Holy Angels Week 4

Bethany Renner

Friday the 19th was the fourth week of River Explorations with Holy Angels Catholic School. The topic was the flood of 1913 and how Miami Conservancy District. We were extremely fortunate to have Angela Manuszak from MCD come in and speak with the students. She was a wonderful addition to the curriculum and also gave students a greater understanding of what the Miami Conservancy District is. We will have one more lesson in the classroom and then finally a fieldtrip to MCD, Five Rivers Outdoors, and Riverscape.

Again, big thanks to Angela and her partnership with the Rivers Institute!
