Marian Studies is the proceedings of the annual national meeting of the Mariological Society of America (MSA), a Catholic theological association dedicated to studying and making known the role of the Blessed Virgin Mary in the mystery of Christ and the Church and in the history of salvation. Through its annual meeting and the journal, the Society seeks to promote original research in Marian doctrine and devotion.

The articles in *Marian Studies* reflect the expertise, interpretations, and opinions of the individual authors and not necessarily of the Marian Library or the University of Dayton. For more information about the MSA, see its website at <http://www.mariologicalsociety.com>

The Secretariat of the Mariological Society of America, located at the Marian Library of the University of Dayton, has a limited inventory of printed issues of *Marian Studies* (1978 through 2013).
