Congressman Charles W. Whalen's office today announced approval of a $1,645,071 grant to Montgomery County for special programs for educationally disadvantaged children.

These programs will benefit an estimated 12,462 children, ages 5 to 17 years.

Funding will be provided for fiscal year 1969 by the Office of Education in the Health, Education and Welfare Department.

Some 7,189 children assisted will be from families with incomes of less than $2,000 a year. An estimated 4,450 to be helped will be from families covered by the "Aid to Dependent Children" provisions of the Social Security Act.

An additional 229 youngsters in institutions for neglected children and 596 children under public care in foster homes also will be helped.

The assistance is provided under Title I of the Elementary and Secondary Education Act.

-30-
Title I, Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, Special Programs for Educationally Disadvantaged Children

Recipient: States, outlying areas and Department of Interior Indian schools.

Description: Allotment of funds available for fiscal year 1969 under the provisions of Title I, ESEA, is shown on the enclosed table and computer listing. This Congressional notification is now official and replaces the grant awards provided to the States under the Continuing Resolution.

The enclosed table of allotments shows amounts granted to each State and outlying area, and Department of the Interior Indian schools from the funds appropriated ($1,077,570,926 × 1/2). The table includes State allotments for local educational agencies (no State will receive less than 92 percent of the amount available in fiscal year 1968), handicapped children, delinquent and neglected children, and State administration. The State agency programs for the handicapped, delinquent, and neglected children were fully funded without ratable reduction.

The enclosed computer listing shows authorized funds and allotments for local educational agencies in your State by county.

(States will be notified of the allotment of each county within their jurisdiction. Sub-allocation to school districts below the county level will be made by State departments of education in accordance with Federal criteria. Approval of local projects designed to establish or expand educational programs for the disadvantaged also rests with the States.)

Children included in the State allotment formula are as follows:

1. Local Educational Agencies

   (a) Children from families having incomes of less than $2,000 per year.

   (b) Children from families receiving payments in excess of $2,000 per year under the "Aid to Dependent Children" provisions of the Social Security Act.
(c) Children under public care in foster homes.

(d) Children in institutions for neglected children.

(e) Children in institutions for delinquent children.

2. Children in State institutions for handicapped children.

Amount: $1,077,570,926

The grant recipients will not be notified of the awards for at least 24 hours after Congressional notification.

1/ Excludes $45,556,074 for the State agency programs for migrant children, which are approved by the Commissioner of Education.
