$118,835,70 as its share of business contributions through the Ohio Foundation of Independent Colleges for the fiscal year which ended May 31, Very Rev. Raymond A. Roesch, S.M., University President, said today.

Gifts through OFIC, now in its fifteenth year, set another new record, totaling $1567,537 from 1966 contributions. This exceeded by 80 gifts and by $151,242 totals of the previous year.

The University of Dayton's latest check brings to $713,480 the total received at UD through OFIC since the University became a member. This year's payment is estimated by Father Roesch to be equal to the return on an endowment of approximately $3,000,000.

Father Roesch said:

"The Ohio Foundation, most successful of 39 such state and regional groups in the United States, includes 34 accredited private colleges. Each corporate gift is divided among members 60 per cent equally, 40 per cent according to enrollment, unless a donor specifies otherwise.

The University of Dayton will honor its business friends by sending the complete list of names to alumni, trustees, and others. The 34 colleges cooperating in this way mail this "Honor Roll of Ohio's Corporate Good Citizens" to a total of 225,000 homes.

Gifts distributed among member colleges since OFIC started in 1951 now
