Howard,

Fr. Franz Schorp rummaged through his decades-long accumulation to find Marianist music for Bro. Stan Zubek's project.

Franz found the enclosed and is interested to know if you have any of these especially the "Chaminade Summer School Anthem"?

The melody for "Lady of Fatima" was invented by Bro. Thomas Henderson who could not play a musical instrument. He sang it and Fr. Dreisoerner transcribed it from listening. So the lyric you will recognize but perhaps not the melody.

Franz can't remember why he included the *Ave Maria* in the set.

Have fun with these!
