I General Information

THE UNIVERSITY OF DAYTON

The University of Dayton is a medium-sized, private, coeducational school with a growing reputation for academic achievement. Located in the heart of the Midwest, it attracts its student body from the local community, the state of Ohio and other Midwestern and Eastern states, and a number of foreign lands. With a full-time student body of seven-thousand-five-hundred, the University of Dayton is ranked fifth in size among the nation's Catholic colleges. It includes three schools and the college, offering a large selection of study ranging from art and philosophy to geology and computer science.

Founded more than a century ago by the Catholic teaching order of the Society of Mary (Marianists), the University numbers among its students representatives of many faiths. All students, however, partake of the friendly family spirit for which the campus is known.

The campus itself is located on a seventy-six acre hilltop at the southern edge of the city of Dayton where older and newer buildings are blended into a pleasant setting. A West Campus, just fifteen minutes distant from the Main Campus, also comprises seventy-six acres; it is used primarily for housing of freshman men. An East Campus, on the dividing line between Montgomery and Greene Counties, is the motherhouse for young Marianist Brothers who are doing college work. The East Campus is also the site of Bergamo, a center for ecumenical study and activity.

A well-qualified faculty of laymen, priests, Brothers, and Sisters provides the student the competent instruction, tempered discipline, and prudent counseling which the University sees as one of its principal aims.

A placement service for students and graduates; reasonable tuition rates and financial aid plans; varied religious, social, and cultural opportunities; a trimester-type academic calendar providing a number of different study-recess possibilities; and high-caliber intercollegiate and intramural athletic programs are but a few of the "features" which contribute to the character of the University of Dayton.

UNIVERSITY GOALS

The University of Dayton, by tradition, by legal charter, and by resolute intent, is a church-related institution of higher learning. As such, it seeks, in an environment of academic freedom, to foster principles and values consonant with Catholicism and with the living traditions of the Society of Mary. Operating in a pluralistic environment, it deliberately chooses the Christian world-view as its distinctive orientation in carrying out what it regards as four essential tasks: teaching, research, serving as a critic of society, and rendering public service.

The University of Dayton has as its primary task to teach—that is, to transmit the heritage of the past, to direct attention to the achievements of the present, and to alert students to the changes and challenges of the future. It regards teaching, however, as more than the mere imparting of knowledge; it attempts to develop in its students the ability to integrate knowledge gained from a variety of disciplines into a meaningful and viable synthesis.

The University of Dayton holds that there is harmony and unity between rationally discovered and divinely revealed truths. Accordingly, it commits its entire academic community to the pursuit of such truths. It provides a milieu favorable to scholarly research in all academic disciplines, while giving priority to studies which deal with problems of a fundamentally human and Christian concern. It upholds the principle of responsible freedom of inquiry, offers appropriate assistance to its scholars, and endeavors to provide the proper media for the dissemination of their discoveries.

The University of Dayton exercises its role as critic of society by creating an environment in which faculty and students are free to evaluate, in a scholarly manner, the strengths and weaknesses found in the institutions developed by man. While, as an organization, it remains politically neutral, objective and dispassionate, it encourages its members to judge for themselves how these institutions are performing their proper tasks; to expose deficiencies in their structure and operation; to propose and to actively promote improvements when these are deemed necessary.

The University of Dayton recognizes its responsibility to support, with means appropriate to its purposes, the legitimate goals and aspirations of the civic community and to cooperate with other agencies in striving to attain them. It assists in promoting the intellectual and cultural enrichment of the community; it makes

available not only the resources of knowledge that it possesses, but also the skills and techniques used in the accumulation and dissemination of knowledge; and, above all, it strives to inspire persons with a sense of community and to encourage men of vision who can and will participate effectively in the quest for a more perfect human society.

HISTORICAL SKETCH

The University of Dayton traces its history to the year 1850 when a modest primary school for boys, known as St. Mary's Institute, was opened in Dayton. Operating the little school was a group of Catholic missionaries who had left their native France just a year earlier to bring their educational work to America. These priests and Brothers were members of the Society of Mary, a religious order founded in 1817 by Father William Joseph Chaminade.

These pioneer Marianists, as members of the Society are called, while conducting their ministry in Dayton fortunately became acquainted with a certain Mr. John Stuart, scion of the royal family of Scotland. Mr. Stuart sold the Marianists his one-hundred-and-twenty-acre "Dewberry Farm" just south of the city — an ideal, hilltop property for a school. The following summer, in 1850, fourteen pupils began classes in the house on Dewberry Farm.

From that humble beginning St. Mary's Institute grew. Some years later, it became St. Mary's College, and then, in 1920, the University of Dayton.

Its growth and progress continued. When the school adopted its present name, enrollment was one hundred and seventy-one. In 1937, two years after coeducation was introduced, it passed the thousand mark. Following World War II, enrollment at the University of Dayton — as at most other colleges and universities around the country — expanded rapidly. In 1946, almost three thousand students registered and, in 1967, a record total enrollment of over ten thousand was attained.

Growth in numbers does not necessarily represent progress, of course. While enrollments grew, new programs on both undergraduate and graduate levels were initiated, curricula and methods of presenting them were streamlined. New buildings to house various departments and activities were built at a rapid pace. Professional and educational groups recognized the University's work with accreditation and approval.

Today, in its one-hundred-and-twentieth academic year, the University of Dayton includes the College of Arts and Sciences, School of Business Administration, School of Education, School of Engineering, and Technical Institute. In all, forty departments of instruction function on the campus, awarding twenty-nine different degrees on the associate, baccalaureate, and graduate levels. These degrees are:

Bachelor of Arts
 Bachelor of Science
 Bachelor of Fine Arts
 Bachelor of Music
 Bachelor of Social Science
 Bachelor of Science in Home Economics
 Bachelor of Science in Medical Technology
 Bachelor of Science in Business
 Administration
 Associate in Business Administration
 Bachelor of Science in Education
 Bachelor of Chemical Engineering
 Bachelor of Civil Engineering
 Bachelor of Electrical Engineering
 Bachelor of Industrial Engineering
 Bachelor of Mechanical Engineering
 Bachelor of Technology
 Associate in Technology

Master of Arts
 Master of Business Administration
 Master of Public Administration
 Master of Science
 Master of Science in Education
 Master of Science in Engineering
 Management
 Master of Science in Chemical
 Engineering
 Master of Science in Engineering
 Master of Science in
 Civil Engineering
 Master of Science in
 Electrical Engineering
 Master of Science in
 Mechanical Engineering
 Doctor of Philosophy in Biology

ACCREDITATION

The University of Dayton is officially accredited by the North Central Association of Colleges and Secondary Schools. Other official accreditations include those of the State of Ohio Department of Education, the National Council for Accreditation of Teacher Education, the Engineers' Council for Professional Development (for chemical, civil, electrical, and mechanical engineering curricula, and for electronic, industrial, and mechanical engineering technology programs). The University has the approval of the American Medical Association (for its pre-medical program) and of the American Chemical Society (for its programs in chemistry).

In addition to these accreditations and approvals, the University holds institutional memberships in the Association of American Colleges, the American Association of Colleges for Teacher Education, the American Council on Education, the American Society for Engineering Education, the National Catholic Educational Association, the Ohio College Association, the International Council on Education for Teaching, the Association of Urban Universities, the American Association of University Women, and the Association of University Evening Colleges.

UNIVERSITY PROGRAMS

In addition to the regular day session, the University also conducts evening and summer sessions and offers short-term non-credit courses, conferences, and institutes through a Special Sessions program.

College of Arts and Sciences

The College of Arts and Sciences, largest of the University's six academic units and traditionally the basic unit, includes twenty departments: Biology, Chemistry, Communication Arts, Computer Science, English, Fine Arts, Geology, History, Home Economics, Information Science, Languages, Mathematics, Music, Philosophy, Physics, Political Science, Psychology, Sociology and Anthropology, Theological Studies, and Military Science.

Pre-professional courses are offered in medicine, dentistry, dietetics, optometry, veterinary medicine, pharmacy, law, foreign service, social service, radio and television broadcasting. In cooperation with St. Elizabeth, Good Samaritan, and Miami Valley hospitals, courses are given in medical technology. Through its affiliation with the Dayton Art Institute, the University enriches its offerings in Fine Arts. Affiliation of the Dayton Junior Philharmonic Orchestra with the University provides music students an opportunity for valuable musical practice and experience.

Programs leading to the degrees of Master of Arts or Master of Science are offered in biology, chemistry, communication arts, English, history, mathematics, philosophy, physics, political science, psychology, information science, and theological studies. The professional degree Master of Public Administration is also offered. The Department of Biology offers the Doctor of Philosophy degree.

School of Business Administration

The School of Business Administration offers undergraduate majors in accounting, business management, industrial management, marketing, personnel management, and economics. On the graduate level, the School awards a Master of Business Administration degree. Also offered is a two-year course in secretarial studies leading to an associate degree.

School of Education

The School of Education prepares teachers for the elementary and secondary levels and for such specialized fields as art, music, speech, business, health and physical education, and home economics. It conducts retraining and post-graduate programs, and offers graduate programs leading to the degree of Master of Science in Education. These programs are designed to prepare school administrators, school counselors, school psychologists, master elementary teachers, master high school teachers, and educational research specialists.

School of Engineering

The School of Engineering includes the departments of Chemical Engineering, Civil Engineering and Engineering Mechanics, Electrical Engineering, Industrial Engineering, and Mechanical Engineering. The School offers graduate programs leading to the degrees of Master of Science in Engineering, Engineering Management, Chemical Engineering, Civil Engineering and Electrical Engineering and the Master of Mechanical Engineering.

Technical Institute

The Technical Institute includes the Departments of Chemical Technology, Electronic Engineering Technology, Industrial Engineering Technology, and Mechanical Engineering Technology. Each of these offers a five-term program leading to the Associate in Technology degree. The Technical Institute also offers a program leading to the Bachelor of Technology degree for those who complete the Associate in Technology program.

Special Sessions

Many of the programs presented during the regular day sessions are offered also in the Evening and Summer Sessions, enabling students to work toward degrees on a part-time basis. These sessions are governed by the same policies and regulations prevailing during the Day Session.

In addition, specialized non-credit, adult education courses are offered through Special Sessions. Management development and continuing education programs are conducted for business, industry, government, schools, the professions, and the general public.

STUDY ABROAD

Through the Department of Languages, the University offers several programs of study abroad. These programs are available to students majoring in nearly all departments of the University. Two programs are offered at the University of

Hamburg, Germany; one for an academic year and another for a summer semester. Another academic year program is offered in Rome in cooperation with Loyola University of Chicago. Interested majors from all disciplines may obtain information concerning these programs, and others, from the Director of Study Abroad, Miriam Hall 418.

WVUD-FM and UD-CCTV

Modern communications media, available to all University departments and programs, include WVUD-FM, a radio station covering the Miami Valley area, and an on-campus, closed circuit television operation. Both facilities are housed in the John F. Kennedy Memorial Union.

RESEARCH INSTITUTE

As an integral unit of the University, the Research Institute administers sponsored research that the University agrees to perform for commercial organizations and governmental agencies. Research projects concerned with a single discipline are normally performed by the appropriate department of instruction, whereas the larger projects that are primarily multi-disciplinary in character are performed within research laboratories under the jurisdiction of the Research Institute. A strong emphasis is placed on the integration of all research with the instructional activities of the University, and a concerted effort is made to provide opportunities for undergraduate, as well as graduate, students to acquire experience and training in the methods of research.

DAYTON-MIAMI VALLEY CONSORTIUM

Ten institutions of higher learning in the Miami Valley, among them the University of Dayton, have developed the Dayton-Miami Valley Consortium (DMVC). In so doing, the member institutions seek to increase interinstitutional cooperation, improve curricula, develop new courses and programs, minimize cost, and centralize selected functions, using the most recent technology, emphasizing computers, modern educational technology, and communication media.

Among the benefits enjoyed by the members of the Consortium is that regularly enrolled full-time students at one institution, under certain conditions, may register for credit in courses offered by other Consortium institutions at no additional charge, on a space-available basis.

CHERS

The University of Dayton is a participating member of the Consortium for Higher Education Religion Studies. This consortium makes possible cross-registra-

tion, shared library resources and lectureships, joint seminars and experimental programs among the following institutions: Antioch College, Central State University, Hama Divinity School, Hebrew Union College, Payne Theological Seminary, St. Leonard Seminary, University of Dayton, Western College for Women, Wilberforce University, Wittenberg University, Wright State University, and United Theological Seminary.

United Seminary, Antioch College, University of Dayton and Wright State jointly employ and share a Professor of Judaic Studies under a grant from the Harriet Sanders Trust of Dayton, Ohio.

HEBREW UNION COLLEGE CONSORTIUM

The University of Dayton is likewise a member of the Consortium of the Hebrew Union College Biblical and Archaeological School of Jerusalem.

CALENDAR

The University of Dayton operates on a "Split Third-Term" calendar. This modern calendar, detailed on page 3, comprises a fall and winter term, each of fifteen weeks, and a spring-summer term which is split into two six-week units. The advantages of such a calendar, for varying the vacation periods or for accelerating the study program, are many. A student may enroll for the traditional fall and winter terms and take an expanded summer vacation; or he may add each summer a half term or full term in order to complete graduation requirements sooner. The student who must work to put himself through school will have additional time in the spring and summer for employment; or he may enroll for the spring-summer term and use either the fall or winter term as a vacation period when the employment market is not crowded with other college students. Each student is free, within the broad limits of the calendar, to construct his own study-vacation plan.

LOCATION

The University of Dayton Main Campus is located near Interstate Route 75, just a short distance east from the Exit at Nicholas Road and Stewart St. Directional signs posted throughout the area facilitate travel to the campus.

The West Campus is located on Germantown Street (State Route 4 West) near the intersection of Gettysburg Avenue. City bus routes serve both campuses.

The East Campus, situated on Patterson Road five miles to the east of the Main Campus, houses in Marianist College over two-hundred religious Brothers of the Society of Mary who are students at the University. Bergamo, a center for ecumenical study and activity, is located on the East Campus.

(See map, inside back cover.)

CAMPUS AND BUILDINGS

Principal buildings on the Main Campus, with the date of construction of each in parentheses, are as follows:

Albert Emanuel Building (1928)

The Albert Emanuel Building, erected by the late Victor C. Emanuel, was the University's main library for forty-two years. It now is the home of the Department of Languages and the Art Department.

University Fieldhouse (1950)

The Fieldhouse, with a seating capacity for six thousand, houses the offices of the Department of Athletics and the Department of Physical and Health Education. It also provides recreation facilities for students and members of the faculty.

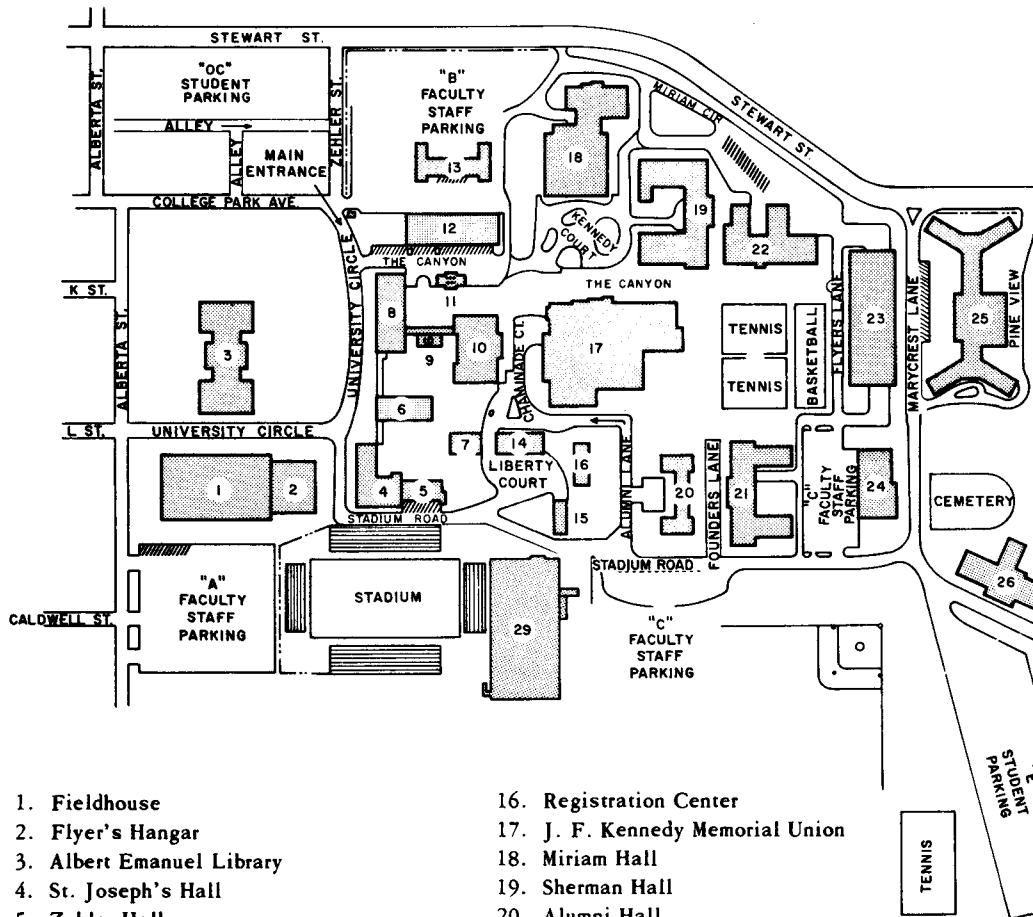

Flyers Hangar (1962)

A smart snack shop and cafeteria, the "Hangar" is a popular between-classes gathering place for students.

Baujan Field (1925)

The University football stadium, with a seating capacity of fourteen thousand, is named for Harry C. Baujan, long-time athletic director at the University.

Campus South, an apartment building for women, is located four blocks southwest of the main campus at Alberta St. and Irving Ave. On the west bank of the Miami River, a new sports arena was completed in time for the 1969-70 basketball season.

St. Joseph Hall (1884)

One of the oldest buildings on the campus, St. Joseph Hall has seen many uses. It now houses classrooms and laboratories, faculty offices, and the Department of Political Science.

Chapel of the Immaculate Conception (1869)

Dedicated to the patroness of the University, the main chapel is the focal point of religious life on the campus.

St. Mary Hall (1870)

When it was built, St. Mary Hall was the largest building in the city of Dayton. For many years, practically the entire school was centered in its five floors. Today it houses the University's principal administrative offices and the Psychological Services Center.

Women's Gymnasium and Music Building (1874)

Headquarters of the women's physical education program (first floor) and the Department of Music (second floor), this building was originally a "Play House" and chemistry laboratory.

Post Office (1903)

The University's postal service includes a federal Post Office contract station, assuring efficient service features for the campus.

Chaminade Hall and Arcade (1904)

Named for the founder of the Society of Mary, Father William Joseph Chaminade, this building provides quarters for the School of Education and the University Bookstore. The Arcade joins Chaminade Hall to St. Mary Hall.

Liberty Hall (1866)

This small, two-story structure is used as a service building.

C. H. Gosiger Health Center (1967)

This new three-story facility is a small hospital with 44 beds, 21 rooms for patients, and the latest in medical accommodations. The staff includes a doctor and five full-time and seven part-time registered nurses.

Zehler Hall (1865)

The oldest of the present campus buildings, Zehler Hall houses the Department of Theological Studies, the University Printing Service, and some research activities.

Power House (1898)

Heat and power for older campus buildings is supplied through this facility. The University laundry also operates in the Power House.

John F. Kennedy Memorial Union (1964)

The "University Living Room" includes a little theater, cafeteria and snack shop, ballroom, art galleries, lounges, bowling alleys, and other "union" type facilities.

Miriam Hall (1965)

Construction of this modern classroom and office building was completed in 1965 for the School of Business Administration. It was named in memory of a great philanthropist, Miriam Rosenthal, without whose labor and enthusiasm the funds for erecting the edifice would not have been available.

Sherman Hall of Science (1960)

Honoring the late John Q. Sherman, distinguished Dayton industrialist and philanthropist, Sherman Hall includes the administrative offices of the College of Arts and Sciences, classrooms and laboratories of departments of Biology, Physics, Home Economics, Psychology, and Mathematics.

Wohlleben Hall (1958)

The departments of Chemistry, Chemical Engineering, and Geology, and administrative offices of the Research Institute are located in Wohlleben Hall, named for the late Brother William J. Wohlleben, Marianist Brother who introduced chemistry and chemical engineering studies to the campus.

Alumni Hall (1924)

This hall is the residence for members of the Society of Mary.

Founders Hall (1954)

Honoring the founders of the University, this men's residence hall is conveniently located in the center of the campus.

Department of Military Science (1952)

Regarded as the finest ROTC facility in the Army's Twentieth Corps area, which includes Ohio, Kentucky, and West Virginia, the building is the headquarters of the Department of Military Science. Among its outstanding features is a large indoor rifle range.

Engineering-Research Building (1969)

The newest building on campus, this facility is occupied by the Departments of Civil Engineering, Electrical Engineering, Electronic Engineering Technology, Industrial Engineering, Industrial Engineering Technology, and Mechanical Engineering and houses a broad spectrum of Research Institute activity.

The administrative offices of the Dean of Engineering and the Director of the Technical Institute are also located here.

Engineering Laboratory Building (1948)

Laboratories of several engineering departments are located in this building which was originally a drill hall at Camp Perry, Va. It was dismantled and brought to Dayton, rebuilt and bricked. A portion of the building is also used by the Office for Buildings and Grounds.

Marycrest (1962)

Marycrest is the University's first residence hall for women. It is home for more than nine hundred women students, and has its own cafeteria, lounge and chapel.

Campus South (1969)

Campus South, several blocks from campus, is a high-rise apartment house for women students. Fifty-four apartments accommodate over three hundred women.

Stuart Hall (1963)

This men's residence hall provides modern accommodations for some seven hundred students. Its name honors John Stuart, from whom the pioneer Marianists obtained the original University property.

Sports Arena (1969)

Completed in time for the 1969-70 basketball season, the Sports Arena, on the west bank of the Miami River, is the home of the nationally famous Dayton Flyers. The arena accommodates over thirteen thousand.

West Campus, University Hall

In 1960, the University acquired through the federal government surplus program a large property in the western section of Dayton which had been a part of the vast Veterans Administration Center. The property included a large hospital building. The building was converted into University Hall, and the entire property, including housing facilities, cafeteria, classrooms, and indoor and outdoor recreational areas, is known as the West Campus. Residents of this campus are primarily freshman men. Regularly scheduled busses bring students to and from the Main Campus throughout the day and evening hours.

East Campus, Marianist College

Marianist College (1961) is located on the eastern outskirts of Dayton. It is the house of studies for religious members of the Society of Mary. These students pursue their collegiate studies, some on the East Campus, some on the Main

Campus. On the East Campus are also located a dormitory, classroom and administration building (1915); a gymnasium and recreation building called Sieben Hall (1961); a residence (1926) for Brothers; and a retreat for students and men called Marianist Retreat House (1911). The Bergamo Center for Christian Renewal (1966) is also located on the East Campus.

RESERVE OFFICERS TRAINING CORPS (ROTC)

The Department of Military Science conducts the Reserve Officers Training Corps (ROTC) program on the campus, providing instruction in general military subjects applicable to all branches of the Army. The purpose of the Reserve Officers Training Program is to develop selected college educated men for positions of responsibility as officers in the active Army and its Reserve components. The program enables qualified college graduates to fulfill their normal two year active duty obligation as commissioned officers.

The ROTC Course is designed: to implant habits of orderliness and precision; to encourage a high degree of personal honor, self-reliance, and leadership; and to provide the means of becoming a better informed citizen on matters of national defense. The program produces junior officers who by their education, training, and inherent qualities of leadership are suited to continued development as officers in the Army of the United States.

The ROTC program is divided into a basic and an advanced course. All male students who meet the qualifications may enroll in the basic course during the freshman and sophomore years. The basic course emphasizes military subjects relating to national security, military history, leadership techniques, and military science.

Admission to the advanced course, a two-year program, is on an optional-selective basis. Only students who have demonstrated a potential for becoming effective officers are selected for this training. The advanced instruction includes practical exercises in tactical training, management, military and leadership techniques and the exercise of command. Successful completion of the advanced course qualifies the student for commission as a Second Lieutenant in the United States Army. A student who maintains academic and performance standards that place him in the upper third of his class may qualify for designation as a Distinguished Military Graduate and for a Regular Army commission upon graduation.

Students enrolled in military courses are issued all appropriate uniforms, insignia, textbooks and other equipment without cost. Those in the advanced course received \$50.00 a month. While in attendance at summer camp, required of all advanced students, they receive approximately one hundred and seventy dollars a month.

A flight training program is offered through the Army ROTC. Flight training (at government expense) is an extracurricular activity conducted by an FAA approved flying school near the college. The instruction includes 35 hours of ground training and more than 36 hours of flight instruction.

Subject to deferment quota limitations, which are prescribed by the Selective Service Act, selected ROTC students are deferred from induction into the Armed Forces as long as they remain in good standing in their academic and military courses. Selected ROTC graduates may be granted a delayed call to active duty to pursue an advanced degree.

RESIDENCE FACILITIES

Men

It is the University's policy that all male freshmen live in one of the men's residence halls unless their home is within commuting distance, or unless all of the rooms are occupied.

Application/contracts for residence hall accommodations and instructions are forwarded by the Office of Admissions to all new students upon their official acceptance to the University of Dayton. The instructions should be read and followed carefully.

All rooms are double occupancy rooms with the exception of a number of triple occupancy rooms at University Hall. The University provides adequate furnishings for comfortable living. Bed linens are supplied and laundered, but students must furnish their own desk lamps, towels, wash cloths, and blankets.

A professional staff and a student staff coordinate with the Office of the Dean of Men and the Director of Housing in administering the management and personnel functions of the Halls. It is the responsibility of this staff to help each resident realize a total educational experience while at the University.

A Chaplain resides in each hall and is available for counseling or religious direction.

The University maintains a Housing Office for those students who are unable to obtain accommodations in one of the men's residence halls and for those upper-classmen and transfer students who prefer not to live in one of the men's halls.

For aid in securing accommodations off campus, please contact by mail or in person the Director of Housing in care of the University of Dayton.

Questions concerning housing information in any of the men's residence halls should be directed to the Housing Office at the University of Dayton.

Women

Housing for women students at the University of Dayton is administered by the Director of Housing. University policy requires that freshman and sophomore women who do not live within commuting distance secure housing in Marycrest Hall on the University campus. Upperclass women are assigned to the women's apartment building or to University-approved off campus housing. Communications regarding women's housing should be addressed to the Director of Housing.

Application/contracts for residence hall accommodations and instructions are forwarded by the Office of Admissions to all new students upon their official acceptance to the University. Students should follow the instructions carefully and return the application/contract promptly. Upperclass transfer students apply directly to the Director of Housing's office for assignment to off campus housing.

Rooms at Marycrest are double or triple. Adequate closet space and comfortable furnishings are provided. Bed linens are supplied and laundered, but students must provide desk lamps, towels, wash cloths and blankets.

A professional staff and a student staff cooperate with the Office of the Dean of Women in managing the Residence Hall and providing student services. A Chaplain appointed by the University maintains an office in the Hall and is available for counseling. An elected Hall Council represents student opinion and initiates programs for the residents.

DINING FACILITIES

The University's food service is operated in four principal facilities. The main cafeteria is located in the Kennedy Memorial Union and contains a dining area seating four hundred students. Adjacent to this facility in the Union is a snack bar where light lunches may be obtained.

Marycrest cafeteria is located in the women's residence hall and is a smartly decorated modern dining room.

The University Hall cafeteria, located on the West Campus, serves the students residing in this residence hall.

The Flyers Hangar serves light lunches consisting of sandwiches, salads, soups, pastries, and beverages. It is a popular meeting place for the student body during the day and the early evening hours.

All food service on both campuses is operated under the direction of a professional manager, with qualified assistants managing each of the separate facilities.

Well-rounded, appetizing meals are served attractively in quantities appropriate to the needs of still growing young men and women. Food service is of

such proportions at the University that more than a million meals a year are served in the four cafeterias.

STUDENT ORGANIZATIONS

The University of Dayton campus abounds in student organizations. Any student from any part of the world, no matter what his interest, will find at least one group on the campus from which he will derive benefits.

Included are student government units such as the Student Government and the Central Women's Organization; many religious clubs, social groups, local University of Dayton fraternities and sororities; co-curricular or academic organizations from the Art Club and Debate Team to the honor societies in the various colleges and schools; and there are musical, military, and athletic clubs — all designed to help the student further his educational, religious, or social well-being while at the University. Students also publish a bi-weekly newspaper, a quarterly literary magazine, an annual pictorial review, and other special interest publications.

Each of the campus clubs elects its own officers and has a member of the faculty as adviser.

At the beginning of each academic year, students are issued a handbook in which these organizations are listed. During the regular orientation week early each year, new students are invited to become members of the various clubs.

LITURGICAL LIFE

As a Catholic college, the University of Dayton places great emphasis on the liturgical life of the student. All Catholic day students are strongly encouraged to attend a weekly chapel service on the campus at which Mass is offered and opportunities for the reception of the sacraments are provided. Regular attendance, it is felt, insures the integration of thought and action, of belief and practice, which is envisioned by the University in its professed purposes. At the same time, by enabling the students to pray and worship together, a spirit of unity and solidarity is fostered among them, thus creating a genuine Christian atmosphere on the campus.

Mass is celebrated in the Chapel of the Immaculate Conception (the main chapel) five times each morning during the week and six times on Sunday. At least one Mass each day (morning or evening) is offered in the chapels of the residence halls. Confessions are heard before, during, and after all Masses in the main chapel each day, and before the daily Mass in all the residence halls.

The Chaplain and Associate Chaplain of the University supervise all spiritual group activities of the student body and of all religious organizations. The many

priests on the faculty, under the direction of the Chaplain, are available at all times for counseling on moral, religious, or social matters.

TESTING

The University Psychological Services Center provides a complete testing program for the students of the University, and for industry and the community at large. Besides this local service, the Testing Center conducts testing programs for Catholic elementary and high school students in fifteen States and is under contract to the U.S. Government to administer the National Defense Education Act (N.D.E.A.) tests in secondary private schools in thirty-eight States.

COUNSELING AND GUIDANCE

In addition to the testing services for University full-time students which are used to help the student identify his talents and aptitudes and thus guide him into proper fields of study, the Psychological Services Center offers the student the opportunity to seek advice in personal, social, and academic problems which he may encounter.

Well-qualified psychologists direct and participate in the work of the Center—work which goes beyond the campus to provide counseling, guidance, and other psychological services to schools, business, and industry.

Specific counseling in all study areas is provided by the deans of the schools and colleges, by the departmental chairmen, and by individual faculty members who are available throughout the day, subject to their administrative and teaching schedules.

PLACEMENT

The University maintains a placement office which energetically assists students in securing part-time work to help them financially while attending school. Details of this operation are treated under "Financial Aids" below.

In addition to the efforts in behalf of students, the placement office also maintains an exceptional liaison with business and industry throughout the nation, and arranges interview sessions between recruiters and senior students, assisting the graduating student in his choice of prospective employment or association. This same service is also provided the University's alumni without charge.

STUDENT HEALTH SERVICES AND INSURANCE

Centrally located in the C. H. Gosiger Health Center, the University Health Service provides a well-staffed and well-equipped operation to safeguard the health of the student. The University physician, on call at all hours, is on duty six hours daily for advice and treatment. A staff of professional nurses works around the clock.

Full-time students may come to the Health Service for out-patient treatment by the staff on duty at the time, and no restriction is made on the number of visits. Ordinary medications are provided without charge when ordered by the attending physician.

Students whose permanent residence is not within commuting distance may avail themselves of the in-patient service of the infirmary at a nominal cost. When the case warrants, students are transferred to local hospitals.

Infirmary or hospital costs are covered for the most part by the highly recommended student insurance program which is available to all full-time students. (Full information on this program will be sent to each student prior to the start of the school year.)

STUDENT IDENTIFICATION CARDS

At the beginning of the school year, each full-time student secures a student identification card (I.D. card) which he carries with him at all times. Provision for obtaining the card, complete with the student's photograph, is made during registration procedures. The I.D. card is vital and obligatory for the student, since it is necessary for participating in student elections or other activities for which official identification is necessary. It must be shown in order to obtain tickets to certain athletic events. It also serves as a library card.

PARKING

Parking facilities are extremely limited on the Main Campus. Those that are available are restricted to commuting students who live some distance from the

campus, and all such parking is by permit only. Students may apply for permits. Students residing on the West Campus are permitted to have cars and to park them on campus.

CULTURAL ACTIVITIES

Principally through its very successful University Arts Series, but as well through various other programs throughout the year, the University of Dayton provides for the student well-planned and coordinated opportunities for association with high-level intellectual and cultural ideas and personalities.

Among renowned guests to appear on the University Arts Series have been Contralto Marian Anderson, Poets Louis Untermeyer, John Ciardi, and W. H. Auden, Philosopher Mortimer Adler, Publisher Frank Sheed, Illinois Senator Paul Douglas, the Roger Wagner Chorale, the Dayton Civic Ballet, Journalists Marquis Childs and Ralph McGill. The Dayton Philharmonic Orchestra, the University Concert Band and the University Choir perform each year.

Art Series programs are given on the campus in mid-day, making attendance convenient for the student. Since the series, which has been extremely well-received, is supported through the student activities fee, there is no admission charge for the individual programs.

In addition to this series, many other continuing programs are offered for the student each year. Among these are the regular productions of the talented University Players; the Evening Religion Series, bringing to the campus outstanding theological scholars; annual lectures sponsored by the Department of History in which known historians are brought to the University; an interesting variety of musical and discussion programs on WVUD-FM; and lectures by outstanding men and women in many other fields of interest.

Many outstanding musical, dramatic, and artistic programs are given throughout the year in the Dayton community. Most offer students rates and are well advertised on the campus.

SOCIAL LIFE

Realizing that "all work and no play" will indeed dull the young student, the University of Dayton provides and encourages participation in a wide variety of social functions.

Small informal social events are held on the campus almost every weekend. Bigger, more formal occasions, such as the Homecoming Dance, or the Junior Prom, are usually held off the campus. Social functions are attended by members of the faculty.

RECREATION

All campuses of the University are equipped with recreational areas where, over and above intramural programs on an organized basis, the student may take part in recreation. Each residence hall has its own recreational areas; the Fieldhouse on the Main Campus and the gymnasium on the West Campus have facilities for individual calisthenics and similar programs. The Kennedy Union includes bowling alleys, browsing rooms, music and art rooms. Tennis courts, outdoor and indoor basketball courts, baseball diamonds, and playfields are available on both campuses. During the winter months, skiing, tobogganing, and ice skating in nearby parks are popular with students. Dayton has a number of fine theaters and several campus organizations frequently present recent motion pictures in campus auditoriums as fund-raising ventures; these are well attended.

ATHLETICS

Participation in athletics is an integral part of the educational development that the University strives to achieve for all its students. This applies both to intercollegiate and intramural athletics.

All students are encouraged to engage in some form of athletic activity according to their ability. This is particularly emphasized for students majoring in physical education, for whom the various athletic activities have special importance in view of the career for which they are preparing.

The University feels that athletics, intercollegiate and others, cultivate a sense of unity which is one of the important factors in student morale.

Many persons throughout the country have come to know the University of Dayton through the accomplishments of its varsity team, the Dayton Flyers. The University also engages in intercollegiate competition in football, baseball, tennis, golf, soccer, ice hockey, and field hockey.

There are highly competitive intramurals in all sports including golf, tennis, softball, touch football, basketball, and volleyball.

THE STUDENT HANDBOOK

As a member of the University family, the student will desire more detailed information than that given here. This information is given in a separate publication called THE STUDENT HANDBOOK. Students and parents are strongly urged to familiarize themselves with the contents of this publication.

III Admissions

REQUIREMENTS FOR ADMISSION

For admission to a freshman class, the applicant must submit a written application, a satisfactory high school record, and results of the Scholastic Aptitude Test (mathematics and verbal) of the College Entrance Examination Board. The application must be on a form which the prospective student may obtain by writing the Director of Admissions.

A student is allowed to register only after all credentials have been received and evaluated and a registration permit has been issued.

The applicant for the freshman class must present sixteen units from a high school accredited by some regional accrediting association or by a State Department of Education, and have a total record indicating likelihood of success in college. Certain courses of study require specific entrance units, as follows:

ENTRANCE UNITS REQUIREMENTS

DEGREES	English	Language	Algebra	Geometry	Trigonometry	Mathematics	Chemistry	Physics	Science	History
Arts degrees	4	2	1	1			1			
Science degrees	4	2	2	1	½ *		1	1 **		
Business degrees	4		2	1						
Education degrees: a) elementary	4	2	1	1					1	2
b) secondary, art, music and speech	4	2 or 1	* * *	1					1	2
c) physical and home economics	4					1			1	2
Engineering degrees	4		2	1	½		1	1		
T.I. degrees	4		1			1				

*No trigonometry is required for Medical Technology and Home Economics degrees.

**Physics is desirable for those planning a major in Physics, Chemistry, Mathematics, and Computer Science.

***Two years of high school required for Business Education.

All exceptions to the foregoing admission rules must be approved by the Academic Dean.

The University bases its acceptance of a prospective student on a satisfactory high school record, recommendation of the high school principal, and the results of the Scholastic Aptitude Test. (Junior SAT results accepted). Taking the American College Test (ACT) is encouraged.

In addition to the above the University of Dayton requires all accepted students to take the English, Mathematics II, and Language Achievement Tests of the C.E.E.B. before June 1. These tests are used for placement only. Those who have not taken a language in high school do not take the Language Achievement Test.

ACHIEVEMENT TESTS

Students who are accepted to the University of Dayton must take the following Achievement Tests for *placement only*, sometime prior to June 1.

COLLEGE OR SCHOOL	ENGLISH	MATH (LEVEL II)	FOREIGN LANGUAGE
Arts	required	required for those seeking registration in calculus during their first term	required
Business	required	optional	_____
Education	required	required for those seeking registration in calculus during their first term	required for secondary teaching field in languages or language electives
Engineering	required	required for those seeking registration in calculus during their first term	_____
Sciences	required	required for those seeking registration in calculus during their first term	optional
Technical Institute	—	_____	_____

The University admissions standards and policies are free of discrimination on the grounds of race, creed, color, and national origin.

ADVANCED PLACEMENT

The University accepts the advanced placement program offered to secondary schools under the auspices of the Advanced Placement Committee of the College Entrance Examination Board.

The University will give not only advanced placement but also credit to students enrolled in the program, provided that such students have taken the tests provided and scheduled by the College Entrance Examination Board and have received a favorable interpretation grade from the Educational Testing Service.

Students desirous of receiving advanced placement under this program are to arrange that test scores be sent to the University Office of Admissions, which will grant advanced standing with or without credit in the appropriate subject areas. Credit, when given, will be recorded as Em credit and will be determined by the interpretation grade:

For a score of "5", two terms of advanced standing with credit.

For a score of "4", one term of advanced standing with credit.

For a score of "3", one term of advanced standing without credit.

Scores below "3" do not entitle the applicant to either credit or advanced standing.

High school students in the senior year may under certain conditions take courses at the University of Dayton for advanced standing with credit. Interested students should seek further details from the Registrar.

TRANSFER STUDENTS

The admission of transfer students is controlled by a special Committee on Admissions comprising the Provost of the University, the Director of Admissions, and the Dean of the School concerned.

In addition to the credentials required of all applicants, a transfer student must present an official transcript of credits and a statement from the school last attended confirming that he was honorably dismissed and that the school would be willing to enroll him again.

The University, through the executive officer of the Admissions Committee, will accept transfer students in the following categories:

- (1) students who have established credit in less than thirty-two semester hours work (or the equivalent) with a grade point average of 2.00 or higher out of a possible 4.00;
- (2) students who have established credit in not less than thirty-two semester hours work nor more than sixty-three semester hours work (or the equivalent) with a grade point average of 2.25 or higher out of a possible 4.00;
- (3) students who have established credit in sixty-four semester hours work

(or the equivalent) with a grade point average of 2.50 or higher out of a possible 4.00. (Grade point averages will be calculated on the basis of *all* work taken and in University of Dayton equivalents.)

Transfer students who cannot meet the above requirements but who feel that, by reason of extraneous circumstances, their cases merit additional consideration may have their applications referred to the Committee on Admissions for final decision. Such referrals must be made to the Committee no later than four weeks prior to the first day of registration for the term in which enrollment is desired.

APPLICATION AND ADMISSIONS PROCEDURES

The prospective student should write to the Director of Admissions requesting application forms. This request should be made at the beginning of the applicant's senior year in high school.

After completing the forms, the applicant must affix a check or money order for a non-refundable application fee, made payable to University of Dayton, and present the application to his high school principal and/or high school counsellor.

The principal and/or high school counsellor completes those portions of the forms so designated (recommendation of the applicant, and official records of high school performance) and mails them to the University.

If the applicant is in the upper third of the class and has 1000 on Junior SAT his application is given immediate attention by the Committee on Admissions. If he is not within the upper third of the class or does not have 1000 on Junior SAT, his application is held until he has completed seven semesters of high school and grades are received, as well as Senior SAT scores.

After the Committee on Admissions studies the application, the applicant is notified if he has been found "acceptable" or not. Those "acceptable" must, on or before the date specified on the acceptance, forward the required deposit—the applicant's assurance to the University that he intends to register.

Prospective students who have designated on their applications that they wish to live in campus housing will receive a contract for such accommodations. This must be properly filled in, and a deposit made. All freshmen must live on the campus, if room is available.

These two latter deposits are applicable to the student's bill at the first registration, except for the housing deposit which is retained to cover possible damage to his room during occupancy.

Let it be noted that the provisions of this bulletin are not an irrevocable contract between the student and the University. The University reserves the right to change any provision or requirement at any time within the student's term of residence. The University further reserves the right to ask the student to withdraw for cause at any time.

DEADLINE DATES FOR APPLYING

September Term	July 1
	January 1 (out-of-town) girls
January Term	November 20
May Term	March 15
June Term	May 15

Applications which arrive after the deadline dates mentioned above will be considered for the following term.

NO EXCEPTIONS WILL BE MADE!

EDUCATION OF VETERANS

All departments of the University have been approved by the Veterans Administration for training under the G.I. Bill. Veterans' affairs are handled by Robert Hildreth, Veteran's Office, Room 108, St. Mary's Hall. All veterans attending the University must contact his office. Counseling by the Veterans Administration is available in the Guidance Center.

PHYSICAL EXAMINATIONS

Physical examinations are required of all new full-time students. These examinations are to be performed by a private physician of the student's choice and the results submitted on the special form supplied by the Office of Admissions. The form must be returned, completed, to the admissions office for transmittal to the University Health Service to fulfill admission requirements. This must be done prior to registration. Physical examinations are not required of Police Administration students who are already in police service.

FOREIGN STUDENTS

All foreign students must comply with the admission requirements. In addition, the following items must be in order.

- 1) the official credentials must be in an official English translation.
- 2) the results of the TOEFL test must be submitted.
- 3) the student health record must be on file on the University of Dayton health form.

Foreign students must deposit \$2,500 with the Treasurer of the University of Dayton before the form to obtain a student visa can be issued.

Arrangements to see the Foreign Student Advisor must be made within 24 hours of the student's arrival on campus.

Other pertinent facts may be found in the pamphlet "Information for Prospective Foreign Students." This pamphlet may be obtained by writing the Director of Admissions.

****See Student Financial Aid on page 48.**

IV Financial Information

GENERAL POLICY

The tuition and fee charges of the University are set at the minimum permissible for financially responsible operation, and in general, these charges are less than the actual costs incurred. Gifts and grants received through the generosity of industry, friends, and the alumni of the University help to bridge the difference between income and costs. When need arises, the trustees of the University reserve the right to change the regulations concerning the adjustment of tuition and fees at any time, and to make whatever changes in the curricula they may deem advisable.

All fees and tuition are payable in full at the time of registration for the term, unless arrangements for payment by some deferred payment program are made with the Office of Student Accounts in advance of each registration.

No student will be registered for a new term, unless the account for the previous term is settled.

Transcript of credits and honors of graduation will be denied students whose bills have not been paid.

All checks should be made payable to the UNIVERSITY OF DAYTON.

A payment of tuition and fees made at the time of registration with a bad check will result in the cancellation of the student's registration until the tuition and fees and penalty are properly paid. The penalty fee is \$20.00.

The penalty for passing bad checks in any other area on the campus is \$5.00.

Tuition reductions are granted to some unmarried children from the same family attending classes, full-time, simultaneously, and not on scholarship, if certain conditions are fulfilled. Inquiries regarding such reductions should be made through the Office of Student Aid in advance of each registration.

Single	\$49.00 per week—(7 Day Meal Ticket)	\$43.00—(5 Day Meal Ticket)
Double	40.00 per week—(7 Day Meal Ticket)	34.00—(5 Day Meal Ticket)

NOTE: The charges for residence facilities may be increased for the year 1970-71. At this time the charges have not been determined.

Students who cannot secure accommodations in the residence halls because of limited space may make arrangements to reside in approved housing in the vicinity of the University through the Housing Office. University cafeterias are closed on Sunday evening. However, vending areas are available in the residence halls for light lunches.

During the Christmas vacation, students may continue to reside in residence halls at a nominal charge. During the Thanksgiving and Easter vacation periods, students may reside in their rooms without any additional charge. The meal ticket is honored only during the Thanksgiving vacation period.

Request for accommodations in the residence halls should be addressed to the Director of Housing.

Applications for room reservations must be accompanied by a fifty-dollar deposit of which forty dollars will be credited to the student's bill for the first session of attendance. The remaining ten dollars will be held as a deposit against any room damage which may result during the occupancy.

Students who cancel room reservations prior to June 15 (for fall term occupancy), December 1 (for second term occupancy), April 1 (for the first split term occupancy), or June 1 (for the second split term occupancy), will be entitled to a refund of the housing deposit. A fifty-dollar housing deposit is required for both the fall term applicants or the second term applicants. A twenty-five dollar deposit is required for each of the two split third terms.

Those who cancel reservations after these dates forfeit the entire deposit.

All students living in residence halls are required to observe University regulations in general along with the specific requirements of each hall, and will be held responsible for any damage to their rooms during occupancy. The cost for any unnecessary damage to the various community areas (lounges, utility rooms, halls, etc.) will be pro-rated to all residents of the area of damage in cases where individual responsibility is not ascertained.

STUDENT FINANCIAL AID

The financial aid program at the University of Dayton is designed to help the qualified student who is in need of financial assistance to continue his college education. Financial assistance at the University of Dayton is available in the form of scholarships, loans, grants, tuition reductions, and part-time employment. In most instances a student will be offered some combination of assistance which will include two or more of the above forms.

SCHOLARSHIPS

The scholarship program at the University of Dayton has been established to recognize excellent high school achievement by incoming freshman students and

outstanding performance by upperclass students in their academic pursuits along with evidenced service to the University.

Scholarships available to incoming freshmen include:

UNIVERSITY COMPETITIVE SCHOLARSHIPS Available to students in all curricula. Scholarship recipients are selected on the basis of: 1) high school academic performance; 2) SAT scores; 3) activities; 4) service to the community, church and/or school; and 5) earnings and savings.

DAYTON AREA AND MARIANIST SCHOLARSHIPS Offered to the first and second ranking senior of Dayton area and Marianist high schools with enrollments of one thousand or more; and to the first ranking senior in schools of less than one thousand students. Full tuition for eight consecutive terms is covered.

BUSINESS, INDUSTRY SCHOLARSHIPS Various business, industries, civic, fraternal, and professional organizations, and foundations provide funds for many scholarship awards. Many companies and organizations in a student's hometown also provide outstanding grants to children of employees and members. Students are encouraged to investigate such offers.

NATIONAL DEFENSE STUDENT LOANS

The University of Dayton participates in the National Defense Student Loan Program. These loans are intended to provide assistance for students of ability with limited financial resources who desire an opportunity for advanced study in the field of their choice.

The funds for the loans are provided by the Federal Government and the University follows prescribed guidelines in the administration of these funds.

STUDENT EMPLOYMENT

More than half of today's college students hold some form of employment, part-time or full-time, to help meet educational expenses. The University provides many such opportunities on campus, and through the Placement Office, helps the students locate such opportunities off campus.

INSTITUTIONAL EMPLOYMENT Last year, students earned a total of more than \$400,000 for part-time work with the University's Research Institute. Others worked in campus cafeterias, libraries, and dormitories. The Placement Office helped some students find work off the campus. Such off-campus work brings the student an average of fifteen to twenty dollars a week.

COLLEGE WORK-STUDY PROGRAM Students who need a job to help pay for college expenses are potentially eligible for employment at the University of Dayton under federally supported work-study program.

V Academic Regulations

REQUIREMENTS FOR DEGREES

All bachelor's degrees granted by the University of Dayton require a minimum of one hundred and twenty semester credit hours. Three credits must be distributed over eight terms in point of time.

Requirements of the different degrees are listed under the various schools.

One year of residence or thirty semester credit hours — ordinarily the senior year — is a minimum requirement for any bachelor's degree.

A credit hour denotes a semester course taken one hour a week as a class period, or two or three hours a week as a laboratory period.

Students enrolled in the University as candidates for degrees should not take courses at other colleges or universities without first obtaining written permission from their respective deans. If the permission is granted, the dean will request "transient status" for such students at the institutions which they designate. The University reserves the right to refuse the acceptance of credits in transfer when this procedure has not been followed.

The Bachelor of Science in Education degree may be awarded to holders of non-professional degrees from the University of Dayton with the completion of a minimum of thirty semester credit hours prescribed by the School of Education beyond the requirements of the non-professional degree. Students who in addition to a professional degree from the University of Dayton complete all the requirements for the Bachelor of Arts or Bachelor of Science degree may be awarded that degree also. Otherwise, for a second bachelor's degree, a minimum of forty-eight semester hour credits in upper-level courses (plus prerequisites) is required. For a second associate degree, a minimum of twenty-four semester hour credits in the area of specialization (plus prerequisites) is required. Moreover, students seeking a second degree must complete, either as part of or in addition to the above minima, the prescribed philosophy and theological studies courses of the general curriculum requirements, if they have not already done so as part of their first degree.

GENERAL CURRICULUM REQUIREMENTS

The University desires that every student develop a thorough knowledge in at least one area of study. In addition, each student should be introduced to the humanistic, cultural, scientific and aesthetic areas. To broaden his education in a meaningful manner, at least one of these areas outside the field of specialization should be pursued in greater depth. Above all, the University endeavors to embrace a philosophical and theological dimension in all areas of student development. Although courses play an important part in the accomplishment of these aims, out-of-class contact with the faculty and fellow students, various activities, and the general atmosphere on campus likewise make an important contribution.

Day students following four-year programs are required to complete successfully certain general University requirements, viz., requirements in Communication Arts, English, Physical Education, Philosophy and Theological Studies.

INDEPENDENT STUDY PROGRAM AND HONORS COURSES

To facilitate development of each student to his fullest capacity the University offers a variety of honors courses and the opportunity to follow an independent study program.

Some of the growing list of honors courses presently offered include:

Bio. 102L	General Biology Laboratory II
Bio. 421H	Biological Problems (Laboratory)
Bio. 422H	Biological Problems (Library research)
Bus. 450H	Business Management Honors Seminar
Chem. 499H	Research
Cme. 499H	Special Problems in Chemical Engineering
Cps. 498H	Problems in Selected Areas
Cps. 499H	Special Topics
Econ. 499H	Special Problems in Economics
Edf. 440H	Honors Seminar
Eng. 240-241H	Literature of Western Civilization
Eng. 395H	Junior Honors Tutorial
Eng. 495H	Senior Honors Tutorial
Hist. 497H	Honors Colloquium I. American History
Hist. 498H	Honors Colloquium II. Non-American History
Mkt. 499H	Problems in Marketing
Mth. 245H	Sophomore Honors Mathematics
Mth. 246H	Sophomore Honors Mathematics
Mth. 345H	Junior Honors Mathematics

Mth. 346H	Junior Honors Mathematics
Mth. 425H	Real Analysis I
Mth. 426H	Real Analysis II
Mth. 445H	Special Topics
Phil. 402H	Metaphysics Seminar
Phy. 196H	Mechanics
Phy. 207H	Electricity and Magnetism
Phy. 208H	Mechanics of Waves
Phy. 430H, 431H, 432H, 433H	Independent Research
Phy. 499H	Special Problems in Physics (Honors)
Pol. Sci. 101H	Introduction to Political Science
Pol. Sci. 201H	American National Government
Pol. Sci. 314H	International Relations
Pol. Sci. 417H	History of Political Philosophy

GENERAL EDUCATION COURSES

The students of the University have expressed a growing desire for student-directed, interdisciplinary study. Since such courses, properly set up and administered, provide an excellent learning experience from many points of view, the College of Arts and Sciences permits its students to take these G.E.D. courses as free electives. Members of the other schools of the University may take part in these courses with the permission of their Deans.

Students may consult with their faculty advisors, department chairman or Dean for further information.

GRADES AND SCHOLARSHIP

A progress report of every freshman in each of his classes is submitted to the Registrar by every instructor at the middle of each term. Final grades are submitted at the end of the term and these are made part of a student's permanent record. Copies of these reports are given to the students and deans and are sent to the parents and guardians. The final grades of freshman students are also sent to their high school principals.

The official marks with their meanings and quality point values are as follows:

- A—Excellent; for each semester credit hour, four quality points are allowed.
- B—Good; for each semester credit hour, three quality points are allowed.
- C—Fair; for each semester credit hour, two quality points are allowed.
- D—Poor but passing; for each semester credit hour, one quality point is allowed.
- F—Failed. This mark indicates poor scholastic work, or failure to report withdrawal from a course. In such cases required courses must be repeated at the next opportunity. A student who receives an F in a required course may repeat the course. He may not, however, take the course a third time unless at the time of the second failure he has a cumulative point average of 2.50 or higher. Under no circumstances will he be permitted to take a course a fourth time.
- I—Incomplete. This grade may be given at the direction of the instructor to any student who, for reasons beyond his control, has not completed some portion of the work of the term, provided that the rest of the work has been of satisfactory grade. It is not to be given if the student has been delinquent in his work, that is, when work has not been completed through his own fault. A grade of I is not to be marked at mid-term. An I must be removed within thirty days from the date listed on the grade report, or it will be changed to an F on the student's permanent record card. No quality point is allowed.
- W—Withdrew. During the first three weeks of a term (or the first week and a half of a split term) a student may withdraw from a class without record. Beginning with the fourth week (or the middle of the second week in a split term) all withdrawals are recorded F, if the student withdraws because of academic difficulty. When a student finds it necessary to withdraw from a class for any reason whatsoever, it is important that he notify his Dean immediately. Financial adjustments, if allowed, will be made only from the date of notification.
- K—Credit. This mark is used for work credited from other institutions by the Office of Admissions and for successful completion of a course. No quality point is allowed.

X—Audit. This mark indicates that the student has registered to audit the course. No credit hours or quality points are awarded for this mark.

Em—Examination. This mark indicates credit given to students registered in the University either on the basis of the advanced placement program of the C.E.E.B. or of examinations taken prior to or after admission to the University. The level of achievement which must be demonstrated by the student on these examinations is determined by the department in which the course is taught. This credit, up to a maximum of twenty-four semester credit hours, shall be assigned only on authorization of the Dean of the School or College in which the student is registered. No quality point is allowed.

No grade change of any kind is permitted after thirty days from the date listed on the grade report.

The *semester grade point average* is the total number of quality points divided by the number of semester credit hours carried by the student. In computing the *cumulative grade point average*, all grades except those for sub-college work are included; in cases where courses are repeated, both the original grades and the new grades are included. Marks of W, K, X and Em are disregarded in the computation of the grade point averages, but a course for which an F or an I is received is included in the usual manner.

ACADEMIC STANDING

The following rules will be observed regarding academic standing:

1. To be in good academic standing a student must have a cumulative point average of (a) at least 1.7 at the end of his first and second terms, (b) at least 1.8 at the end of his third, (c) at least 1.9 at the end of his fourth term, and (d) at least 2.0 at the end of his fifth and succeeding terms. A cumulative point average of at least 2.0 is required for graduation.

2. Any student who has a semester point average of less than 1.0, regardless of his cumulative point average, will be dismissed from the University.

3. A cumulative point average below those required will *automatically* place the student on academic probation for the next term. The Registrar's office will indicate such probation on the student's permanent record.

A student on probation must follow a restricted program as follows:

- a) His course load shall be reduced by fifteen semester hours, or less in the event his available study time is reduced by remunerative employment or by other activities and responsibilities either in the University or elsewhere.

- b) Although he may retain membership in extra-curricular organizations, he shall not take part as a performer, an officer, or an active participant in any extra-curricular activity or any intercollegiate meeting, conference, or athletic event.

4. To remove probation, a student in the following term must earn grades sufficiently high to attain the required cumulative point average. If he fails to do so, he will be dismissed from the School or College in which he is enrolled. He may remain in the University only if he is accepted by the Dean of another School or College.

5. No student will be put on probation more than once in the same School or College.

6. In general, if it appears from the record that a student is not meeting requirements, either scholastic or otherwise, he may be placed on academic probation or he may be dismissed from the University.

7. A student dismissed because of unsatisfactory academic standing may, after the lapse of one calendar year, submit a petition to the Dean of the School or College of his last registration for reinstatement, and be reinstated on probation if the Dean is convinced of his ability and desire to do satisfactory work.

HONORS AND AWARDS

Honors and awards for scholarships are announced at the Honors Convocation.

To be graduated "With Honors" a student must have a cumulative point average for seven terms at the University of 3.5 or higher, based on 4.0. A student who has the required cumulative point average but has been in attendance at the University for less than seven terms may be graduated with honors if he is so recommended by the faculty of the School or College in which he is enrolled and if the recommendation is accepted by the Academic Committee of the School

or College. For that Academic Committee to consider such a recommendation, it is necessary that a student must have at least a 3.5 cumulative average in every institution attended. Under no circumstances may a student be graduated with honors who has taken more than half his credits elsewhere and who has not enjoyed at least a 3.5 average in the institutions he attended prior to coming to the University of Dayton.

The notation of honors is made in the commencement program, on the diplomas, on the student's permanent record, and on transcripts, as follows:

Cum Laude—if the cumulative point average is between 3.5 and 3.69;

Magna cum laude—if the cumulative point average is between 3.7 and 3.89;

Summa cum laude—if the cumulative point average is between 3.9 and 4.0.

Special awards for exceptional scholastic achievement are given annually through the generosity of donors. To be eligible for any of these awards a student must have a cumulative point average of at least 3.0. The awards:

CLASS ATTENDANCE

FOREWARD

It is desirable for students to attend all classes. Listening to the lectures of instructors and being involved in classroom discussions should:

1. stimulate an awareness and interest in the course topics beyond the levels acquired by textbook reading. Because textbook material is generally beneath the level of the current state of knowledge, instructors acquaint the student with new ideas and integrate this material into the course topics;
2. provide instances of the way of thinking and methodology employed by an academic discipline in formulating and solving problems,
3. serve to provide guidelines and goals in the course of study, thus lending direction to the study activities of the student.

POLICY

For the above reasons, students are expected to attend all classes. It is felt that upperclassmen, i.e., sophomores, juniors and seniors, can be relied upon to display sufficient maturity to assume this responsibility. Let it be noted, however, that to insure the accuracy of records, every student must be present at classes during the first week of each term.

Students are responsible for being aware of the proceedings and material covered in each class period. Students must attend all announced tests and submit assigned written work on the date set by the instructor; it is recommended that the instructor announce such tests and assignments at least a week in advance. The action taken as a consequence of missing a test or an assignment will be determined by the instructor and will be based upon a consideration of the individual circumstances involved.

To assist freshmen in their transition to college responsibilities, it is felt that

a policy of compulsory attendance is necessary. Therefore, freshmen will be permitted only a limited number of absences. For freshmen, the allowable number of absences in the first term or in the second term will be equal to the number of class meetings per week, i.e., three absences for a class meeting three times a week. In either half of the third term the accumulated time for a freshman to be absent from class shall not exceed the number of credit hours for the course. Normally this would mean that such a student will be permitted two absences in a three credit hour course. A student exceeding this number will not be permitted to continue in the class unless he presents justifiable reasons for his absences to the Attendance Appeals Committee. Students on the Dean's List are permitted unlimited cuts.

The handling of tardiness is left to the discretion of the instructor.

TRANSCRIPTS

A transcript of the permanent academic record is a confidential document to be released only with the permission of the student except under due process of law. A transcript of record will be issued by the Registrar upon receipt of a request in writing. The student may request his transcript to be mailed to himself, another institution, or organization. The first copy of a transcript requested after graduation is a complimentary copy. All transcripts except the complimentary copy will require advanced payment of a dollar. The charge for transcripts ordered in lots of two or more is a dollar for the first copy and fifty cents for each additional copy.
