## Background Information:

Serenity Pines was dedicated in October 2001 in memory of former administrator, Joe Belle. During his time at UD, he hoped for a place of serenity and reflection for students to visit. The garden includes a pine grove for uploading the spirit, statue of Mother Mary, water area for reflection, and areas for private thought.

## Burke's Pentad:

Burke's Pentad is a rhetorical perspective that allows us to notice all elements of a scene and provokes thought on what caused an action to take place. The five elements are act, agent, agency, purpose, and scene.
