MARIAN LIBRARY STUDY No. 1

The first Marian Library STUDY, *Mary and the Mystical Body*, by Rev. Dr. Thomas A. Stanley, S. M., has just been published. It is a thirty two page study of Mary's apostolic mission as Mother of the Mystical Body, with particular reference to the doctrine of William Joseph Chaminade, founder of the Society of Mary.

Father Stanley wrote his doctoral dissertation on *THE MYSTICAL BODY OF CHRIST ACCORDING TO THE WRITINGS OF FATHER CHAMINADE* for the University of Fribourg, Switzerland, last year. Most of his research work was done in Rome, at the international headquarters of the Society of Mary.

The STUDY is available for 23 cents the copy. Write NOW for yours.

ARENDT

Father Leon Arendt, parish priest of Banneux and founder of the BIBLIOTHEQUE MARIALE in that city, has written again, offering us the choice of many books, doubles which he has, on an exchange basis. Father's ambition for this year (1953) is to reach 10,000 books on Mary. We certainly wish him the best of everything in this splendid work of his in Belgium. And thanks, Father, for the chance to get these additional volumes for our own collection here in Dayton.

MARIAN CONGRESS

All is ready for the CONGRESS to be held at the Marian Library for the Catholic collegians of this area, Saturday, March 21st. Principal speakers are Father Charles Lees S. M., and Brother Stanley Mathews, S. M., librarian here. Principal student panelists are from four colleges of the Ohio-Kentucky Region of the NFCCS: Ursuline (Louisville), Mt. St. Joseph (Cincinnati), St. Mary of the Springs (Columbus), and the University of Dayton. This is a Congress for Catholic college men and women.

REPRINTS

The Marian Library continues to edit its REPRINTS. Next issue is Number 13, and the author is Bishop Fulton Sheen. The article is *THE ASSUMPTION & THE MODERN WORLD*. More and more subscribers to the REPRINTS are desired. It is \$1.00 for 10 issues. Reader-comments have been most favorable, and certainly there is a need for more and better reading material on Mary. We here are trying to supply such material.

Do YOU subscribe yet to the REPRINTS?

BRIEN

Roger Brien, founder of the INTERNATIONAL CENTER in Nicolet, Quebec, Canada announces the dedication and the blessing of the new and modern building. The latest issue of his beautiful Marian magazine, MARIE, shows pictures and gives interesting data on this new CENTER. In the CENTER there is a chapel, offices, reading rooms, library, etc. It is built in the episcopal city of NICOLET. You are doing most wonderful Marian work, Mr. Roger Brien.

MARIAN INSTITUTE

The first MARIAN INSTITUTE to be sponsored by the Marian Library is on June 10th, 1953. The topic is *MARY & THE APOSTOLATE*. Father R. Ohlmann, O. F. M., who is "praeses" (president) of the Franciscan National Marian Commission will be our main speaker for the occasion. This INSTITUTE is limited to no one city, parish, or diocese. All are welcome. We cordially invite those who are interested in Mary to come and participate in this first MARIAN INSTITUTE.

MARIAN LIBRARY MEDAL

For the first time, the Marian Library will present a special medal (containing the image of Our Lady of the Marian Library) to the author of the best book published in a given year on MARY. The book must have been written originally in English. Annually a board of five specialists will choose the best book of that year. The purpose of the MEDAL is to stimulate writers to produce superior material on Mary. More information in the next issue of the Newsletter.

THOSE MOTHER DAY (Marian) BOOKLETS ARE AVAILABLE FROM THE MARIAN LIBRARY NOW.

BEAUTIFUL ROCK-CRYSTAL ROSARIES SELL FOR \$12.00 each FROM THE MARIAN LIBRARY.

THE TEMPLE OF THE HEART OF MARY AT PARIOLI

This great temple, in honor of the Immaculate Heart of Mary, merits consideration. It was begun in the reign of Pope Benedict XV in 1918, and was dedicated very recently in the reign of Pope Pius the XII. It is built in the northern most part of the Immortal City. In some respects, it is second only to the Mother Church of the world, St. Peter's Basilica in the Vatican State. The cupula has a diameter greater than any other Church in Rome, with the exception of that of St. Peter's. The length & width of the TEMPLE are inferior only to the four major Basilicas of Rome. L'Osservatore Romano published on March 20th and March 21st 1952 a story on this new TEMPLE at Parioli.
