ACADEMIC COSTUME

Academic costumes are as old as the Universities themselves. Practically all of them derive from some form of clerical or priestly garb worn by the students and faculty in the Middle Ages. In Europe, each institution seems to have its own variant of costume, but in America academic costume follows a uniform code drawn up by a special commission in 1895. The code has three main parts; that is, it deals with caps, gowns and hoods.

The Oxford type cap or mortar-board seems to have evolved from the square biretta of Renaissance churchmen. It is always black and may be of any appropriate material except that velvet is reserved for doctors. The tassel worn with the cap has three variations. First, it may be black for any degree. Second, it may be the color of the faculty in which the degree was granted. Third, a tassel made of gold metallic thread is reserved to doctors and governing officials of institutions. At the moment the degree is awarded, the tassel is switched from the right to the left side of the cap.

Gowns, which according to the code are all black, are of three kinds. The bachelor’s gown is a relatively simple kind falling in straight lines from a fairly elaborate yoke. Its distinguishing characteristic is the long pointed sleeves. Master’s gowns are set apart by a peculiar arrangement of the long sleeves whereby the arms emerge from the sleeves through slits at the elbow. The rest of the sleeve dangles and terminates around the knee of the wearer in a square end into which a semi-circle is cut. In 1960, however, the gown was modified. In place of the elbow slit, an opening was made at the wrist and the gown was made to close. The doctor’s gown is an elaborate costume marked by velvet panels down the front and around the neck as well as by three bars of the same material on the ball shaped sleeves. It is cut much fuller than the other gowns and unlike them may be ornamented in color. Both the paneling and the sleeve bars may show the faculty in which the degree was awarded.

The hood alone clearly shows the level of the degree, the faculty in which it was given, and the institution which awarded it. The level of the degree is shown by the size of the hood, the width of the velvet trimming, and in the case of the doctor, by the shape. The bachelor’s, the master’s and doctor’s hoods are three feet, three and one-half feet, and four feet long respectively. The velvet trimming in the same order is two, three, and five inches. This extends all around the hood on the exposed edge. To make a more comfortable fit, it is allowed to narrow to the neck band. This same trimming identifies the faculty. The institution which awarded the degree is indicated by the colored lining. Dayton hoods are lined with cardinal red silk crossed by a Columbia blue chevron.

The color of the faculty referred to above indicates the field in which the degree was taken. The colors seen most often in a Dayton procession, with the fields they represent are:

- White: Arts, Letters, Humanities
- Drab: Commerce, Accountancy, Business
- Light Blue: Education
- Orange: Engineering
- Brown: Fine Arts
- Purple: Law
- Lemon: Library Science
- Pink: Music
- Apricot: Nursing
- Dark Blue: Philosophy
- Sage Green: Physical Education
- Golden Yellow: Science
- Scarlet: Theology

The University of Dayton

ANTHEM

On mountain high and hillside,
O'er meadow and through dell
In busy mart and hamlet,
Where hearts their story tell,
A clarion voice is ringing,
It rises, now it falls
Arouse, all ye of Dayton,
Your Alma Mater calls.

U.D., we hear you calling,
Fidelity's the test,
Your sons and daughters answer from
North, South, East and West,
With measured tread advancing,
Our emblem full in view,
We sound your praise and pledge
Our loyalty to the Red and Blue.
