**NEWS RELEASE**

**UNIVERSITY OF DAYTON RESEARCH ENGINEER  
RECOGNIZED WITH AWARD OF MERIT**

DAYTON, Ohio — John J. Ruschau, senior research engineer at the University of Dayton, has received an American Society for Testing and Materials International award of merit and fellowship.

The recognition is the highest award given by ASTM for individual contributions to standards and activities.

An ASTM member since 1979, Ruschau is being recognized for outstanding technical contributions in the areas of fatigue and fracture research and standards writing. His research has been in the areas of aerospace structure materials and aircraft structures.
