DAYTON, Ohio, October 27, 1981 -- The eleventh annual College Night sponsored by the University of Dayton offers students interested in college a chance to pose questions to over 100 qualified college representatives on November 12 at 7:30 p.m. at the UD Arena.

"The College Night program continues to provide a valuable service to students, their parents and teachers. In addition to the admissions officers, we will have financial aid officers available to discuss this important topic," explains Myron Achbach, UD's director of admissions. Achbach continues, "Hopefully students will review the list of attending colleges circulated at all local high schools and come prepared to ask questions."

College Night welcomes students considering college as well as parents, teachers and counselors.

There is no admission charge. For more information contact the University of Dayton's Office of Admissions, 229-4411.
