"Last Whistle" for
Seniors Knisley,
Strugarek, Zach and
Westendorf
DEAR ALUMNUS:

On page 5 of this issue is a listing of those men in the service who have come to our attention since the October issue went to press. Our total of "known" men in service now approximates 500.

However, we are certain that there are many, many more of our graduates and former students now on active duty. The alumni office is bending every effort to bring the service honor roll up to date. You can help by apprising us at once of a) any service men who have never been mentioned on our pages and b) any new entrants into the armed forces.

When sending this information, please mention the full name of the individual, together with class, address, rank and place of encampment, where known. Alumni mail will be sent to service camps only upon the special request of the individual. Otherwise mail will continue to be sent to the place of last residence.

On pages 6 and 7 will be found the roster of alumni who have contributed to the alumni fund since June 23. They number 175. Another 145 contributors were carried in a previous issue.

These two groups represent the total of contributors for the year 1942. If your name is not listed and you have contributed, please notify the alumni office at once so that correction can be made.

If you have not contributed to the fund as yet but desire to do so there is still time. Annual dues are set at $4.00 per year but any amount, no matter how large or small, is most welcome. As announced previously, you may pay by cash or in defense stamps or bonds.

To those men serving in the war's far flung frontiers—men who will not receive this November issue until late in December, we wish all the blessings of Christmas.

CHEMS HONOR
DR. WOHLLEBEN

Chemistry graduates of the University of Dayton honored Dr. William J. Wohlleben, head of the chemistry department, on his Golden Jubilee as a member of the Society of Mary at a dinner at the Biltmore Hotel Sunday evening, October 18.

A delightful informal gathering preceded the dinner. The table was uniquely set with chemical apparatus and items on the menu were translated into terms familiar in the laboratory. The dinner was conceived and arranged by Carroll Hochwalt, Robert M. Payne, and Michael Moran.

Keynote address at the banquet was given by Ralph J. Wirshing, '16, Detroit, the oldest alumnus present, Dr. Wohlleben, Rev. John A. Elbert, President of the University, and Dr. M. E. Haas, dean of the College of Engineering, also spoke to the gathering.

Mr. Wirshing pointed out the outstanding qualities of Dr. Wohlleben's service to the University and summed up his remarks by proposing the "Dr. Wohlleben University of Dayton Endowment Fund." The endowment campaign would be sponsored by chemistry graduates and carried on among them and friends of Dr. Wohlleben and the University.

The group unanimously adopted Mr. Wirshing's suggestion and Emil H. Kessler was appointed chairman of the campaign.

Those alumni present included the following: (by classes)

FOOTBALL—The pigskin used in the Flyer game with Heidelberg was "sold" for $5000 at a bond rally in Dayton... At another rally, a Flyer autographed gall brought $10,000... 5,000 persons assembled in the U.D. stadium for the annual Eucharistic Hour rally of the Holly Name October 11... Bro. Francis Tribull, S. M., a passenger on the exchange liner Gripsholm, spoke at the International Relations Club in October... "The Daytonian" won an All-American honor rating from the National Scholastic Press Association.

TRANSFER—Lt. Berwyn L. Miller has gone to Ohio university as an R.O.T.C. instructor there... Chemistry graduates honored "Doc" Wohlleben on his golden jubilee as a member of the Society of Mary at a testimonial banquet... Homecoming was celebrated with a tea dance this year... Pauline Zink was homecoming queen... An obstacle commando course has been established for all male students as part of the physical training program.

LECTURE—CABOS brought Msgr. Fulton Sheen, NBC Catholic hour speaker, to Dayton for a lecture which packed the NCR auditorium October 25... Rev. Bernard Hubbard, S.J., the "Glacier Priest" spoke at an October assembly... About sixty per cent of eligible students have enlisted in some branch of the service... Students from Greece, Serbia, Hawaii, Puerto Rico, and twenty three states are enrolled at the university... Emil Liars, "The Otter Man," appeared with his trained animals at a recent U.D. assembly... Lt. (j.g.) John Fitzgerald, formerly of the U.D. engineering staff, is teaching at Annapolis.

J. G. CONZELMAN TO
GET M.S. DEGREE

James G. Conzelman, deliverer of the 1942 Commencement address, "The Young Man's Mental and Physical Approach to war", will be conferred the degree, Master of Science in Physical Education "honoris causa" at the 1943 Dayton commencement.

The committee on honorary degrees, in unanimously voting to confer the degree, based their decision on testimony and evidence which indicated that Mr. Conzelman was the nation's outstanding authority on physical education as applied to the war effort, Mr. Conzelman's authority of opinion on the subject and the fact that at great personal effort he is transmitting this vital information into proper channels, further influenced their decision.

The degree will be conferred at the 1943 Commencement on April 18. In making the announcement, the committee indicated that still other individuals were under consideration of being honored at the ceremonies.
THEIR GREATEST SEASON

Harry Baujan

Jim Carter

Head coach Harry C. Baujan and assistant coach Jim Carter completed the most successful season in their four year coaching alliance when Dayton downed Ohio U. last Thanksgiving for the eighth win of the season against just two losses. Carter is also head basketball coach.

FLYERS CLOSE 1942 SEASON IN GRAND STYLE; WIN 8, LOSE 2. FINISH 3rd IN OHIO

With a final record of eight wins and two defeats the Flyers this year completed the most successful season of any Dayton team in ten years. Gaining nation-wide recognition, the Hilltoppers placed two of their stars on the “All Ohio” first team and finished third out of 36 entries in the state football race, trailing only Ohio State and Cincinnati.

The opener with the Findlay Oilers was handled in easy fashion as the Flyers rolled up 49 points while holding their outclassed opponents scoreless. The following week Dayton encountered one of the toughest teams on the schedule, Western Michigan came to town with a string of nine consecutive victories, Sparked by the brilliant play of halfback Bill Knisley and a stone wall line defense, the Flyers defeated the Broncos, 21-0. Western Michigan has not been defeated since and now has a record of only one loss in 16 games.

Heidelberg was next to fall under the Dayton steam roller, The Flyers scored 22 points in this game, although two of these were claimed by the Student Princes by virtue of a safety.

Stepping out of their class, the Flyers journeyed to Knoxville to meet one of the strongest Tennessee aggregations in many years. The Volunteers piled up 34 points to six for the Red and Blue, and have since been invited to play Tulsa in the Sugar Bowl on New Year’s day.

Continuing their travels, the Flyers met Miami University at Oxford the following week and stayed long enough to collect another victory, defeating the Redskins, 20-0.

REVENGE OVER XAVIER

When the Xavier Musketeers came to town the next Saturday night, they encountered a Dayton team that was keyed to the heights with the determination to avenge last year’s 27-0 defeat by the Muskies. Trailing seven to six at the half, the Flyers came roaring back in the second half to score two more touchdowns and sweep the Musketeers right off their feet. The Red and Blue won the game, 20-13, as Knisley again was the standout performer, racing 54 yards for one touchdown and throwing the passes which accounted for the other two.

HOMECOMING VICTORY

Marshall was next in line and in this game a large Homecoming crowd saw the Flyers win a hard fought ball game by a score of 20-13. After scoring one of the three Dayton touchdowns, Knisley suffered a rib injury and was replaced by Jim Fenton in the second period. Fenton and halfback Jack Castignola then split the passing and running duties for the remainder of the game, both playing outstanding ball. Castignola’s passes took the Flyers down the field for two sustained drives ending in touchdown runs by Fenton and Lou Priske.

The University of Chattanooga came to Dayton for the first time the following week and brought with them a smart, alert team that provided the most thrilling game of the year. Dayton drew first blood when a pass from Castignola to Dick Strugarek in the end zone accounted for six points. Zach’s kick was good. The Tennessee eleven then came back strong and scored twice in the second half. One of these scores was on a pass and the other was the result of a 70 yard punt return on the ancient criss-cross play. The score, with but 20 seconds to play, stood at 12-7 in favor

ALL-OHIO SELECTIONS

Climaxing the Flyers' very successful season was the announcement that eight of the eleven Dayton regulars were mentioned on the United Press "All Ohio" team.

First team positions were awarded to halfback Bill Knisley, outstanding star of three years, and center Bill Powers, "lineman of the year."

Jerry Westendorf, left end and signal caller, Bob McIntire, left tackle, and Don Pincioti, fullback, were all placed on the second team.

Third team honors went to Walter Zach, right guard, Bob Miller, left guard, and Lee Schmidt, blocking quarterback received honorable mention.

of Chattanooga when Priske returned a punt 70 yards to score the final touchdown and win the game for the Flyers, 14-12.

The Cincinnati game saw a mentally stale Flyer eleven handed a 20-0 defeat by a big, aggressive Bearcat team. Hampered by numerous minor injuries, Dayton just couldn't get started as they suffered their only off-day all season.

At the beginning of the year coach Harry Baujan stated that his season would be a success if the boys would only beat Xavier and Ohio U. By this time the Xavier game was safely tucked away and in the grand finale the Flyers presented Harry with the other half of his wish. Playing in their best form of the season, the Hilltoppers bottled-up the Ohio backfield stars, John Fekete and Bill Heinz, at the same time piling up three touchdowns themselves to win 20-0. The Dayton scores are credited to Knisley, Pincioti and Fenton, each of whom went over the line on short running plays.

1922’s TWENTIETH ANNIVERSARY

THE CLASS OF 1922, STAGED ITS TWENTIETH ANNIVERSARY REUNION LAST HOMECOMING. A dinner and informal get-together in the dining hall featured the occasion. Those present included:

Standing, left to right: John Grismer, Edwin Huesman, Mrs. Huesman, Dr. M. E. Haas, Mrs. Grismer, Ed Kramer, Mrs. Kramer, Robert Stewart and Mrs. Stewart.

NEW HOME EC LAB IN OPERATION

A cooking laboratory and sewing room, for the teaching of home economics, recently completed on the third floor of Chaminade hall, offer new fields of academic work to Dayton co-eds. Sister Raphaelis, M.S.C., is in charge, "Nutrition in the Defense Program" is included among the courses offered in the cooking lab. Students in the textile course prepare themselves for work as clothing designers, stylists and buyers. Home Economics is proving quite popular among the co-eds.

ALUMNI influence

Our alumni do not cease to influence the university after they leave their last class in St. Mary's hall, a survey of 1942 freshmen shows, 66 of this year's fresh have 101 relatives among the alumni.

Oldest alumni relative was reported on the questionnaire of one whose great-grandfather went to school on the hilltop when it was St. Mary's Institute. Uncles led the list of alumni relatives, with cousins, fathers, brothers, and aunts following.

The 125 different vocations listed under "father's occupation" shows a university as democratic as a polling place. Not all the fathers are sending their children through, as over half of this year's crop of students reported that they were helping to pay their own way through college.

Industrial areas send by far the largest number of students to U. D., with 180 coming from industrial, mercantile, or mining cities to the 58 that come from agricultural districts or small towns.

"The school's reputation" and "wanting to live at home" were the biggest factors in drawing students to the university, with religion next most important.
