## PREMEDICAL PROGRAMS

ELEANORA S. EVERHARD,  
DR. STEPHEN E. AND  
JUNE H. SZABO AND THE  
DR. CARL I. MICHAELIS  
SCHOLARSHIPS

---

---

UNIVERSITY of  
DAYTON | PREMEDICAL  
PROGRAMS OFFICE

## ELIGIBLE STUDENTS

---

Applicants for any scholarship offered through the Premedical Programs Office must be sophomore or junior students enrolled at the University of Dayton who intend to apply to a primary health care professional school (medicine, dentistry, optometry, etc.), have registered with the Premedical Programs Office and are active within the Program, and are currently being advised by one of the designated premedical advisors.

Scholarship must be used to defray the expenses of tuition, fees and/or room and board at UD.

The amount of the awards can vary, depending on the qualifications and needs of the student.

*Scholarships are awarded primarily on the basis of evidence for satisfactory academic performance and moderate financial need. The selection committee is composed of premedical advisors*

*Applications become available during the second semester of the academic year  
Awards are announced in April.*

## PREMEDICAL PROGRAMS OFFICE EVERHARD AND SZABO SCHOLARSHIPS

---

---

### THE ELEANOR S. EVERHARD SCHOLARSHIP

This private scholarship was established by Eleanora S. Everhard in memory of her parents, Aaron and Ann Vennette Everhard and is administered by The Dayton Foundation. The original fund was established in 1933.

*This scholarship is limited to one academic year only, and is not renewable.*

*Preference for the Everhard Scholarships is given to females who are in a premedical curriculum.*

### THE DR. STEPHEN E. AND JUNE H. SZABO SCHOLARSHIP

This scholarship was established through a gift from the estates of Dr. Stephen E. and June H. Szabo in 1999. Dr. Szabo graduated from the University of Dayton in 1935 majoring in Pre-Dentistry. Professionally, Dr. Szabo was a well-respected oral surgeon in the Dayton area. During his practice, which spanned over 50 years, he fought and paved the way for all oral surgeons in and around the Dayton area to have privileges to operate in all the hospitals. As a result of his efforts, he was on the staff of every hospital in Dayton.

### CARL I. MICHAELIS SCHOLARSHIP

This scholarship was established through a gift from the estate of Dr. Carl I. Michaelis in 2001. Dr. Michaelis was a Professor of Chemistry whose teaching career began in 1954 at UD and spanned 36 years. Among numerous awards, Michaelis was recognized as Professor of the Year and was runner-up for the Alumni Outstanding Faculty Award in 1963. In 1987 he was nominated for Distinguished Service Professor and was appointed professor emeritus in 1988. As well as teaching, Michaelis advised premedical and pre-dental students and served as the faculty advisor for the student affiliate of the American Chemical Society for 33 years. In 1962, Michaelis instigated a switch from the local fraternity, Sigma Delta Pi, to the national recognized honor society, Alpha Epsilon Delta, and served as advisor of the group until 1990.
