DAYTON, Ohio, August 11, 1977 -- A Career Guidance Institute to promote on-the-job experiences for high school students will be held at the University of Dayton Monday, August 15 through Friday, August 19. Sponsors are UD and the National Alliance Of Businessmen.

Attending the Institute will be 20 area high school guidance counselors and representatives from General Motors, Ohio Bell Telephone Co. and NCR. Goal of the Institute will be the institution of a career exploration program at the high school level which would give students the opportunity to have on-the-site job experiences.

The first day of the Institute will be spent on campus in Room 222 of Kennedy Union. The next four days will be spent at NCR, General Motors, and Ohio Bell facilities. The group will reconvene Friday at the Kennedy Union to develop common strategy for carrying out the program.
