"Out of this World"

AS OTHERS SEE US

"It Happened In Dayton," Bert Klopf'er's immensely popular column, running daily in the Journal, was devoted entirely to U.D. in the March 6 edition. The column follows:

"Within the walls of the University of Dayton is to be found abundant scholarship, for the patient, persevering, unpretentious Brothers of Mary have spent many years in academic training—intensive study for the life to which they have devoted themselves, the life of teaching.

"There are, indeed, savants in the teaching group though they would demur at being called such. However, the point I'm trying to make is that our university is a splendid center of culture and it is cooperating in all cultural and scientific activities, unafraid and with no thought of material gain or advantage.

"Although receiving no public funds, the University of Dayton merits the hearty, loyal spirit such as all Cincinnatians feel for the University of Cincinnati or that the citizens of Ohio as a whole feel for Ohio State.

"Brothers who have been at the University of Dayton for over 30 years include Dr. Matthias Haas, dean of the Engineering college, 32; Brother Edward Knust, head of the student bureau, 34; Dr. William J. Wohlleben, head of the department of chemical engineering, 35; Brother Thomas Poitras, professor of French, 38; Brother Fred Pauf, prefect of St. Joseph hall, 39, and Brother Adam Hofmann, head of the department of mechanical engineering, 42 years.

"Brother Thomas Poitras has degrees of bachelor of arts, bachelor of science, bachelor of music and master of arts. He studied at the Sorbonne, in Paris, before the outbreak

Front Cover: Helen Higgins, sophmore arts student from Dayton, will sing the lead in "Out of This World," tenth annual Mask and Mascara musical comedy set for March 31 and April 2 in the gym. Maurice R. Reichard '35, head of the department of music and composer of the musical score, will also direct the performance. Thomas Cron, (right), junior science student from Celina, Ohio, will have the male lead.
Lt. Bernard Hollenkamp '39, reported missing in action (January Alumnus) had been reported by the War department killed in action. Notice was received February 25 that Lt. Hollenkamp, missing since a raid over Germany on December 20, has been officially given up for lost.

Pilot of a B-17, Lt. Hollenkamp, who resided with his mother, Mrs. Theodore Hollenkamp at 304 Schenck ave., had been in the service since September, 1942 and was commissioned in April, 1943. His death brings the casualty of Daytonians to 19.

The deaths of Lt. (j.g.) Charles H. Deger, Lt. Edward Hempelman and Lt. Francis X. Simmons (pictures in this issue) were reported in the February Alumnus.

Lt. Donald P. Davidson, previously reported missing, is now a known German prisoner of war, along with Lt. Barry Shillito and Lt. James R. Carnahan, missing since January 7.

Corp. Stanley Sander has been wounded in action in the Central Pacific area but is recovering. Corp. Sander was a student at the university at the time he enlisted in the Marine Corps.

Pfc. Gil Stovicak, a student at the time he enlisted, is missing in action in Italy. No particulars have been disclosed.

The Campus Activities Board of Service (CABOS), through Bro. Vincent Wottle, director of the project, plans to have the service Roll of Honor completely revised within the next few weeks. The herculean task of revision will be undertaken by Bro. Wottle and a group of student volunteers from within the ranks of the Cabos.

The two boards, as published in the Exponent and February Alumnus, contained the names of 1242 men in the service. Another 242 names will be added at this time, bringing the total to 1484, not including our 19 dead who are listed separately.

Among “our highest” are a Brigadier General and a Major General, five full Colonels, 23 Lt. Colonels and 65 Majors. Highest ranking naval officer is a Commander and there are six Chaplains.
Three sets of Brothers, long identified with the faculty, were recently object of a feature in a downtown paper. They are, left to right: Bro. Albert Wehrle, Bro. William Wehrle, Bro. Walter Baumeister, Father Edmund Baumeister, Bro. Louis Saletel, and Bro. Anthony Saletel.

The three sets of brothers represent three families having a total of twelve within their immediate family in the religious life.

Brother Albert Wehrle is professor of electrical engineering. Brother William Wehrle is head of the English department and is debate coach.

Bro. Walter Baumeister is assistant engineer in charge of the power house. Father Baumeister is dean of the graduate division and professor of education.

Brother Louis Saletel is head of the department of geology and has done extensive research into the field of photography. He is the Alumnus staff photographer. Brother Anthony Saletel is assistant professor of German and assistant prefect of St. Joseph hall.

NAMED TO COMMITTEE

Father John A. Elbert, president and Dr. E. B. O'Leary, head of the business department, have been named to the committee of the Dayton Post War Planning Board. Many alumni are also listed with the committee. This particular project is generally regarded as one of the most comprehensive of its kind in the country and an outstanding effort toward rehabilitation of returning servicemen.

WINS LAETARE MEDAL

Anne O'Hare McCormick '29 Ph.D. (Hon.) has been awarded the 1944 Laetare medal by the University of Notre Dame in recognition of her as an outstanding Catholic.

Mrs. McCormick, wife of Frank J. McCormick, also an alumnus, is one of the world's leading journalists and a former Pulitzer prize winner. Mrs. McCormick is a member of the editorial board of the New York Times.

FOURTH COMMENCEMENT

Fourth commencement since the accelerated program went into effect in 1942 will take place Sunday, April 30 in the gym. Thirty-one degrees will be granted.

Baccalaureate services will be held in the chapel of the Immaculate Conception at 9 o'clock in the morning and the commencement will take place at 2:30 p.m.

The 31 graduates represent seven divisions of the university: Arts, 11; Science, 4; Home Economics, 1; Nursing, 2; Education, 10; Music, 1; Business Administration, 2.

TRAINEEs LEAVE

Members of the Army Specialized Training Program (ASTP), 250 strong, paraded from the campus for the last time March 18. The unit lingered on the campus but a few days following announcement from the War department that the program was being almost totally curtailed. In full uniform and packs, the men, with military and police escort cars in the line, marched to Union Station and entrained for a Texas camp.

They were given parting messages by various faculty members at a special farewell assembly. Among the speakers was Father Henry Kobe, academic coordinator of the group; Bro. Elmer Lackner, speaking for the faculty and Father John A. Elbert, president.

The young men who had called Dayton home during the past months were reluctant to leave. The University wishes them the best of luck and an early Homecoming.

Members of the advanced R.O.T.C. were called to active duty at the same time and entrained for Ft. Benning, Ga., the same afternoon.

Civilian students remaining on the campus number slightly over 600, being equally divided between full time and evening students.

CAPT. HOBAN RECOVERING

Dear Jim:

You are probably wondering who this might be because I never write, but I have had good intentions and I have never forgotten the good old U. of D.

Jim, I just wanted to say hello and let you know that I am still walking on two feet although they tried to put me out of action once, I am still as good as ever and ready to give them another chance. It takes more than the Germans have to put any Irishman out of this fight.

I received the notice about the new project and I have instructed my father to draw some of my wealth out of the bank and send it because I owe the U. of D. more than I can repay.

Well Jim, as you see or write to my old friends, say hello to them for me and tell them that I will see them at the first Homecoming after this is over.

Capt. Thomas W. Hoban '35

“HOOK” GOING NATIVE

Hi Jim:

I received your letter through my mother so naturally I am a little late in getting it.

CORRECTION

Dear Jim:
The February issue of the Alumnus carried this interesting item:
1926—Peter Babb in Mexico City became the father of a baby boy in January. But it should have read as follows:
1927—Robert J. Babb in Mexico City became the father of a baby girl in January.

Bob lives at Dinamarca 33, Mexico, D.F. and is assistant manager of the Brunswick-Balke-Collender company of Mexico.

Three U.D. boys live in nearby Torreon, 20 miles from here: Antonio Cobian '27, Fernando Cobian H.S. '23 and Dr. Prudencio Cobian H.S. '25. I do not know their addresses but I am sure a note sent to Torreon, Coah, Mexico will reach them.

Yours truly is plant manager of the Cia. Mexicana de Mecha Para Minas, S. A. (all that means Mexican Safety Fuse Co., Ltd.) at Dinamita, Dgo.

I'll see you in 1930 or sooner. Give my regards to Bro. Wm. J. Wohleben—how I'd like to see him again!

TAYLOR AT FT. KNOX

Dear Jim:
I get home to see my family about once a month which one couldn't do from Australia or Sicily. But I hate to miss any excitement.

Will drop in to see you one of these days but when I get home it is only for Saturday night and Sunday as I have to be back on Monday to work again.

Say hello to Jack, your big brother, Harry B. and all my friends there for me.

Yours,
Lt. Ed "Chin" Taylor, '27
 Ft. Knox, Ky.

MEXICAN CHAPTER

Dear Editor:
I want to thank you for all the University of Dayton "Alumnus" magazines I have received monthly. Most of the Mexican boys that graduated at Dayton are glad to hear and read about their "Alma Mater".

Many of the boys do not receive the bulletin so I pass mine on to them after reading it.

A crowd of us graduates get together once a week and talk about the good old school days at U. of D. I myself am a graduate of the class of 1925 as Electrical Engineer. My wife is from Dayton. We have six children. Three of them are boys, whom we hope to be able to send to U. D. in the near future.

At the present time with the whole world at war, I want you to know that we, the people of Mexico, are fighting also for liberty and freedom and can only quote what is on the lips of every Mexican, "Unidos Venceremos."

Very respectfully yours,
L. E. Nieto, '25
Mexico, D. F.

PAT DUFFY IN S. W. PACIFIC

Dear Jim and All:
Received your most welcome letter of Sept. 9th, and even though it was so long delayed it was mighty interesting reading.

I was sorry to hear that you were obliged to forego football this season for, as you say, what can a person do on a nice, crisp, Nov. Saturday, if there is no football game to attend?

Might I suggest that you suggest to "Bijou" that crawling in and out of fox-holes is a remarkably sure and quick way of reducing the waist line. (I have dropped 20 lbs. and most of it is off the middle.) Things are beginning to quiet down a bit now and experiences have not been too pleasant and much too close for comfort and you can quote me as saying that when this thing is over with, those "beautiful," southern Pacific islands, will hold no charm or attraction for this Irishman. I'll be satisfied to plant myself in that dear little Gem City of ours and won't give a damn if I never get as far away as Oakwood.

That is about "30" for this time, Jim. Give my best to one and all and, if you find time, drop me a few lines. They are always more than welcome.

Best regards always,
Chief Pat Duffy, '30
 S.W. Pacific

THANKS, "KAVY"

Dear Jim:
Just a note to send you my dues and a little extra. It isn't much but it goes to prove that I have my heart in the right place. Money is rather meaningless over here, except for cigarettes, an occasional beer, and necessary toilet articles. The rest is put away for "a rainy day."

The "Alumnus" has been reaching me regularly, but always a few months late. Regardless of the delays you may be sure that they are always well received. I have been overseas almost nine months now and any news from Dayton is always good news. Now that football season is here again, I suppose the sport is conspicuous by its absence—I can hardly picture U. of D. without Harry's rantings on a Saturday afternoon.

I often think of the university and all the people connected with it. Please pass on my best regards to Harry, Frs. Kobe and Kenny, Dr. Leary and all the rest. Good luck and continued success in your endeavors.

Sincerely yours,
Lt. R. E. Kavanaugh,
