DAYTON, Ohio, January 29, 1969 --- Dr. Wilfred J. Steiner today offered his resignation as Chairman of the History Department at the University of Dayton to accept an appointment to the position of Director of Institutional Studies at the University.

In making the announcement, Dr. Steiner referred to his discussion of some months ago with Dean Mann of the College of Arts & Sciences in which he expressed his desire to be relieved of the chairmanship which he has held for twenty years. While it was his intention to complete his service as Chairman of the Department at the end of the current academic year, he was asked to consider filling the post of Director of Institutional Studies recently vacated by the retirement of Bro. John Drerup, S.M. The current studies and activities of the University relative to the programs of that office created an urgency for a replacement of Bro. Drerup at the earliest possible time.

Dr. Steiner's change of status effective February 1 presents the necessity of filling the chairmanship of the History Department. The President, Very Rev. Raymond A. Roesch, S.M., announced that this question will be taken under consideration immediately.
