Editorial Philosophy

The Basic Communication Course Annual examines current introductory communication course research and pedagogical issues. Articles may be experimental, theoretical, or applied in nature. Each submission will be initially reviewed blindly by three manuscript reviewers. Additionally, the top competitive papers (one from the "research" program, the other from the "pedagogy" program) presented at SCA and sponsored by the Basic Course Commission will be published each year. Following established editorial policy, these papers will be published only after going through the professional review process that may require substantive revisions.
