The University of Dayton National Alumni Association's new e-Christmas catalog, "A Time of Giving," offers one-of-a-kind gifts — from a section of the historic Fieldhouse floor to rosaries and logo apparel.

But it also offers ways for shoppers to transcend the materialistic and give gifts that can change lives, such textbooks and scholarships for students in need, student service trips to developing countries and support for the renovation and expansion of the Immaculate Conception Chapel on campus.

"We're offering a memorable way for alumni to make a difference in the lives of young people and to give back to the University that shaped their lives," said Michael Pedley, assistant vice president for alumni outreach. "In this time of giving, we treasure the support of all those who believe in the power of a University of Dayton education to transform lives."
