A percussion concert on the river...

Can we have our own version of this in Dayton on the Great Miami River?

Video: A rare performance of "Persephassa" by the Greek composer Iannis Xenakis was an ambitious offering of the fourth annual Make Music New York festival.

I think we can do better....

The River Stewards will be working with So Percussion during their visit to UD this fall. Stewards will orient them to Dayton, our local water resources and to our rivers via kayak during their mini-course on October 1st. Maybe So Percussion can teach us a little about orchestrating a live on-the-river performance!
