## **ANALYSES OF SELECTED 1978 OHIO LEGISLATION**

This section of notes on selected Ohio legislation provides brief analyses of some of the 1978 enactments of the Ohio 112th General Assembly. Our goal has been to select bills which may be of interest to the practicing attorney or jurist.

Each note focuses on the significant statutory modifications or additions and summarizes the law immediately prior to the 1978 change, when relevant. Many of these notes also consider problem areas in the language of the bill itself or in its potential application and attempt to indicate any expressions of sponsor or legislative purpose. In addition, a listing at the end of each note includes 1) the section or sections of the Ohio Revised Code which are affected by that bill; 2) the effective date of the bill; 3) the principal sponsor of the bill; and 4) the legislative committee which handled the bill.

The Ohio Legislative Service Commission prepares an annual descriptive "Summary of Legislative Enactments," but there has been no regular source of analytical treatment of new Ohio legislation. These notes are a first step in an effort to fill that need for the legal community. We would sincerely welcome readers' comments and suggestions for making these notes more useful to them.

The University of Dayton Law Review would not have been able to undertake this project without the assistance of the Ohio Legislative Service Commission's director, David A. Johnston, and its librarians, Edith Woodward and Margaret Scharf. We also wish to thank the members of the legislature, their staffs, and the legislative advocates who contributed background source material and suggestions.
