DAYTON, Ohio, September 1, 1971 — An intensive review of engineering fundamentals will be offered by the University of Dayton and the Dayton Society of Professional Engineers this fall.

Beginning September 7, 1971, the refresher course of 17 sessions continues until December 2, 1971. Classes will be held Tuesday and Thursday evenings, from 7 to 9 p.m.

The course is designed primarily for engineering graduates who wish to review the fundamentals of engineering mathematics (analytic geometry through differential equations and numerical analysis), chemistry, and engineering science (statics, dynamics, strength of materials, fluid mechanics, thermodynamics, and electrical circuits). Professional topics in the fields of civil, electrical, industrial, and mechanical engineering will be discussed in 8 additional seminars depending on the interest of the enrollees.

For registration forms and fee costs, contact Miss Nora Duffy, Continuing Education, University of Dayton, Dayton, Ohio 45409, or call 229-2347.
