DAYTON, Ohio, January 22, 1969 --- Dr. Francis E. Rogers of the University of Dayton's Department of Chemistry has been awarded a \$3,500 grant by the Research Corporation, a Foundation of New York, for a research program entitled: "A Study of Photochemical Reactions by Means of Reaction Calorimetry. The Research Corporation's Frederick Gardner Cottrell fund provided the grant.

The Foundation grants over \$2,000,000 yearly for research in the physical and biomedical sciences and public health nutrition programs. The funds are divided between young faculty members and established researchers in scientific programs throughout the country.
