Dr. Leon Henkin, professor of mathematics at the University of California (Berkeley) will deliver two lectures at the University of Dayton this week.

On Thursday (Apr. 27) at 4:30 p.m., he will speak on "Axiomatic Foundations for the Theory of Sets." At 4:30 p.m. Friday (Apr. 28), his topic will be "Algebraic Structures Associated with Mathematical Theories."

Both lectures are scheduled for the Wohlleben Hall auditorium, and are sponsored by the Mathematical Association of America's visiting lecturer program, which is supported by the National Science Foundation.
