UNIQUE OCCUPATION MERITS RECOGNITION

In a recent illustrated feature story published in the Dayton Daily News CAMERA section, alumnum Gene Rotterman, '43, and his partner Jean LaRue of Walla Walla, Wash., predicted wide new vistas soon to open in their "piped in" recorded music business. The two young men, co-owners of the Dayton Wired Music Service which operates the local Automatic Hostess "juke box" system, are currently experimenting with supplying recorded background music for offices, stores, banks, and industrial plants.

When quizzed by reporters about their unique enterprise, the pair told reporters of successful test installations now being carried out in a local physician's office and in the restaurant of the Young Women's League. "It's all very scientific and based on psychological factors," they explained. Music suitable for the establishment and the type of work being carried on is there carefully selected and piped in for whatever periods of time the client may desire. It is the plan of the company to offer their service to all places where people congregate, whether in large or small groups.

The majority of their business consists at present of the Automatic Hostess system, which offers "juke box" users some 15,000 recordings from which to make their selection. Music goes out from the company's Mutual Home building studios via the regular Bell Telephone system with each box having a separate wire. When a coin is deposited the box is connected with one of the three hostesses which operate the studio's 19 turn-tables. Some 3500 to 4000 calls are handled during the 19 hours a day that the system is available to users.

The partnership of the two "Genes" began while both were serving as Signal Corps captains. As a team they set up and operated radio stations in Bavaria, Munich, and Luxembourg. While with the 2nd Mobile Radio Broadcasting Company, the pair were among the first troops to enter Paris where they supervised the setting-up of a powerful transmitting station. Once home and discharged, they corresponded about their dream-of "business for themselves" when the dream materialized in the form of a "For Sale" sign tacked on the Dayton Wired Music Service.

Rotterman, who resides at 944 Old Orchard Ave. in Dayton, received his bachelor's degree in electrical engineering from U.D. in April of 1943. LaRue is a graduate of Washington State College where he majored in mathematics and electrical engineering.

GAVIN APPOINTED TO HEAD FLYERS

Joseph J. Gavin, formerly coach at Holy Name High School, Cleveland, has been named head football coach at the University of Dayton. The action was taken at a meeting of the Athletic Board of the university on Wednesday, January 29. Gavin was selected from a group of 18 candidates. He succeeds Harry Baujan who after twenty-five years with the Flyers was made athletic director.

Gavin, a Notre Dame grad, has been coaching at Holy Name since 1932. Although the school is very small, having not more than 250 students, his teams have been able to cope successfully with the larger Cleveland high schools. Of the 134 games played, he has won 84, lost 37, and tied 13. In the Cathedral Latin-Holy Name league, a tie record is the answer. Gavin's teams have won seven, lost seven and tied two. During the 1946 season, Holy Name was second in the Cleveland Senate League.

Gavin was an all-city quarterback at Cathedral Latin from 1923 to 1927. At Notre Dame, where he played under Rockne, he was on the varsity squad from 1928 through 1931.

According to the new coach, he uses a modified version of the "T" formation for offensive play with emphasis on forward passing. The new coach is the only one of the applicants who made a study of the community, the school, and the team. He is optimistic about the possibilities of coaching in a city the size of Dayton which has only one university. The new head coach will have the right to choose his own assistants, three new football men.

Gavin was signed to a two-year contract, and will take over his duties March 1. Spring football practice will be his first task. Gavin is married, and has a family of three daughters and one son.

COACH WELCOMED BY ALUMNI

WHEN JOSEPH J. GAVIN, NEW FOOTBALL COACH AT THE UNIVERSITY of Dayton addressed members of the Miami Valley Chapter, he was welcomed by Elmer J. Will, '37, national president, and George Kramer, '25, retiring president of the local chapter. Shown left to right are Will, Gavin, and Kramer. Photo courtesy of the Dayton Journal.

Hawaii-U.D. Grid Contest Possible

U.D. Alumni figured prominently in initial arrangements for the proposed University of Hawaii-U.D. football game tentatively scheduled to be played Dec. 20 in Honolulu. While vacationing in Hawaii, Dayton attorney James S. Stubbs, law school graduate of '35, met with alumnus Charles Kendall, '28, executive director of the Hawaiian Government Employees Association which is seeking to back the match as a charity contest, and drew up plans to be submitted to Athletic Director Harry Baujan. Stubbs officially represented U.D. in the transaction.

According to reports that Baujan has received from Hawaii, island alumni are enthusiastically awaiting confirmation of the arrangements and the game has already been hailed by Honolulu sports enthusiasts as the highlight of the island football season. Baujan noted that prospects for the trek, longest ever made by a Fyer eleven, appear bright. In an effort to cut down the high expense involved in the jaunt, the athletic director could attempt to schedule a Pacific coast contest near sailing time if the game is approved. Baujan also pointed out that, as it will be a post season game, most of the traveling will be done during the Christmas season involving a minimum of lost school time for the players.

Prominent Flyer grid stars who have long been promoting an island appearance for the Red-and-Blue include Walter "Sneeze" Achiu, Auggie and Joe Cabrinha, Jim Spencer, Sam Hipa, Bob "Ducky" Swan, Jack Robello, Johnny McColgan, and Carl Sackwitz.
REORGANIZE MIA M I VALLEY UNIT

The first post-war meeting of the Miami Valley Chapter of the University of Dayton Alumni Association was held at the Biltmore Hotel, Dayton, Monday, February 17, at 8:00 p.m.

Approximately 450 alumni and friends attended the meeting. George A. Kramer, '25, who served as president of the chapter during the war years presided. A message was read from Mayor Edward Breen, '30, regretting the fact that he could not be present. Tom Blackburn, recently appointed basketball coach at the university, also sent a telegram stating that attendance was an impossibility.

Father George J. Renneker, S.M., president of the university, outlined the growth of the university and the expansion program. He pointed out that the new athletic organization was evidence of the expansion program to be followed by the university.

Father Charles L. Collins, S.M., vice-president, director of admissions, and president of the university's Athletic Board, explained the position and responsibilities of the board in naming the new coach. Harry Bauer, newly-appointed Athletic Director, related his "tale of woe" in revising the athletic program at the university. "The Beast" also told the audience of the difficulties involved in athletic administration. Freshman coach Joe Quinn, '42, and retiring basketball coach, Jim Carter, also were present at the meeting. Mary Shay, '44, Alumni secretary, spoke of the reorganization of the Miami Valley Chapter, and the election conducted at the meeting.

Principal speaker of the evening was Jos. J. Gavin, newly-appointed head coach at the university. Gavin told the group that he had made a study of the school, the community, the team, and was most enthusiastic about the potentialities of a one-university town the size of Dayton. He stated that he would use the "T" offensive, explaining that he thinks it is here to stay. Gavin made no predictions for the next season, but promised hard work on planning, organization, to secure 100% efficiency from the squad.

Following the meeting, the election of officers for the Miami Valley Chapter followed. Dr. Walter Reiling, '30, Edward Borchers, '40, and Jerry Westendorf, '43, were elected president, vice-president, and secretary-treasurer of the Miami Valley Chapter.

Dr. Reiling, currently practicing medicine in Dayton, is a former Army Medical Corps Major, with three years' service in England, Ireland, and France. He is married, lives at 569 Kenwood Ave., Dayton, and is one of nine members of the Reiling family—all graduates from the University of Dayton.

Ed. Borchers, new vice-president, is married and resides at 1723 Auburn Ave., Dayton. He is in the sales department at the Borchers Ford company in Dayton.

Jerry Westendorf, '43, is affiliated with the Board of Education in the Veterans' Testing Department. He was discharged as a Captain after forty months' army service, twenty of which were overseas. He is married and lives at 3500 E. Third St., Dayton.

R.O.A. to Award U.D. Scholarship

The Dayton Chapter of the Reserve Officers' Association has announced that an essay contest will be conducted among the high school students of Dayton and Montgomery County, during "National Security Week," which is scheduled from Feb. 12 to Feb. 22.

The thousand word theme is limited to the topic "What National Security Means to Me."

ALUMNA APPOINTED ADMINISTRATOR

Elise I. Biechler, Jr., '41, Dayton, recently received the appointment of administrator of West Lake Hospital, Melrose Park, Ill. Her appointment as administrator to the 100-bed hospital was effective February 10.

At the University of Dayton, Miss Biechler majored in business administration, and was enrolled in the pre-medical courses. Following this, she studied at the University of Chicago medical college. Receiving her master's degree in hospital administration from Northwestern University graduate school, she studied under Dr. Malcolm T. MacEachern, dean of the school, who is a director of the American College of Surgeons, and author of several medical books.

Miss Biechler holds the distinction of being the first person to complete a one-year internship at Miami Valley Hospital, Dayton, in hospital administration.

While attending school in Dayton and Chicago, she was active in teaching Red Cross training classes.

The first prize will consist of a one-year tuition scholarship to the University of Dayton.

Among the judges will be Dr. William O. Wehrle, S.M., head of the department and professor of English at the university.

CHICAGO GGAF PARTY DEFEAT RWAP

As a result of a meeting of the nominating committee Chicagoland Chapter, University of Dayton Alumni Association, two new powerful parties were organized—The Ready, Willing and Able Party and the Go Getters, Always Forward Party. A bitter campaign ensued.

The R. W. and A. Party chose as its candidates: Oscar Miller, '92, president; O. Hollenbeck, '27, vice-president; Herman Schlitt, '92, secretary; and C. Kramer, '03, treasurer.

The GG AF Party submitted the following alumni as their representatives: Angelo Farruggio, '38, president; William Hill, '40, vice-president; Michael Schube, '38, secretary; and Al Kemper, '94, treasurer.

The four members of the Go Getters, Always Forward Party were elected unanimously.

Angelo Farruggio, '38, the new president is a partner in the Reliable Screw Machine Products. He has been in this business for the past eight years.

William Hill, '40, vice-president, is employed at the Chicago Pump Company, working in the capacity of sanitary engineer. Bill spent four years in the Army, and was discharged as a major.

Al Kemper, '94, treasurer, is a member of the Kemper Brother Granary Products.

Michael Schube, '38, secretary, is a partner of the Schube-Soucek Commercial Photographic Studio, doing publicity work. Mr. Schube was in the Navy for three and one half years as a photographer.

These officers for the coming year were elected at the meeting held in January.

A vote of thanks was extended to the retiring officers who served a prolonged assignment during the war years: Carl Geppert, '22; Joe Holscher, '21; John Ladner, '30; and Herb Hart, '27.

During a discussion from the floor regarding stimulation of national publicity for the university, the question of the proposed Field House was raised. The Chicago Chapter is planning some startling publicity scheme. Complete information is to be obtained and submitted to the members at a subsequent meeting.

A discussion was had and a resolution passed regarding the chapter's approval of the recent reorganization of the University of Dayton's Athletic Association.

A "Get-well Quick" expression was voiced for Al Kemper, '94, the new treasurer, who had undergone an eye operation at Alexian Brothers Hospital. Flowers were sent to Mr. Kemper.

A visitor, Major George K. Iwashita, '30, while passing through Chi-

go to Fort Sheridan to be discharged, gave the Chapter its first opportunity to try out the idea of the out of town Alumni greeting service covered in the new officers' platform. Major Iwashita was in the European and Asiatic theaters of war, and just arrived from Honolulu. The meeting was closed with refreshments.

Go Getters—Always Forward Party Platform

1. Monthly business, social or business-social meeting.
2. Promotion of athletic selection from Chicagoland high schools.
3. Promotion of high scholarship student appointments from Chicago high schools to scholastic scholarships.
5. Formation of new by-laws.
7. Stimulation of National publicity for the University of Dayton.

Alumni Endorse Athletic Change

January 24, 1947

Dear Miss Shay:

As mentioned in another letter written on this date, the Chicagoland Chapter has recently expressed the approval of the appointment of Harry Baujan as Athletic Director of the University of Dayton Athletic Association.

Our group expressed a formal vote of confidence in the new director and we are placing ourselves on record to this effect. We feel sure that Harry with his new and broader responsibility will further advance the athletic standing of the University. It is hopeful to bring steps to fill his coaching staff with exponents with a T formation. We also wish to offer whatever assistance possible.

Yours truly,

Signed

Injured Suffered

Injuries Suffered
By Flyer Stars

Two Flyers were knocked from the playing roster as a result of the Cincinnati tilts and the injuries received by Ken Pitzer and Bill Ginn in the two games were serious blows to future Flyer cage hopes.

Pitzer, an aggressive center who had seen much action during the season despite the handicap of a "football" knee that gave him frequent trouble, was put on the permanent inactive list after a tangle under the basket in the Cincinnati gym. Pitzer, the halfback who came in to punt for the football team last fall, though he was not allowed to run the ball because of the knee injury, was carried from the floor at Cincinnati. He has recovered enough to walk and run but will not be allowed to play basketball.

Ginn Lost To Flyer Cause

In the hard-fought second half of the Dayton-U.C. scrap in the Dayton Coliseum Bill Ginn took an elbow in the mouth while fighting for the ball and suffered what doctors said next day was a fractured jaw. Ginn was second high scorer and was regarded as the best all-around player, sparking most of the Flyer attacks. With his jaws wired shut for at least three weeks, the lanky forward was living on soup and melted milks and could not be used any more this season.

Flyer Squad Near Season End

The Xavier contest settled the season record for the Flyers at four victories and 12 defeats, with five games left to be played. Coach Jim Carter's men faced a busy week-end last week as they met Ohio U. on Friday, Marshall on Saturday, and returned to Dayton to play the Miami Redskins Monday in the last home encounter of the season. Two more games are slated for away from home: Wittenberg at Springfield, Feb. 27, and Toledo, March 1.

WEST LIKELY TO BREAK RECORD

As the Flyers grind toward the tail end of the cage season it appeared likely that Richley "Rip" West, star forward and former Roosevelt high school star, would break the individual scoring record set last year by Bill Ginn. West, whose average of more than 13 points a game had brought him up to the total of 206 last week, needed but 39 more to equal Ginn's record of 245. If his average keeps up West should establish a new record.

DIRECTORY OF N.Y. CHAPTER

In a previous issue an announcement was made that a directory of alumni in the respective chapter cities would be used as a regular feature of the Alumni. The following is a listing of the graduates, and former students of the University of Dayton, who according to our files are residing in the New York area. If there is any correction which should be made, the office would greatly appreciate being notified.
