DAYTON, Ohio, April 6, 1983 -- The University of Dayton will host an Adopt-a-Student Recognition Banquet on April 14, 1983, from 6 p.m. until 9 p.m., at the UD Arena Associates Lounge. The event is designed to recognize area high school students who are participants in the special UD Adopt-a-Student program, and minority high school scholarship recipients who will be attending UD in the fall. In addition, several University students will be recognized for their accomplishments and contributions to the University community.

The Adopt-a-Student program assists young high school students in preparing for college. The goal is to broaden the students' knowledge of the many facets of college life and to expose them to the college opportunities that are available. Currently, 40 area high school freshmen and sophomores are program participants.

UD will also honor six area high school seniors who are minority scholarship recipients. The students from Dunbar, Alter, Patterson, Meadowdale, and Jefferson high schools were selected by a special UD scholarship committee.
Also, four UD students will receive "Achiever of the Year" awards for their volunteer service, leadership, and academic achievements. Sponsored by the UD Black Alumni Association, this first time award will be given to one black UD student in each class.

The students, their parents, and University administrators will attend this event along with representatives from the Dayton Board of Education. Students will receive certificates for their achievements.
