### INSTRUCTOR TO LECTURE ON HEADACHES

DAYTON, Ohio, October 11, 1985 -- Larry A. Cesare, clinical instructor at the School of Professional Psychology and coordinator of Psychological Services for Pain Management at Wright State University, will present a lecture on the interaction of biological, psychological, and social factors in the experience of chronic pain and headache and their treatment, Friday, October 18, at 3:30 p.m. at the University of Dayton's Sherman Hall 316.

The practical application of this model in the Pain Management Program at Wright State will also be considered. discussion and refreshments will follow.

Cesare's lecture is part of "Psychologically Speaking," the UD Psychology Department's colloquium series. Future speakers scheduled this fall include Harvey Siegel of the Wright State Medical School who will discuss drunk driver rehabilitation October 25, Fred Snyder of the National Institute of Mental Health who will discuss nicotine effects on cognition November 8, and Gary Berntson of the Ohio State University Psychology Department who will discuss the psychophysiological evaluation of cognitive processes in chimpanzees and disabled children November 15.
