Many people throughout the country have come to know the University of Dayton through the accomplishments of its intercollegiate athletic teams. The mission of the Division of Intercollegiate Athletics at the University of Dayton reflects the mission of the University. That mission is embodied in the following core purposes:

- To educate the total person by integrating the primary academic purposes with educational possibilities and opportunities for young people beyond the classroom
- To teach the value of community and family through collaboration and teamwork
- To instill the fundamentals of sportsmanship, adhering to the values of respect, fairness, civility, honesty and responsibility
- To teach the tools of achievement, including self-discipline, personal responsibility and the setting of high standards
- To develop the individual talents of our student-athletes within the context of shared team goals
- To enhance diversity and minority opportunity at the University of Dayton
- To advance the University of Dayton locally, regionally and nationally through the more highly visible sports, particularly the men's basketball program

There are seven men's intercollegiate sports: football, soccer, and cross country in the fall; basketball in the winter; and baseball, golf, and tennis in the spring. There are ten women's intercollegiate sports: volleyball, soccer, and cross country in the fall; basketball and indoor track in the winter; and softball, rowing, golf, tennis, and outdoor track in the spring. Cheerleading tryouts, open to all students, are held each year.

Any student, male or female, who plans to participate in a varsity sport, must be certified through the NCAA Initial-Eligibility Clearinghouse. Additionally, student-athletes are required to complete a physical examination and provide documentation of their medical history and current insurance coverage.

The University of Dayton and its Division of Athletics are committed to abiding by the rules of the NCAA and the Atlantic 10 Conference. The volume and complexity of the NCAA rules prohibits addressing all the possible scenarios that may impact athletic eligibility. Therefore, you are encouraged to visit DaytonFlyers.com and NCAA.org to access the various rules and policies which assist our University in continuing to operate with honor and dignity.

Please do not hesitate to contact the Compliance Staff if you should have any questions.

Campus Ministry

Faith formation and reflective religious dialogue play important roles in the education and development of the whole person at the University of Dayton. As a primary agent in faith formation at UD, Campus Ministry, inspired by the University's Marianist tradition, forms persons and communities in a lived faith, expressed in worship, in challenging and compassionate relationships, and in commitment to justice and service.

With thirty staff persons and a wide variety of programs, UD has one of the largest and most active campus ministry programs anywhere. Informed by the Roman Catholic Tradition, the vast majority of our programs appeal to students from different Christian backgrounds and those of other faiths. A full-time protestant campus minister serves as a part of the campus ministry team. Campus Ministry also connects students from other faith traditions to their respective faith communities off campus. A number of independent, religiously based student organizations exist on campus. Together, these provide a range of options and opportunities for students to be a part of a faith community during their time at UD.

Our primary activities for students are outlined below.

Residence Life Ministry

Each residential area has campus ministers who actively engage students in faith based activities. Student leaders guide participation in activities such as faith sharing groups, bible studies, retreats, Mass, service and social opportunities, and other prayer experiences. In these and other ways, campus ministry is able to accompany, encourage and support students in areas of leadership, personal growth, and spiritual development.

Center for Social Concern

Campus Ministry's Center for Social Concern is committed to faith-based social justice education, including direct service to the poor and marginalized, work on behalf of social justice and changing unjust structures in society that oppress and marginalize human beings. The Center for Social Concern provides many opportunities for students, faculty and staff. Over thirty service clubs and many annual events provide opportunities for direct service to the poor and marginalized. Spring BreakOut Trips and Summer Immersion Trips, along with the Summer Appalachia Program, offer opportunities for service and justice education in domestic and international settings. Guest speakers and a number of other activities also contribute to these goals. At the heart of it all is a wide array of opportunities to reflect on the service and justice work in the context of faith.

Retreats and Faith Communities

The Retreats and Faith Communities Office offers a wide variety of retreats for sophomores, juniors, seniors, and graduate students. The retreats are varied in size, style, theme, and focus. There are quiet and relaxing guided retreats, wilderness retreats which reflect on faith while enjoying nature, and many other retreats that include activities, discussion, and prayer services. Many of the underclass retreats are led by student teams who prepare through weekly meetings. The office also offers PORCH communities, many small Christian communities each with a different focus. Topics include faith sharing, scripture study, and theological reflection. A variety of other programming is offered as well, including specific programming for the student neighborhood and retreat reunions.

Liturgies and Prayer

Students, faculty, and staff are active in the liturgical life of the University as lectors, Eucharistic ministers, music ministers, Mass coordinators, and hospitality ministers at both daily and Sunday celebrations of the Eucharist. The sacrament of Reconciliation and Eucharistic adoration are scheduled regularly, and during the seasons of Advent and Lent, sung weekly Vespers are offered along with communal Reconciliation services. An interdenominational Christian worship service is held every Sunday during the academic year, and other opportunities for worship are available in the local community.

Counseling Center

The main purpose of the Counseling Center is to assist students in self-development, including personal adjustment, career planning, and social skills building. All students in need of objective insights or merely "a listening ear" are encouraged to make use of the Center's services. No student's concern is too minor to explore. This is usually accomplished through one-to-one and group counseling, although there are opportunities for workshops on certain topics, consultation, and outreach programming for student, faculty, and staff groups. The Center also provides career and personality testing services.

Because counseling often involves sensitive personal matters, discussions between counselors and students are strictly confidential. An exception occurs when students' problems become life threatening. The University and the student may enter into a contract to establish conditions regarding required treatment/assessment, if there is imminent danger. The student may decide to use the services offered by the University or to receive treatment elsewhere. In the latter case, periodic review by the University is required to confirm that contract conditions are met. For the welfare of the student, problems warranting treatment more intensive than the University can offer may require temporary medical withdrawal from the University. The student may be readmitted to the University upon acceptable completion of contract conditions. In life threatening circumstances, the University assumes the position that the parents or guardians of the student generally should be notified, and it will initiate such notification if the student has not done so within an appropriate time, refuses to do so, or is unable to do so. Other exceptions to confidentiality include a) receiving a court order, and b) when evidence suggests abuse or endangerment to a person under the age of 18 or over 60.

A one-time counseling fee charged to all matriculating undergraduate students, Law School students, and Graduate Assistants covers the cost of services by the Counseling Center while they are enrolled at the University. Non-Graduate Assistants, graduate students, and nonmatriculated undergraduate students pay charges on a fee-for-service basis. The International Association of Counseling Services, Inc. accredits the Center.

Medical care is available at the Health Center to all full-time and part-time undergraduate, graduate, and law students. During the academic year, the Health Center is open from 8:30 a.m. to 6:00 p.m. on weekdays, except University holidays. A physician is available for consultation every weekday morning and afternoon throughout the year, except University holidays. Summer hours are 8:30 a.m. to 4:30 p.m. with limited physician hours. Students should call the Health Center to schedule an appointment at 93131 or 937-229-3131. In case of emergency, call Public Safety, 937-229-2121.

Pre-admission physical examinations are not required, but students with chronic health problems are advised to have their physicians send records or recommendations to the medical director. Every student born after 1955 is required to show evidence of immunity to measles, mumps, and rubella. Students fill out these dates as part of the on-line admission process.

Undergraduate and law students pay a Basic University Fee, which covers the cost of services at the Health Center. Graduate and IEP students, who do not pay this fee, are charged for services received at the Health Center. The charge for a physician visit ranges from \$45 to \$75, depending on the length of the visit and the type of services provided. Charges are made for all students for medicines dispensed, allergy injections, laboratory tests, and x-ray examinations.

All charges incurred at the Student Health Center are reported to the Bursar to be entered on the student's account with the University. Inquiries regarding bills or University-sponsored insurance should be made at the Health Center between 9:00 a.m. and 3:00 p.m. weekdays. Itemized statements can be provided upon patient request. These are not automatic and the Health Center does not bill outside insurance companies directly, however students should bring a copy of their health insurance/pharmacy cards to each visit.

Full-time graduate and law students (6 hours or more) and undergraduates students are eligible for University-sponsored health and accident insurance. For information about this program, visit the Health Center, or call 937-229-3131.

Office of Student Learning Services: Students with Disabilities

The University of Dayton is committed to including individuals with disabilities as full participants in its programs, services and activities through compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, and the ADA Amendments Act of 2008.

Services for students with disabilities at the University of Dayton are provided through the Ryan C. Harris Learning Teaching Center (LTC) Office of Student Learning Services (SLS). SLS ensures that qualified students with disabilities have equal access to educational opportunities at the University of Dayton so they can participate freely and actively in all facets of university life.

For Students with Disabilities, the Office of Student Learning Services:

- Ensures reasonable approved accommodations to students with disabilities registered with SLS. Visit our website <http://learningservices.udayton.edu/> for more information on registration with SLS.
- Assists in the interactive process between students and faculty for determining and implementing reasonable approved accommodations. To use classroom and/or testing approved accommodations, students registered with SLS must complete the Self-Identification process described below.
- Assists the university in complying with the provisions of Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), and the ADA Amendments Acts of 2008.
- Encourages the development of self-advocacy and self-determination skills.
- Assists the university community in understanding the concept and the realities of disability and in working to eliminate the physical, technical, and attitudinal barriers that limit the range of opportunities for students with disabilities.

The Self-Identification Process

Students with disabilities who are registered in SLS are entitled to reasonable approved accommodations from the University of Dayton. Students eligible to receive reasonable approved accommodations in classroom or testing settings may request a Self-Identification Form from SLS. This form identifies recommendations for reasonable accommodations based upon the individual student's documented disability. This process includes consultation between the student and SLS Disability Staff to determine specific individualized needs.

Students hand-deliver a completed Self-Identification Form to the professor of the course for which they are requesting accommodations. With delivery of the form, a student initiates a discussion with the professor regarding implementation of approved reasonable accommodations. Since all students are ultimately responsible for their own academic achievement, the decision of whether to utilize agreed upon reasonable approved accommodations is the student's responsibility.

Roles and Responsibilities of Students, Faculty, and SLS Disability Staff

Students have the right to:

1. Freedom from discrimination based on their disability.

One of the most challenging and growth-oriented experiences available to students is residential living. The University strives to provide a cocurricular environment that both supports and challenges students to reach their full potential. Understanding, mutual respect, and openness to diversity foster the development of a positive community.

In order to attain this goal, professional, graduate, and undergraduate staffs in the Department of Residence Life are creating living and learning environments within University residence halls, suites, apartments, and houses. A student elected governance board or council represents residential student opinions and assists the residence life staff in providing programmatic initiatives for each on-campus living area.

All first-year and second-year students are required to live in UD housing unless they are married, are twenty-one years of age or older, or are local residents living with their legal guardian at their permanent residence within 40 miles of the University of Dayton campus. Junior and senior students have the opportunity to live in UD apartments and houses or to choose to live in non-University housing.

Upon official acceptance to the University of Dayton, the Office of Enrollment Management provides students with information and instructions for securing residential living accommodations. Questions regarding housing can be directed to Residence Life at 937-229-3317 or email housing@notes.udayton.edu or visit the Residence Life website at <http://housing.udayton.edu>.
