DAYTON, Ohio, February 24, 1969 --- The University of Dayton has been designated as a test center for administering the National Teacher Examinations on April 12, 1969, Joseph J. Panzer, S.M., Dean, School of Education, announced today.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teacher Examinations along with their other credentials are eligible to take the tests. Last year more than 98,000 candidates took the examinations, which are prepared and administered by Educational Testing Service of Princeton, New Jersey.

The designation of the University of Dayton as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests, Dr. Panzer said.

At the one-day session a candidate may take the Common Examinations, which include tests in Professional Education and General Education, and one of the fifteen Teaching Area Examinations, which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of Information describing registration procedures and containing Registration Forms may be obtained from Dean Joseph J. Panzer, S.M., or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey 08540. Prospective teachers planning to take the tests should obtain their Bulletins of Information promptly, Dean Panzer advised.
