DAYTON, Ohio, September 17, 1968 --- Two juniors in mechanical engineering, Steven J. Coleman of Lyndonville, New York, and David P. Hemmert of Wapakoneta, Ohio, will share a $750 scholarship award given to the University of Dayton by the Alcoa Foundation. The award represents the eighth such grant given to UD by the Alcoa Foundation in the past five years. The total gifts amount to $5,125.

Hemmert, who has an accumulative point average of 3.135, is the son of Mr. and Mrs. Louis Hemmert, Route #2, Wapakoneta. Besides his honors standing at the University, he has been a member of the University Marching, Pep, and ROTC bands.

Coleman is the son of Mr. and Mrs. Frank Coleman, 109 Maple Avenue, Lyndonville, New York. A 3.240 student, Coleman was a member of last winter's wrestling club at UD.

The Alcoa Foundation was established in 1952 to provide a continuing program of giving to charitable, civic, cultural, educational, and religious organizations. About 60 per cent of the money is given to education. The educational program supplies scholarships awards for sons and daughters of employees, fellowships for graduate study, professorships, capital gifts, unrestricted grants, aid-to-independent colleges, and employee gifts.
