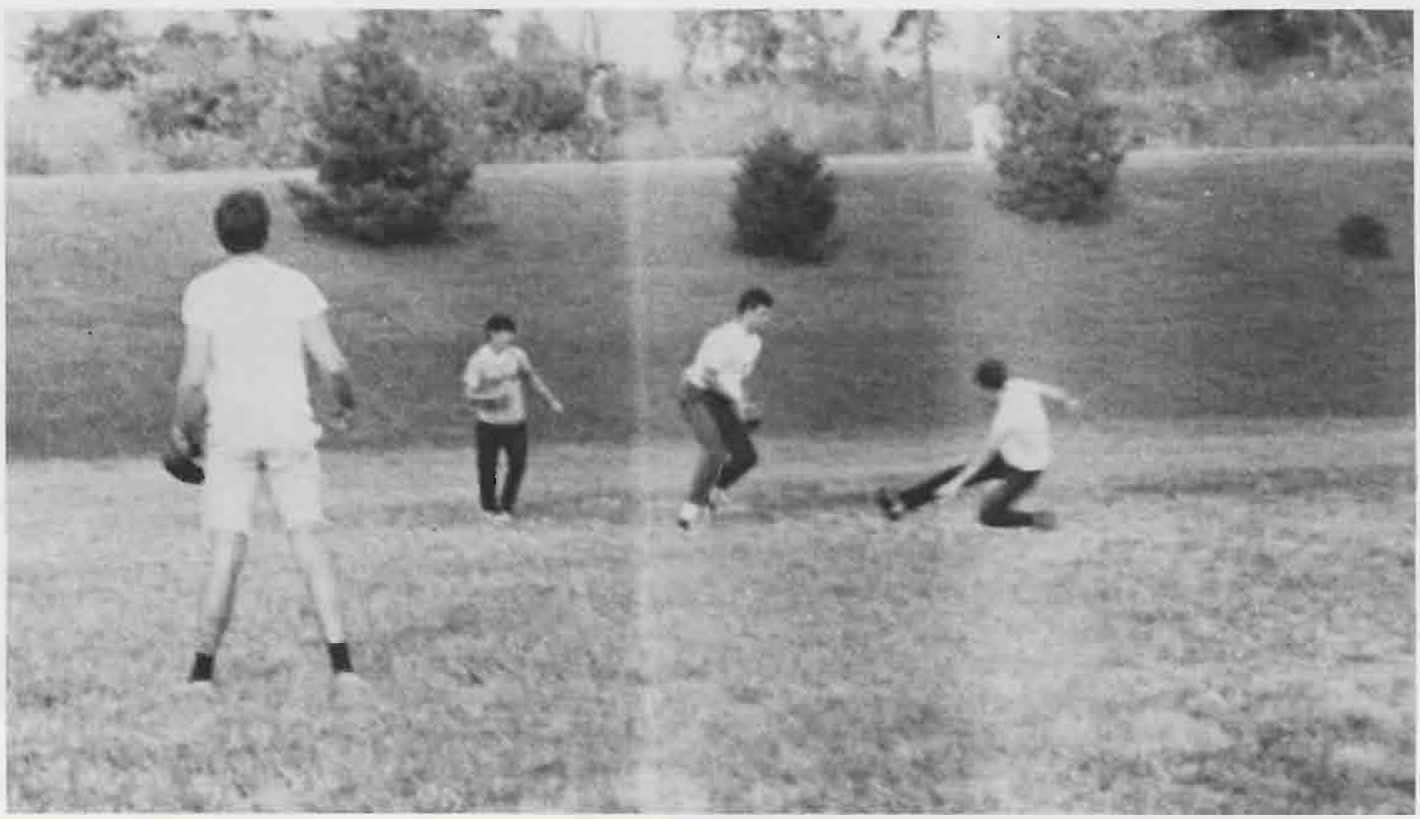
Coach Bill Cassidy's first year as freshman mentor was successful as his fledgelings completed their season with a 13-7 record. Featuring both size and speed, the freshmen came on strong after a slow start winning eleven of their last fifteen games. The team's leading scorer and rebounder was 6'7" center, John Bitter, who averaged 20.5 points per game and 14.5 rebounds. He was ably assisted by such standouts as the Sizemore twins, Gordy Gahn, Tom Rhoeling, and Steve Hess. John Bitter was awarded the Thomas M. Luppe Memorial Award.

Intramurals



Continuing its fine work, the intramural program under Herb Dintaman has expanded to include more athletics all year round for the students at U. D. Featuring a variety of sports such as football, basketball, tennis and softball, a continuous physical fitness program is made available to the interested student.

Golf

Completing their second season under the helm of Coach Ted Uritus, the Dayton Golf Team compiled an impressive 17-10-1 season's record. The team was paced by seven returning lettermen including Most Valuable Player, Jim Couch, the second consecutive year for this accomplishment. Last spring Jim shot an average score of 75.6 for eighteen holes, participating in 27 of Dayton's 28 matches.

Coach Ted Uritus, Costell, Steinbach, Soda, Dachnowski, Biersack, DiCarlo, Couch. **Missing:** Nick, Buening, Scheve.

University of DAYTON

DAYTON Steel Foundry

As part of the Dayton community for more than a half century, we at Dayton Steel are happy to pay tribute to the graduating class of another long-time Dayton institution, the University of Dayton.

Through your work at the university, you graduates have achieved a solid foundation for the career that opens out in front of you. We are glad that you have formed this foundation in the city that is also the home base for our corporation which now has facilities in nine locations in this country and in three foreign countries.

We're vitally interested in foundations. Our products are the "foundations" of the heavy trucks and trailers in America's mighty transportation industry—including wheel and brake assemblies, fifth wheels, suspensions, and landing gears.

Your foundation is equally essential in how firmly and how far your ability and your desire carry you. Keep on building your foundation through more education, more understanding, and more appreciation of all that is good.

Good Luck!

DAYTONIAN

Through the past year this yearbook has evolved through many phases: thoughts and plans, actual construction and finally completion and distribution. In our endeavor many people have aided us, most are pictured in the Organizations section, others not pictured but of great help were: Gail Berry, Blair Berendsohn, Pat Buser, Christy Cahill, Terry Chock, John Corrigan, Paul Coyne, Kris Dunham, Katherine Emrisek, Debbie House, Jan Fogelsong, Sue MacDonald, Nancy Maleady, Kathy Marbaugh, Ann Mullin, Ann Meter, Sheila O'Hare, Debbie Ohmer, Pat Quinn, Carol Resch, and Cindy Schultz.

A special thanks is given to Joe McLaughlin, Mary Shay and the Public Relations Department for their willingness to help us in our quest for the "right Picture." We thank our staff without whom there would be no 1970 Daytonian. Thanks are also extended to Miss Mary Devine, our faculty moderator and Mr. Terry Hertzinger, our Taylor Publishing Company representative for their advice and guidance.

A yearbook is a pictoral essay, a record of the year; people, places and events are portrayed. We have tried to make the 1970 Daytonian an accurate and complete record of these things. We anticipate criticism remembering the cliche—you can't please everyone. The work has been hard and frustrating at times but fun, and rewarding at other times.

We feel the completed work, the 1970 Daytonian, to be worthwhile. We present the 1970 Daytonian to you with a sincere wish that you may also find it worthwhile.
