ALUMNI CONTRIBUTE TO 1946 CAMPAIGN

As a result of the dues statements which were mailed to you last month, the Alumni Secretary is very happy to report that remittances have been received from 326 loyal alumni. As of Feb. 18, we have received $1,152.00 in dues payments and special gifts for which we are very grateful. The complete list of those who have made contributions will be published in the March Alumnius. So, if you have neglected to send in your '46 contribution, won’t you PLEASE DO IT NOW—so that we can reach that “grand”1,000 membership.

It’s a grand old name—Shay—
Come on boys, what do you say?
Shell out and give the gal a hand
Te help her secure the Grand—
(1,000 Membership)
Now that the old school has gone coed
Let’s help her push ahead.
Let that call be heard afar
By her, where ‘ere you are.
Gozy, Marty, Vic, Bill and Tim,
She’ll lead you to that “Gym.”
She might goad our “Rock ’em
Harry”
To hunt bigger quarry.
To wade through the toughest of foes,
The biggest and best—who knows?
To lead Dayton way up on top,
Phelan did it with his crop.
Since we have failed, why not this gal?
Kick in—let’s help our pal.
Do your bit—get in the game
To help Mary secure her aim
(1,000 membership)
and
Prove that Mary’s a grand old name.
(Ned Grimes ’04 Chicago.)

Front Cover: May we introduce Father George J. Renneker, president of the university, presenting the Mathematics Club Alumni Award of Excellence in Advanced Mathematics in the Senior Class to Lt. Jack Homan, ’43. The plaques were not awarded sooner because of the shortage of materials. The Junior class awards were made to Louis Synck, ’43, Dennis Griffin, ’44, and Alice Blaeser, ’45. The Senior class awards were given to Lloyd Weeks, ’44, George Igel, ’45, and Homan. The Math Club Alumni Award was established in 1941 through the efforts of Frank Bucher and Jack Kirchner.

Hilltop Happenings

Dr. Edward A. Huth, acting head of the Sociology department, represented the University at the 14th annual National Catholic Conference on Family Life, sponsored by the Family Life Bureau of the National Catholic Welfare Conference in Washington, D. C., at the Catholic University of America. Carl A. Schmidt, Dayton druggist, outlined and discussed his price stabilization plan at a meeting of the Bellarmine Society, in the Albert Emanuel Library. Brother John J. Lucier, chemistry instructor, addressed the opening session of the 15th anniversary meeting of the Dayton section of the American Chemical Society. His topic was “War Time Chemical Education at U. D.” and pointed out that scientific education is the country’s first line of defense. Major Wilfred I. Freel, professor of military science and tactics, announced that the advanced ROTC program has been reactivated. There have been no advanced ROTC courses on the campus since 1943, but the basic course has been continuous.

The University was represented on the Executive board of the Bishop Thill local conference of the Catholic Student’s Mission Crusade held recently in Dayton. Brother Albert Rose, instructor in political science, spoke at the dinner meeting of the Catholic Business Women’s Club, Dayton, at the Loretto... Dr. E. B. O’Leary, head of the business organization department, was one of three speakers at a dinner meeting of the Dayton Sales Executive Club. Dr. O’Leary spoke on “The Outlook on the Economic Front.” Dr. George Nicoll was guest speaker at the February meeting of Sigma Delta Pi, premedic society. He is head of the roentgenology lab at Miami Valley Hospital, Dayton, and spoke on “X-Ray Education.” Dr. Florence Wagner spoke to Upsilon Delta Chi, home economics group, and the Dayton and Montgomery County Home Economics and Dietetics Association at U. D. She spoke on “Openings for Home Economics Trained Women.” The Dayton Music Club chorus, under the direction of O. E. Gehhart, presented a musical program at the first assembly of the second semester. Selections included Tchaikovsky’s “Nutcracker Suite,” “Liebestraum,” by Liszt, Bizet’s “Open Thy Heart” and “Donkey Serenade” by Friml. A group of U. D. boosters sponsored a dinner party for Bro. Schad, former athletic director of the Flyers. Brother Thomas Price was the principal speaker at the first annual father and daughter breakfast of the Father’s club of the Juliene PTA. Brother Tom spoke on the topic, “Woman’s Role in the Modern World.” Harry Baujan, athletic director, has called a meeting of all those interested in spring football. U. D. has taken its place among other colleges with the American Alumni Council. As a result of attendance and participation of Mary Shay, your Alumni Secretary, at a district conference of the American Alumni Council, membership has been secured in this organization.
FRANK J. SHEED

The University Lectures will present the fifth and final speaker on the series, Sunday, March 3, at 8:15 p.m., in the main ballroom of the Biltmore Hotel. Mr. Frank Sheed will speak on "The Church in Present-Day Europe."

Born in Australia of Irish descent in 1897, he was graduated from Sydney University with degrees of Bachelor of Arts and Bachelor of Laws. On coming to England however, he decided not to practice law, but founded a Catholic publishing house which aims at presenting Catholicism positively, and at being a medium of expression for the whole Catholic world. In 1926, with his wife, Maisie Ward, he established the London house of Sheed and Ward, and the American office was opened in 1933. Its list includes such well-known authors in Europe and America as Chesterton, Belloc, Christopher Dawson, Alfred Noyes, Monsignor Fulton Sheen, and Arnold Lunn. Mr. Sheed has translated the works of Jacques Maritain, Etienne Gilson, and Henri Ghoren, and has also published books of his own. Among his published works are "Nullity of Marriage," "A Map of Life," "Communism and Man," and "Sidelights on the Catholic Revival."

In addition to his writing and publishing activities, Mr. Sheed is Master of Westminster Catholic Evidence Guild, whose purpose is to teach Catholic doctrine and to explain the Catholic point of view to the working man. In addition, Mr. Sheed is in charge of the training of Guild speakers in London. He has addressed well over 3,000 street-corner and indoor meetings in England and America during the course of the last fifteen years.

We would like to express a vote of thanks to all those who have so faithfully attended and supported the University Lectures Series. The interest shown in attendance and participation in questions and answers after the lectures was typical of the good old U. D. spirit, which has transferred to the Alumni, and which evidently is still very active in U. D. affairs. Rumor has it that the University Lectures will be established as a regular feature of U. D. activities. Thank you, Alumni, for your participation.

Night Enrollment Tops All Records

The University of Dayton evening classes began Wednesday, Feb. 13, with another peak enrollment of over 700 students.

To accommodate the increased enrollment, the evening class program has been expanded to include over 90 courses. Because of the increased popularity of the business administration courses, especially with the discharged veterans, several courses have been added to the schedule of the business organization and accounting departments. New faculty members have been added to the staff to meet the new needs.

Dr. Henry Hodges, of Management Consultants Inc., will teach the course in Industrial Management. Richard Freine of the Standard Register Co., will be the instructor for the course in "Motion and Time Study II." A course in advertising will be given by George Staudt, director of advertising and sales promotion for the Standard Register Co.

The personnel administration course will be taught by Roy Sparks of the Inland Manufacturing division of GM, while Barrett Kloper, also of the Standard Register will be the instructor for "Work Simplification in the Office."

Brother Elmer C. Lackner, S. M., assistant dean and former alumni secretary, is director of the evening class program.

Day school enrollment has really hit an all-time high. At the present, there are 985 full time students enrolled in the University, including over 400 returned veterans.

University of Dayton
Dayton, Ohio

Dear Brother:

Having attended your University during the year 1920, I would like to have a remembrance of my student days, which I so much like to recall, and for this reason I take the liberty to request you to have the kindness to send me by mail THREE U. D. PENNANTS, informing me of the price which I will be happy to cover promptly.

I would also desire, if it is not too inconvenient for you and if you judge it proper, to send me periodically your student promotion pamphlets because, situated by the grace of God in this city where I enjoy a comparatively large acquaintance, I would like to advertise the school among the parents here, in an endeavor to have some of our young men go to receive from you the solid instruction and education which have given such prestige to my never-to-be-forgotten University.

Making use of this opportunity to place myself at your orders, I remain,

Very sincerely yours,
(Signed)  Jose S. Sada.

Welcome Dance

The "Welcome Whirl," an informal dance in honor of the newly enrolled U. D. students was held at Wampler's Barn, Friday, Feb. 22, from 8 until 11:30 p.m. The music was furnished by Al Sprauer and his orchestra.

Dick Barr was general chairman of this dance which opened the U. D. social calendar for the spring semester. Heads of the various committees assisting him were: Margaret Ashworth, Shirley Duerr, Jack Laughter, Frances Sloan, Peggy Watkins, Shirley Tingle and Helen Vlahos.

Who or what was "Goldie"?—Everyone was asking. Mystery surrounded the "Welcome Whirl" in that no one seemed to know what was what. "Goldie's" identity was revealed at the dance.

3
72 GOLD STARS ON HONOR ROLL

Lt. Thomas Arthur, '42 was called to active service by his country in September, 1943. He served first at Great Lakes, Ill., being there until August, 1944. Between August and November, 1944, he was stationed at Providence and New Port Naval Bases, from which he sailed on Nov. 10, 1944. Lt. Arthur served as a dental officer on the U. S. S. Circe. All of his overseas service was seen in the Pacific zone. His ship was active in the campaigns of Okinawa, Leyte, Saipan, and Guam. The Circe went to Japan, and from there headed for the United States. Entry was made into the United States on Dec. 20, 1945, at Treasure Island, San Francisco.

On January 1, 1946, Lt. Arthur spoke to his family, and on January 3, his parents were notified that he was ill. The cause of his death has not yet been reported to his family, but a report from the Navy is expected soon.

Survivors include his parents, Dr. and Mrs. J. R. Arthur, Dayton, O.; his wife, Mrs. Dorothy Arthur, Waukegan, Ill., a brother John, Cleveland; and a sister, Mrs. James McCann of Toledo.

David A. Kiefer, '46, died in January at the Naval Hospital, Oakland, California, where he had been a patient since Dec. 30. He died of an incurable liver condition which he contracted in the South Pacific after he had served in six major naval engagements.

David was a radarman third class, and had been removed to the California hospital from Pearl Harbor where he had been hospitalized since Dec. 4. He became ill at Samar, an island of the Philippine group, where he was stationed and from there he was brought by air to Hawaii, and the United States, where his mother was summoned to his bedside.

He was inducted into the Navy in May of 1944. After completing his boot training he served aboard the aircraft carrier, Saginaw Bay until the ship was decommissioned at the end of the war.

David had participated in six major battles in the Pacific theater including Iwo Jima, Okinawa, Tinian, Palau, Leyte and Luzon.

Survivors include his parents, Mr. and Mrs. Arthur Kiefer, a sister Frances, all of Piqua, Ohio.

Capt. Paul J. Reis, '43 was killed in action on Christmas Day, Dec. 25, 1944. His death was confirmed by the War Department, and the family has received information from the Base Chaplain at the Shanghai Air Depot, giving information on Paul's death.

While attending the University Paul received his pilot's license after completing a civilian pilot training course. He also received a restricted commercial license in flying the day after his graduation.

He joined the Army Air Corps in November, 1941, and was graduated from Corsicana, Randolph and Foster fields, receiving his wings at Foster Field, May 1942. He was one of the six of a class of 135 graduates at Foster Field receiving a perfect record in pursuit flying.

After serving as an instructor at Greenville, Miss., Reis left for the Panama Canal Zone in August 1942. There he served as a flight leader and was head of the engineering department, as well as an official test pilot in the Canal Zone. Returning to the states he attended a Gunnery and Bombing School, and then went back to the Canal Zone. In August, 1944, he went to India and in September, Paul went to China. He also served in Africa and Italy and won five battle stars.

He was awarded the Air Medal for long range interception and flying. Paul received his bachelor of science degree from the university. He was the manager of the track and field team during the four years he attended, and was awarded the Conduct Award while there.

MARIAN LIBRARY CENTENARY PROJECT
WORK PROGRESSES ON CATALOGUE

The Marian Library, a project undertaken in commemoration of the hundredth anniversary of the founding of the University is under the supervision of Rev. Edmund Baumleister, dean of the graduate division. The centenary will be celebrated in 1950.

One of the chief purposes of the Marian Library is to assemble in one place all literature on the Blessed Mother. This includes books, periodicals, pamphlets, leaflets, manuscripts, etc. It is proposed to collect these materials in the principal research languages including English, Latin, French, German and possibly Italian and Spanish. For the other languages it is proposed that some center of each nationality in the country establish a complete Marian collection in its own language and submit to the Marian Library a complete list of the holdings to which inquiring research workers may be referred.

Eventually it is proposed likewise to build up a collection of Marian art and music. In the latter field such materials as musical scores of Marian songs, Masses, and phonograph records will be assembled.

Also it is proposed to establish a complete author file of all the literature that is available on our Blessed Mother even though this material cannot be assembled in the Marian Library itself.

UNION CATALOGUE

In order to make this author list more useful it is proposed to establish a union catalog of all the principal Marian publications. This union catalogue should unite the list of the Marian books in all the outstanding libraries of the country whether they be public or private. Thus, it will be possible for the Marian Library to locate any material or to refer research workers to sources from which they can obtain this material through the inter-library loan. The union catalogues will be primarily of service to those working in the Marian Library or through it. But through this union catalogue it is hoped to build up many local union catalogues. This will be accomplished very readily by means of the central union catalogue. If any city is interested in establishing such an organization as a Marian reading circle, the Marian Library shall be able to furnish it with all the Record cards for the district so that with a minimum of effort a local union catalogue can be constructed.

Another important purpose of the Marian Library is to act as a clearing house for all information on our Blessed Mother. Many questions have already come to the Marian Library and we hope, once the Library is fully organized and catalogued, to be able to extend the services and to promote genuine research in the field of Mariology. In this way it is hoped that the Marian Library will be a genuine means of Apostolate and that it will be able in a way to integrate the different forms of Marian Apostolate.

The Marian Library has been established entirely on a voluntary basis. Donations of funds and of books have been the starting point. Many publishers have offered to give copies of all their Marian publications to this project. Authors have been generous in supplying autographed copies. Besides this, there has been a generous contribution of personal service and time, in order to help locate materials and to check libraries for the union catalogue.

INTERNATIONAL

In order more surely to locate available materials and to check libraries for our union catalogue an international organization of field workers has been established. At the present time there are field workers in most of the principal cities of the United States. A number of field workers have also volunteered from Canada, Mexico, and South America. From Europe three volunteers have already offered their services, and it is hoped in the near future to organize the six Marianist provinces of Europe much in the same way as they have organized the American provinces for this purpose. The field workers include priests, sisters, brothers, and laymen in all walks of life. In Dayton there is a local Marian Library committee including volunteers trained in library science who are offering their services to further the project.

It is understood from the outset that it will be impossible to assemble in one place all publications in their original form. Many books are out of print and only the rarest copies are available in some of the

Carter's quintet was the second Ohio team to down the strong Ohio University Bobcats. Flyers won by a score of 65-53. Only the nationally rated Bowling Green Falcons have heretofore handed the Cats a defeat. The U. D. cagers chalked up a greater margin than the Falcons. The win avenged a December defeat the Bobcats handed the Flyers in Dayton.

Coordination and smoothness of play, which had been seriously lacking previously, were the characteristics of the game. When the new additions were made to the team, it was understood that the team would be stronger. But also it was thought that it would take the boys a longer time to start clicking together. They lost no time. They went into the game and started pitching them in right away.

Bill Ginn, U. D.'s high scoring forward, added another 25 points to his total, holding Ohio U.'s Bob Miller to three points. At the half, Ohio U. was ahead 34 to 30, but soon after the third period started, the Flyers went out in front and were never behind again.

Additions To Squad

Coach Jim Carter was very happy recently to add ten new men to his U. D. Cagers. Nine of these men are ex-GI's.
Marian Library

leading libraries. When such materials cannot be obtained it is proposed that they be microfilmed and that a microfilm collection be established at the Marian Library. Photos
stats of some rare documents have been made and rare booklets have also been assembled in the Library in this form.

At the present time the Marian Library issues a bi-monthly Newsletter. The purpose of this letter is to inform interested friends of the progress of the Marian Library and to solicit further assistance in the way of materials and services.

In April 1945 the first Booklist of the Marian Library was published. This Booklist includes 2,600 entries. In December 1945 a Supplement was published bringing the number of entries to 4,200. It is proposed eventually to issue a quarterly or a monthly as circumstances warrant. These publications will have for a purpose to issue bibliographies, to review current Marian literature, to disseminate information about the latest research in Mariology and to stimulate interest in our Blessed Mother.

PROGRESS MADE

To date the holdings of the Marian Library seem rather meager, but it is hoped that within the next year or two the collection will grow rapidly. Much of the time and effort put into the Marian Library thus far has been devoted to establishing a good organization of field workers and a flexible and useful device for a union catalogue. It is believed that both of these have now reached a satisfactory stage so that progress should be rapid once the organization is in motion.

To date the field workers have merely been appointed but with the publication of the Supplement in December 1945, their efforts will be mobilized and we hope that the summer of 1946 will enable them to crystallize something that will already be a great step toward the realization of their plans. The Marian Library is primarily a centenary project of the University of Dayton. Our centenary occurs in 1950. By that time we are confident that we shall have not only a good collection, but that the work of cataloguing and other arrangements necessary for a real service agency shall be ready for action.

JUNIORS PLAN ANNUAL PROM

MEMBERS OF THE COMMITTEES OF THE JUNIOR PROM WHICH will be held at the Miami Hotel, March 2, are Ted Aponyi, junior chemical engineer; Eleanor Kurtz, junior arts; Peggy August, junior arts, and Bill Greger, junior electrical engineer.

“LOST” ARE FOUND

The editor would like to express her appreciation for the splendid response that we have received as a result of our publishing the names of those persons who are listed in our “Lost File.” Addresses really came in over the phone, postcards, special letters, on the back of the dues statements. Thanks a lot, Alumni, for your splendid cooperation.

CHAPLAIN RETIRES

Chaplain (Lt. Col.) William P. O’Connor of Dayton, who served overseas during World War I and II will be retired soon. This was learned recently from a war department press release concerning Father O’Connor’s participation in the Veterans’ Victory broadcast at San Mateo, Calif.

Chaplain O’Connor arrived in Ireland in 1942 with the first overseas contingent of American troops, and returned to this country and Dayton 23 months later. He served with men of the Thirty-Seventh Division, later veterans of Guadalcanal and Luzon, during their basic training at Camp Shelby, Miss.

Junior Prom Tops Social Season

Another pre-Lenten social function is the long awaited 1946 Junior Prom, under the sponsorship of the junior class of the University of Dayton. The juniors have been busy all winter making plans, and patiently waiting for the time to start them working. The J-Prom will be a real collegiate event—the culmination of months of idea-collecting. This year it will bring back all of the pre-war tradition that has been associated with it.

Eddie Kadel and his orchestra have been engaged for the dance, which will be held in the main ballroom of the Miami Hotel on March 2 from 9 to 12.

Kenneth Trimbach, president of the junior class, is general chairman for this first formal dance of the U. D. social season. Assisting him on the various committees are Bill Greger and Joe Mori, tick is and reservations; Eleanor Kurtz and George Mitchell, publicity; Bonnie Winckelman, Peggy August, Joan Roderer, and Sam DeHart, program and decorations.
