

SCHOOL OF EDUCATION AND HEALTH SCIENCES

Kevin R. Kelly, Dean
Linda A. Hartley, Associate Dean for Undergraduate Learning

In conformity with the University's mission, the School of Education and Health Sciences (SEHS) endeavors to educate distinctive graduates who will effectively and efficiently utilize the highest quality of learning and scholarship and engage people in building strong learning communities and in developing collaborative, dynamic partnerships. The SEHS programs focus on distinctive Catholic and Marianist educational and intellectual traditions which enable graduates to become effective practitioners in the field of professional education and the health sciences. The theme for the SEHS is Building Learning Communities through Critical Reflection.

As a community of learners, collaboration and critical reflection are fostered and encouraged through efforts to integrate and connect knowledge, skills and dispositions gained from various courses in the SEHS and the liberal arts, including the Common Academic Program. This acquaints the students with the major areas of knowledge and provides the basis for their specific program of study. The SEHS is particularly noted for the professional development of teachers and health science professionals who are able to enhance the quality of life experiences for both children and adults. In relation to teaching, the school is committed to quality programs which address the professional preparation of teachers for the early, middle and secondary schools and intervention specialists. In relation to the health sciences, the school is committed to quality programs which address the professional preparation for specialists in exercise science and fitness management, sport management, pre-physical therapy and food and nutrition. Provisions for professional competence are made through:

1. comprehensive study of the various fields
2. study of the professional foundations common to all of the program areas
3. specialized study of the principles underlying a particular area of study
4. appropriate field-based experiences

Students in the SEHS should appraise their commitment to teaching and the health science professions according to their development in specific knowledge, skills and dispositions. Students will have opportunities to apply theory to practice in planned and supervised field-based experiences. Their programs of study will include reflective practice which will incorporate inquiry leading to self improvement.

The SEHS is committed:

- to education for the improvement of others and society
- to the principles that refer to a shared common humanity
- to the dignity of the person and the use of reason and cooperation in seeking social justice
- to the democratic principles
- to a humanistic approach to learning; and
- to the Marianist traditions in education

Academic Programs

The SEHS offers the following majors leading to the Bachelor of Science in Education degree. Additional information specific to each department, including certificate and endorsement programs, may be found under the Programs of Study tab.

Department of Health and Sport Science

- Dietetics (p. 329)
- Exercise Physiology (p. 330)
- Exercise Science (p. 329)
- Sport Management (p. 333)
- Pre-Physical Therapy (p.)

Department of Teacher Education

- Adolescence to Young Adult Education (p. 339)
- Early Childhood Education (p. 340)
- Early Childhood Leadership and Advocacy (p. 341)
- Foreign Language Education (Multi-Age P-12) (p. 342)
- Intervention Specialist (Special Education) (p. 343)
- Middle Childhood Education (p. 344)
- Middle Childhood Education/Intervention Specialist (p. 345)
- Secondary Catholic Religion Education (p. 346)

Students who major in the College of Arts and Sciences can also earn a teaching license (p. 328). See program requirements for the majors in the Department of Teacher Education.

Degree Requirements

To be awarded the bachelor's degree by the School of Education and Health Sciences, it is necessary to complete all requirements as stipulated by the catalog and department policy. The final 30 semester hours must be earned at the University of Dayton.

Licensure for Students in Arts and Sciences

B.A. or B.S. and B.S.E.

Students earning a Bachelor of Arts or a Bachelor of Science in the College of Arts and Sciences who wish to complete the requirements for a teaching license in the state of Ohio may do this by also completing the requirements for the Bachelor of Science in Education and Health Sciences. The dual degree option requires students to complete all course and academic requirements, including specific minimum GPA requirements, in both academic units. Some overlap of degree requirements may exist and students are encouraged to meet with an adviser to obtain a clear understanding of the total academic work needed for the dual degree option. For a full description of the requirements for the teacher licensure programs in the Department of Teacher Education, see Programs of Study (p. 338).

Transfer Students

The School of Education and Health Sciences welcomes transfer students into our programs. Students should contact either the SEHS Student Services and Licensure Office or the Departments of Health and Sport Science and Teacher Education for additional information.

Programs of Study

To learn more about the programs in the School of Education and Health Sciences, explore the departments:

- Health and Sport Science (p. 329)
- Teacher Education (p. 338)

Individually Designed Major

Students demonstrating extraordinary interest, special skills or needs, and sound academic status may initiate an individually designed major. Students carry the responsibility to find a faculty mentor or advisor for such major. All University and School of Education and Health Sciences requirements for the Bachelor of Science in Education must be fulfilled. The degree received will be a Bachelor of Science in Education with the major Education and Allied Studies. Plans for such major must be submitted to the appropriate chairpersons and the SEHS Dean's Office for final approval. Plans may be altered with appropriate supporting rationale and the approval of the department chairperson and dean.

Health and Sport Science

Majors:

- Bachelor of Science in Education, Dietetics (p. 329)
- Bachelor of Science in Education, Exercise Physiology (p. 330)
- Bachelor of Science in Education, Exercise Science (p. 331)
- Bachelor of Science in Education, Pre-Physical Therapy (p. 332)
- Bachelor of Science in Education, Sport Management (p. 333)

The undergraduate mission of the Department of Health and Sport Science is to prepare students to be proficient and professional in the disciplines of dietetics, exercise physiology, exercise science, pre-physical therapy, and sport management.

The Dietetics Program prepares students for post-baccalaureate dietetic internships or preprofessional practice programs.

Exercise Physiology students prepare to pursue research careers in exercise science, medicine or health.

The Exercise Science Program is designed to prepare students for professional opportunities in corporate fitness, wellness, and health maintenance programs in a variety of settings.

The Pre-Physical Therapy Program will prepare students for graduate school in physical therapy and other allied health professions.

The Sport Management Program prepares students for professional opportunities in Division I and professional sports, sports organizations/federations, newspapers, television, sporting goods, and the many areas of recreation.

Along with minimum ACT/SAT scores, minimum cumulative GPAs are required for students wishing to transfer into the department.

Faculty

Corinne Daprano, Chairperson

Professors Emeriti: Drees, Laubach, Leonard, Roberts, Schleppe, Siciliano
Professor: Titlebaum

Associate Professors: Daprano, DeMarco, Linderman

Assistant Professors: Crecelius, Cuy Castellanos

Lecturers: Dalton, Gallo, Ritterhoff

Bachelor of Science in Education, Dietetics (EHA) minimum 123 hours

This program, which leads to a Bachelor of Science degree, prepares students who wish to become registered dietitians. It has a strong science component.

During the last semester of their senior year, students make application to a dietetic internship program. These post-baccalaureate programs are usually eight to eleven months in length and will qualify the student to sit for examination to become registered dietitians. Acceptance into the internship program is highly competitive and is based on the student's grades, work experience, recommendation letters, and extra curricular activities. Selection is made through computer matching.

Costs of the didactic program in dietetics may also include laboratory fees, the purchase of a lab coat, and membership fees for the Student Dietetic Association and the Academy of Nutrition and Dietetics. No liability insurance is needed since the students in this program do not participate in a practice setting.

The didactic program in dietetics is currently granted initial accreditation by the Commission on Accreditation for Dietetics Education (CADE), Suite 2000, 120 South Riverside Plaza, Chicago, Illinois 60606, Phone: (900) 877-1600.

ADVISOR APPROVED ELECTIVES

9-15

Bachelor of Science in Education, Exercise Science (EES) minimum 125 hours

Wellness is no longer a health trend or fad, it has become a lifestyle. Career opportunities available to graduates include:

- Exercise program directors in business, industry, hospitals, and communities
- Cardiac rehabilitators
- Health and fitness club managers

Specific functions include testing, research, evaluating, and prescribing exercise-related activities, and promoting wellness programs.

Bachelor of Science in Education, Pre-Physical Therapy (EPT) minimum 123 hours

The Pre-Physical Therapy program is focused on preparing students for entrance to graduate programs in physical therapy. It is designed to optimize graduates' chances of being accepted into some of the top physical therapy schools in the country. These graduate programs are highly selective, and both the undergraduate curriculum and the student's performance are considered in this competitive screening. Employment

opportunities for physical therapists are growing faster than any other segment of the healthcare industry. Because of the depth and breadth of the curriculum, a graduate will also have preparation for careers in fitness management and sports rehabilitation.

Courses

HSS 101. Introduction to the University Experience. 1 Hour

Examination of the values that foster academic progress in the College, discussion of strategies for taking full advantage of academic opportunities, and integrating formal and experiential learning.

HSS 111. Introduction to Sport Management. 3 Hours

Course to help the student define professional goals and assess personal strengths and weaknesses in the light of competencies deemed essential for a sport management career.

HSS 112. Introduction to Exercise Science & Fitness Management. 2 Hours

Course to help the student define professional goals and assess personal strengths and weaknesses in the light of competencies deemed essential for an exercise science and fitness management career.

HSS 113. Introduction to Dietetics & Nutrition. 2 Hours

To acquaint the students interested in a career in dietetics or nutrition with the professions, roles, responsibilities, and opportunities afforded them. Examples of practice for each area will be explored. Required by all entering first-year students and open to students interested in food and nutrition careers.

HSS 114. Introduction to Physical Therapy. 1 Hour

An introductory seminar discussing the history, present and future, of physical therapy. A successful undergraduate preparation for entrance into this highly selective graduate program will be this field's secondary focus.

HSS 115. Introduction to Therapeutic Dosing in the Health Sciences. 3 Hours

Examination of the direct relationship of dosage calculations in the health sciences. Emphasis is on the transfer of basic mathematics skills to application and problem solving in the health sciences.

HSS 121. Fitness for Life. 2 Hours

This course will include a combination of classroom lectures covering numerous topics pertaining to health related fitness as well as laboratory activity sessions implementing concepts that foster a healthy, active lifestyle.

HSS 130. Physical Education Activities. 1 Hour

Selected courses offered to all University students.

HSS 182. Aerobic Conditioning. 2 Hours

Aerobic conditioning techniques developed primarily through running programs. Required for EES and EDP majors.

HSS 210. Introductory Foods. 2 Hours

Study of scientific principles applied to the processing and preparation of food to maintain nutritional quality and aesthetic value. Prerequisite(s): CHM 123, CHM 123L.

HSS 210L. Introductory Foods Laboratory. 2 Hours

Course to accompany HSS 210 lecture. Corequisite(s): HSS 210.

HSS 220. Adapted Physical Activity. 3 Hours

Course to prepare prospective teachers to adapt a physical education program so all children and youth can successfully participate in activity programs. Study of the atypical child in order to organize and administer a program which will meet individual needs.

HSS 250. Principles of Sport Management. 3 Hours

Examination of the nature of management from theoretical and practical perspectives in a variety of sport settings. Focus on managerial functions and skills. Prerequisite(s): HSS 111.

HSS 253. Sport Facility Operations. 3 Hours

The processes of planning, constructing, equipping, maintaining, and operating sport facilities are investigated in this course.

HSS 255. Sport Management Practicum. 3 Hours

The sport management practicum and seminar is designed for students to gain insight into a wide array of field experiences within this discipline. Students are given choices of field work within a variety of sport and recreation settings. In addition, a weekly seminar is required as part of the practicum experience.

HSS 275. History of Physical Education & Sport. 3 Hours

Study of the historical development of physical education, sport, and associated disciplines as they relate to significant people and events in the history of Western civilization. Prerequisite(s): HST 103 The West and the World or approved equivalent/ substitute.

HSS 285. Sport Management Field Experience. 3 Hours

This experience is done after completion of HSS 255. 150 clock hours need to be completed for the 3 semester hour experience.

HSS 295. Nutrition & Health. 3 Hours

Study of the nutrient needs of humans and of their choices as modified by socioeconomic, cultural, and life cycle factors. Sophomore standing.

HSS 302. Community Nutrition. 3 Hours

Study of the social, cultural and environmental factors relating to dietary behaviors and best practices to addressing nutrition-related needs.

Prerequisite(s): HSS 295.

HSS 303. Food Service Systems Management. 2 Hours

Study of food service organizations and management. Demonstrate the importance of menu as the primary control of the food service system - factors affecting menu planning, customer satisfaction, and management decisions.

HSS 304. Institutional Quantity Food Buying. 3 Hours

To study quantity food production in foodservice system through application of principles for determining needs and procuring, producing and storing foods in quantity, along with institutional equipment selection, maintenance, and layout. Prerequisite(s): HSS 210, HSS 210L; a Multipurpose Computer Account (AKA Dial-in/PPP/Flyernet account); basic IBM compatible computer skills.

HSS 305. Human Anatomy. 3 Hours

Study of the human body with emphasis on the interdependent relationships of structure and function. Prerequisite(s): CHM 123, CHM 123L, CHM 124, CHM 124L, BIO 151, BIO 151L, BIO 152, BIO 152L.

HSS 305L. Human Anatomy Laboratory. 1 Hour

Hands-on study of the human body with emphasis on the interdependent relationships of structure and function through the use of interactive anatomy.

HSS 307. Human Physiology. 3 Hours

Survey of the functions of body systems with respect to general cell physiology and specialization into tissues, structural contributions to tissue/organ physiology, pertinent concepts of biochemical physiology, tissue metabolism and energy/food requirements during stress and exercise, recent research into control and regulation of functions of major systems, physiologic limitations outside environmental ranges, and selected examples of pathophysiology. Prerequisite(s): CHM 123, CHM 124, HSS 305, BIO 151, BIO 152.

HSS 307L. Human Physiology Laboratory. 1 Hour

Virtual human physiological laboratory course meant to enhance the materials covered in HSS 307 - Human Physiology. Laboratory simulations in human physiology to cover concepts such as, but not limited to, cell transport mechanisms and permeability, skeletal muscle physiology, endocrine system physiology, cardiovascular dynamics, cardiovascular physiology, respiratory system mechanics, renal system physiology, and blood analysis. Prerequisite(s): BIO 151, BIO 152; (CHM 123, CHM 124) or equivalent; HSS 305. Corequisite(s): HSS 307.

HSS 320. Essentials of Strength Conditioning. 3 Hours

Course designed to prepare students for the certified strength and conditioning specialist (NSCA) exam. Topics included will pertain to muscular strength and endurance conditioning, physiology of strength conditioning, muscular strength testing and evaluation, and organization/administration of strength training programs.

HSS 321. Essentials of Personal Training. 3 Hours

To provide students with specific, real-world information regarding the knowledge, skills, and expectations associated with a competent personal trainer or fitness professional. Additionally, this course is designed to prepare students for the nationally accredited Certified Personal Trainer (CPT) certification exam. Prerequisite(s): HSS 305 or BIO 475.

HSS 330. Leadership in Sport. 3 Hours

As our society and industries adapt and reinvent themselves, especially in the sport (service) industry, there is a need for individuals within organizations to step up to the role of a leader, independent of their formal position. Therefore, the purpose of this course is for students to start (or continue) to develop their self-awareness, understanding, knowledge and practice of leadership.

HSS 331. Sport Ethics. 3 Hours

Study of the ethical decisions in sport and athletics, using case analysis and real world examples to assist future sport management professionals to develop a set of moral reasoning skills to self-evaluate, examine, and critically analyze ethical issues they will encounter in their professional careers. Prerequisite(s): Junior/Senior status.

HSS 335. Introduction to Athletic Training. 3 Hours

Application of principles and methods involved in prevention, care, and treatment of athletic injuries. Prerequisite(s): HSS 305.

HSS 341. Extreme Sports. 3 Hours

No description available.

HSS 345. Medical Evaluation & Terminology. 3 Hours

Medical terminology related to physiological processes.

HSS 349. Financing Sport Operations. 3 Hours

The financial concepts and theories and their application in the professional intercollegiate, recreational and commercial sport industries. Topics include revenues and expenses of professional, intercollegiate, and private sport industries; issues affecting these revenues and expenses; fundraising at the intercollegiate level; ownership in sport; and public and private funding for non-profit sports programs.

HSS 350. Business of Soccer. 3 Hours

Study of international sport management issues through the perspective of European soccer with particular reference to professional soccer in England including the Premier League, Spain (La Liga), Italy (Serie A), Germany (Bundesliga), the UEFA Champions League, as well as major international governing bodies such as FIFA and UEFA.

HSS 353. Sports Media. 3 Hours

This is the study and the appraisal of the media and the role that it plays in contemporary sports. Attention is also given to preparation and evaluation of media sports presentations.

HSS 354. Sport in the Global Community. 3 Hours

Analyze the growth and development of sport throughout the global community with an emphasis on the structure and organization of sport. Additionally the production of major sport events, such as the Olympics and World Cup Soccer Tournament, will be examined. Prerequisite(s): HSS 250.

HSS 356. Human Resources Management in Sport. 3 Hours

This course is an overview of leadership and human resource management. The course examines the techniques, policies, processes, strategies, and practices used by health-related and sport companies and managers to effectively and efficiently utilize human resources. Prerequisite(s): HSS 255.

HSS 357. Sports Marketing. 3 Hours

Course content is designed to give students an understanding of marketing principles applied to sport, sport events, and sport products. Marketing strategies including the sales, promotions, and advertising of sport will be emphasized.

HSS 358. Sales & Fundraising in Sport. 3 Hours

Examination and understanding of sales and fundraising techniques. Students will gain first-hand experience in developing new skills for the job market.

HSS 360. Sport and Bodies. 3 Hours

Critical examination of the historical and contemporary ways in which the human body is altered/modified, displayed/portrayed, valued/devalued, and included/excluded in terms of gender, race, social class, and ability status within sports. This course will examine how sport and bodies function in the political, social, and economic systems of the U.S. and globally. Using the perspectives of health and sport sciences and sociology, this course examines sport and bodies from macro and micro perspectives.

HSS 384. Food Justice. 3 Hours

Diversity, social inequality and social justice are integral aspects of the fields of health science, sociology, and humanities. These issues particular to food are relevant in thinking about the challenges that people in Dayton and around the globe face. Through the combined analysis of at least two academic units, students will learn how to perform descriptive and normative analysis, as well as how to focus on pragmatic opportunities to address and ameliorate food injustice. Prerequisite(s): Sophomore-status.

HSS 401. Nutritional Biochemistry I. 3 Hours

Extension of the student's knowledge of the science of nutrition, stressing the metabolism of food constituents and recent advances in the field of nutrition. Prerequisite(s): (BIO 403 or HSS 307); CHM 314; HSS 295.

HSS 402. Nutrition for the Aging Adult. 2 Hours

The study of the process of aging through adulthood. This will focus on the changes in nutritional needs during the aging process. Attention will be paid to the community resources available to help provide optimum nutrition to healthy people as they age. Prerequisite(s): HSS 295, HSS 305, HSS 307, CHM 123, CHM 124.

HSS 404. Coaching Internship. 1-3 Hours

Practical coaching experience working in local schools with interscholastic teams. Elective.

HSS 405. Tests & Measurements in Sport Science. 3 Hours

Direct relationship of tests and measurements to the field of sport science.

HSS 406. Nutrition for Mother & Child. 2 Hours

Physiologic and biochemical principles and results of current research are used to build a foundation for exploration of nutrition from the stages of growth and development, to maturation, and aging. These serve as the basis for consideration of the social, economic, physiologic, and lifestyle factors that influence nutrition status, food choices, and specific life state concerns. Particular attention is paid to using the principles of nutrition in planning and implementing recommendations for dietary change. Prerequisite(s): HSS 295, HSS 307.

HSS 408. Physiology of Exercise. 3 Hours

Detailed study of the effects of exercise on human functions, as a basis for the study of physical fitness, motor skills, and athletic training. Prerequisite(s): HSS 305; (HSS 306 or HSS 307).

HSS 408L. Physiology of Exercise Laboratory. 1 Hour

Course to accompany HSS 408. Weekly two-hour laboratory stressing practical applications of exercise physiology. Prerequisite(s): HSS 305; (HSS 306 or HSS 307).

HSS 409. Kinesiology. 3 Hours

Investigation and analysis of human motion based on anatomical, physiological, and mechanical principles. Prerequisite(s): HSS 305; (HSS 306 or HSS 307).

HSS 409L. Kinesiology Laboratory. 1 Hour

Course to accompany HSS 409. Weekly two-hour laboratory stressing the practical application of kinesiology.

HSS 422. Exercise for Special Populations. 3 Hours

Course designed to prepare prospective exercise specialists to adapt physical education and exercise so that all individuals can successfully participate in activity programs. A study of various disabilities and conditions in order to organize and administer a program which will meet individual needs.

HSS 428. Research in Sport and Health Sciences. 3 Hours

Application and practice of research in student's chosen profession and vocation. Emphasis will be on designing and evaluating experimental studies, collection, analysis, interpretation, and communication of data, and role of research in professional practice. Senior standing or with instructor permission.

HSS 431. Nutrition for Exercise & Sport Science. 3 Hours

Investigation of current research in the nutritional assessment of the athlete. Topics include dietary needs, fluid replenishment, pre-game meals, and "fad" diets for the athlete. Pre-requisite(s): HSS 295.

HSS 439. Professional Seminar in Dietetics. 2 Hours

This guided practicum and seminar will provide an opportunity for candidates to develop and apply their knowledge of typical and atypical development from conception to age 3 as they observe young children in an infant/toddler classroom setting. Theories and research based practices related to infant and toddler care and education will be discussed. Candidates will conduct naturalistic assessment, identify developmental milestones and related risk factors, and will plan and execute play-based strategies to support development. 45 contact hours of field experience is required.

HSS 448. Safety & the Law in Physical Education & Sports. 3 Hours

Study of the legal aspects of physical education and athletics. Analysis of specific court cases. Formulation of safety policies.

HSS 455. Selected Studies in Exercise Science. 1-3 Hours

Investigating, analyzing, and reporting on a problem in physical education. Prerequisite(s): Permission of department chairperson.

HSS 456. Nutritional Biochemistry II. 3 Hours

Integration and application of principles of physiology, nutrition and biochemistry to the processes of metabolic function.

HSS 465. Physical Therapy Seminar. 3 Hours

Addresses current issues facing prospective and present physical therapists in a reforming healthcare industry.

HSS 485. Sport Management Internship. 3 Hours

Work experience carried out under the auspices and supervision of the sports management staff. Application and permission of director of Sports Management program required.

HSS 490. Exercise Science Internship - On Campus. 2 Hours

Work experience carried out under the auspices and supervision of the University of Dayton Wellness Program staff. Application and permission of director of Exercise Science and Fitness Management program required.

HSS 491. Exercise Science Internship. 1-3 Hours

Work experience carried out under the auspices of an industrial, commercial, educational, government or health agency-related wellness program. Application and permission of director of Exercise Science and Fitness Management program required.

HSS 495. Medical Nutrition Therapy I. 3 Hours

Study of nutrition care process, nutritional diagnostic therapy and counseling services for the purpose of disease management to include: weight management, eating disorders, upper & lower gastrointestinal disorders, hepatobiliary and pancreatic disorders, and nutrition support. Prerequisite(s): CHM 313, HSS 494, Senior Standing. Corequisite(s): HSS 401, PSY 431.

HSS 496. Medical Nutrition Therapy II. 3 Hours

Study of nutrition care process, nutritional diagnostic therapy and counseling services for the purpose of disease management to include: Diabetes, Thyroid, Anemia, Cardiovascular, Pulmonary, Renal, Cancer, HIV, Metabolic Stress, Rheumatic, Neurologic, and Psychiatric Conditions. Prerequisite(s): HSS 495.

HSS 498. Honors Thesis. 3 Hours

Selection, design, investigation, and completion of an independent, original research thesis under the guidance of a faculty research director. Restricted to students in the Berry Scholars Program with permission of the program director.

HSS 499. Honors Thesis. 3 Hours

Selection, design, investigation, and completion of an independent, original research thesis under the guidance of a faculty research director. Restricted to students in the Berry Scholars Program with permission of the program director.

Teacher Education

Majors:

- Bachelor of Science in Education, Adolescence to Young Adult Education (p. 339)
- Bachelor of Science in Education (p. 340), Early Childhood Education (p. 340)
- Bachelor of Science in Education (p. 341), Early Childhood Leadership and Advocacy (p. 341)
- Bachelor of Science in Education (p. 342), Foreign Language Education (p. 342)
- Bachelor of Science in Education (p. 343), Intervention Specialist (p. 343)
- Bachelor of Science in Education (p. 344), Middle Childhood Education (p. 344)
- Bachelor of Science in Education, Middle Childhood Education/ Intervention Specialist (p. 345)
- Bachelor of Science in Education (p. 346), Secondary Catholic Religion Education (p. 346)

Additional License Option:

- Early Childhood Intervention Specialist (p. 347)

Endorsements:

- Early Childhood Generalist (p. 347)
- Prekindergarten Special Needs (p. 347)
- Middle Childhood Generalist (p. 347)

Certificates:

- Catholic Education (p. 348)
- Dyslexia (p. 348)
- Early Childhood Leadership and Advocacy (p. 348)
- Teaching English to Speakers of Other Languages (p. 348)
- Science, Technology, Engineering and Mathematics (p. 349)
- Urban Teacher (p. 349)

Faculty

Connie L. Bowman, Chairperson

Professors Emeriti: Frye, Fuchs, Geiger, Hart, Joseph, Lasley, Rowley, Sudzina, Talbert-Johnson, Weaver

Professors: Herrelko, Kinnucan-Welsch, Watras

Associate Professors: Adams, Baldwin, Bowman, Collopy, Kelly, Richards, White

Assistant Professors: Arnold, Bogard, Gallagher, Sableski

Clinical Faculty: Comingore, Engelhardt, Lawless-Frank, Mathes, McIntosh, Nenonene, Scheuermann

Teacher-in-Residence: Evans

Visiting Professors: Falk

The University of Dayton's Department of Teacher Education prepares teachers for the early, middle, and secondary grade levels. In addition, the department offers programs in intervention specialist (special education), grades K-12, and foreign language education, grades P-12. The music education and art education programs are offered in the College of Arts and Sciences. It is also possible for students to complete a degree in a teaching field in the College of Arts and Sciences and also complete the Bachelor of Science in Education leading to licensure.

The department has adopted a theme that is integrated throughout the programs of study, Teacher as Reflective Decision Maker in a Pluralistic Society. This theme aligns with the Marianist mission of the University, the university wide Student Learning Outcomes and the unit outcomes for the School of Education and Health Sciences (SEHS):

- Embracing diversity
- Building community
- Engaging in critical reflection
- Developing as a scholarly practitioner

The department has established policies that require students to achieve benchmarks and demonstrate professional competencies in coursework and field experiences. Furthermore, all students must complete a good moral character form, and BCII and FBI criminal background check prior to field experience in P-12 schools. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Teacher Education Undergraduate Academic policies:

1. Candidates for undergraduate licensure are placed in schools in the Miami Valley area for all clinical experiences. Student teaching is the capstone clinical experience for the preparation programs. Once students have been approved and placed for student teaching, they

may not withdraw from the program except with the approval of the department chair. A student who withdraws without this approval forfeits future placement in student teaching.

2. An education course taken as an independent study cannot be applied toward teacher licensure.
3. Independent study is not available for regularly scheduled undergraduate courses.
4. Candidates must meet each of the following benchmarks:
 - Candidates must earn an overall grade point average of 2.5 or higher after completing EDT 109
 - Candidates must earn an overall grade point average of 2.75 after completing EDT 110
 - Candidates must earn an overall grade point average of 3.0 after completing the program specific development course
 - Candidates must earn an overall grade point average of 3.0 or higher prior to entry into the clinical experience/methods
 - Grade of C- or higher in all EDT courses
 - Grade of S in all EDT laboratories prior to entry into clinical experience
 - Unexcused absences in a teacher education course cannot exceed 13% in any given course.

Bachelor of Science in Education, Adolescence to Young Adult Education (EYA) minimum 124 hours

The Department of Teacher Education offers a Bachelor of Science in Education in Adolescence to Young Adult Education. The program meets all requirements for a state of Ohio license to teach learners ages 12-21 and grades 7-12. A student has three options to meet the program requirements for adolescence to young adult licensure: 1) BSE with a major in adolescence to young adult education; 2) BSE with a major in adolescence to young adult education and an additional major in the College of Arts and Sciences; 3) BSE with a major in adolescence to young adult education and a Bachelor of Arts or Bachelor of Science degree in the College of Arts and Sciences (dual degree).

A student in the adolescence to young adult education program is required to have a single comprehensive teaching field. The number of semester hours to complete the teaching field requirements varies across programs. A student must meet all academic and competency requirements in order to continue in the program, to student teach and be recommended for licensure. In addition, all field and clinical experiences must be successfully completed. Students are expected to have completed all of the teaching concentration courses prior to student teaching; exceptions must be approved by a faculty advisor. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Adolescence to young adult education teaching fields include:

- Integrated Language Arts
- Integrated Mathematics
- Integrated Science
- Integrated Social Studies
- Earth Sciences/Chemistry

- Earth Sciences/Physics
- Earth Sciences
- Life Sciences/Chemistry
- Life Sciences/Earth
- Life Sciences/Physics
- Life Sciences
- Physical Sciences/Chemistry
- Physical Sciences/Physics
- Physical Sciences/Physics & Chemistry

¹ Must register for the corequisite laboratory course, all field experiences arranged by the University.
² EDT 459 and content methods in teaching field must be taken concurrently.
³ Students will have a required seminar throughout the semester.
⁴ Only applicable to language arts and social studies majors.

Bachelor of Science in Education, Early Childhood Education (ECE) minimum 124 hours

The Department of Teacher Education offers a Bachelor of Science in Education in Early Childhood Education. This program meets all requirements for a state of Ohio license to teach prekindergarten through grade three.

A student in the early childhood education program is required to choose an area of focus for elective coursework which must bring the total number of credit hours to 124 required for graduation. A student must meet all academic and competency requirements in order to continue in the program, to student teach, and to be recommended for licensure. In addition, all field and clinical experiences must be successfully completed. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Bachelor of Science in Education, Foreign Language Education (ELA) minimum 124 hours

The Department of Teacher Education offers a Bachelor of Science in Education in Foreign Language Education. The program meets all requirements for a state of Ohio license to teach P-12. Three teaching concentrations are available: French, German, and Spanish. Students enrolled in this program may also elect to complete a dual degree or an additional major in the College of Arts and Sciences.

A student must meet all academic and competency requirements in order to continue in the program, to student teach and to be recommended for licensure. In addition, all field and clinical experiences must be successfully completed. Students are expected to have completed all of the teaching concentration courses prior to student teaching; exceptions must be approved by a faculty advisor. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests, including the Oral Proficiency Interview and the Writing Proficiency Test offered by the American Council on the Teaching of Foreign Languages (ACTFL).

Concentration/electives (3 courses)		9
Study Abroad (Concentration) ¹		2-14

¹ Participation in an approved study-abroad immersion program for a summer, semester or academic year is strongly recommended. Experience shows that study abroad is a major factor in the successful completion of the professional requirements which include field experiences and required assessments for licensure.

² One course must be FRN 469, GER 469 or SPN 469.

Bachelor of Science in Education, Intervention Specialist (EIS) minimum 124 hours

The Department of Teacher Education offers a Bachelor of Science in Education in Intervention Specialist Education. The intervention specialist program meets all requirements for a state of Ohio license to teach learners in kindergarten through grade 12 with mild to moderate

educational needs. Students in this program also have an emphasis in inclusive general education.

A student must meet all academic and competency requirements in order to continue in the program, to student teach and to be recommended for licensure. In addition, all field and clinical experiences must be successfully completed. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

¹ Must register for the corequisite laboratory course, all field experiences arranged by the University.

² EDT 442, EDT 442L, EDT 443 and EDT 444 must be taken concurrently. Field experience is required.

³ Designates cohort courses to be taken together in the same semester.

⁴ Students must take either SCI 190L or SCI 230L.

Bachelor of Science in Education, Middle Childhood Education (EMS) minimum 124 hours

The Department of Teacher Education offers the middle childhood education program for transfer students, which leads to the Bachelor of Science in Education. The program meets all requirements for a state of Ohio license to teach grades four through nine. A student in the middle childhood education program is required to have two concentrations of 24 or more semester hours in the following content areas:

- Mathematics
- Science
- Social Studies
- Reading/Language Arts

A student must meet all academic and competency requirements in order to continue in the program, to student teach and to be recommended for licensure. In addition, all field and clinical experiences must be successfully completed. Students are expected to have completed all of the teaching concentration courses prior to student teaching; exceptions must be approved by a faculty advisor. In order for the University of Dayton to approve the state of Ohio teaching license application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Early Childhood Intervention Specialist License

The Department of Teacher Education offers the early childhood intervention specialist program, as an additional licensure option for students who successfully complete the early childhood education program. Persons earning this license are qualified to teach children ages three through eight who have mild or moderate to intensive needs. In order for the University of Dayton to approve the state of Ohio teaching license application, the candidate must have on file in the SEHS dean's office passing scores on the required state of Ohio licensure test.

Early Childhood Intervention Specialist License

Total Hours		16

Early Childhood Generalist Endorsement

The Department of Teacher Education offers the early childhood generalist endorsement program. The endorsement will allow teachers in self-contained fourth and fifth grade classrooms to teach the subjects of mathematics, science and social studies. Students enrolled in an early childhood education program may complete the coursework for the early childhood generalist endorsement as a focus area for their undergraduate degree. In order for the University of Dayton to approve the state of Ohio endorsement application, applicants must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Early Childhood Generalist Endorsement

Prekindergarten Special Needs Endorsement

The Department of Teacher Education offers the prekindergarten special needs endorsement program. This endorsement can be added to an intervention specialist or early childhood education license and allows teachers to teach children ages three to five who have mild or moderate to intensive needs. Students enrolled in an early childhood education program may complete the coursework for the prekindergarten special needs endorsement as a focus area for their undergraduate degree. In order for the University of Dayton to approve the state of Ohio endorsement application, candidates must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Total Hours		17

Middle Childhood Generalist Endorsement

The Department of Teacher Education offers the middle childhood generalist endorsement program. This endorsement can be added to any existing middle childhood education license for any combination of the four areas of concentration. The generalist endorsement will allow teachers to teach grades four to six only. In order for the University of Dayton to approve the state of Ohio endorsement application, candidates must have on file in the SEHS dean's office passing scores on the state of Ohio licensure tests.

Catholic Education Certificate

The Department of Teacher Education offers the undergraduate Catholic education certificate, which is an interdisciplinary program designed for University of Dayton students enrolled in any major. The program includes courses in the departments of Teacher Education and Religious Studies, and prepares students with historical, cultural, catechetical, and spiritual background that is particularly relevant for students interested in teaching in Catholic schools or pursuing parish ministry. Embedded within the program are opportunities for preservice teacher education students to develop competencies and dispositions that are considered desirable by Catholic school administrators, while for others it may provide experience that may help the student to discern a call to a career in Catholic education or in another ecclesial area. It should be noted that the certificate alone does not meet the requirements for teacher licensure in the state of Ohio.

Certificate in Catholic Education

Teaching English to Speakers of Other Languages Certificate

The Department of Teacher Education offers the undergraduate certificate in teaching English to speakers of other languages (TESOL) program. This program is an interdisciplinary program, drawing from courses in the departments of Teacher Education, English, and Global Languages and Cultures. The program is designed for current University of Dayton students enrolled in any major. It prepares students to teach English as an additional language in postsecondary schools, adult education settings and private language institutes in the United States and abroad. It can also provide opportunities for preservice teacher education students to develop competence in working with English-language learners in their grade level and content area classrooms. It should be noted that the certificate alone does not meet the requirements for the TESOL endorsement from the state of Ohio; however, the certificate coursework will apply toward the TESOL endorsement program, which is offered at the post-baccalaureate level.

EDT 438	TESOL Practicum	1
Total Hours		13

Science, Technology, Engineering and Mathematics

Ohio schools are looking for teachers who have experience in teaching mathematics, science, and engineering using technology. The several licensure programs at UD for Teacher Education are designed to have pre-service teachers take a variety of courses, including a heavy requirement for mathematics and science courses. The senior year methods classes in mathematics and science are now focusing on the integration of these topics through the lens of the engineering process. Application of the available technology now present in Fitz Hall provides an opportunity to imbue pre-service teachers with opportunities to put technology into their teaching. The focus on the STEM fields in the teacher preparation programs addresses the Habits of Inquiry document because students and faculty are observing the signs of the time as they become proficient in integrating across disciplines to use solve problems. The Department of Teacher Education will recognize the cross-disciplinary work of UD teacher education students in three licensure areas with a STEM Certificate, which acknowledges they are knowledgeable in the area of STEM education.

Early Childhood Education ¹

¹ **STEM Integration Project Requirement** The STEM Integration Project is required of all students who receive a STEM Certificate. It will be a 5-lesson unit which integrates developmentally appropriate key concepts and content standards in the STEM disciplines. It will coincide with a significant teaching experience in the senior block.

Urban Teacher Certificate

The Department of Teacher Education offers the urban teacher certificate program. This certificate program provides for the development for the development of knowledge, skills and dispositions that prepares candidates to be culturally competent educators who can understand and respond to the needs and challenges of urban students, families and schools. Students enrolled in any licensure program in Teacher Education who complete the Urban Teacher Academy program qualify for this certificate.

Courses

EDT 109. Personal Aspects of Teaching. 1 Hour

This course is a candidate's general introduction to education as a profession, and to the University of Dayton. Candidates' personal values, goals, motives and strengths will be identified and reflected upon in relation to the qualities and dispositions necessary to be an effective teacher. This course serves as an introduction to the different program areas (AYA, MCE, ECE, IS and multi-age), to technology in education and to various educational issues. EDT 109 is waived for those candidates who transfer to the University.

EDT 110. The Profession of Teaching. 3 Hours

This course is designed to study the principal components of effective teaching that facilitate the learning of all students. Students will explore and demonstrate knowledge of current educational issues, the Ohio Standards for the Teaching Profession and other professional standards. Students will provide evidence of the development of professional dispositions and their understanding of the importance of developing a community of learners that respects and appreciates diversity. Students will provide evidence of critical reflection on the teaching process as it relates to incorporating social justice and the Marianist characteristics of education. Prerequisite(s): EDT 109 or by permission.

EDT 110L. The Profession of Teaching Laboratory. 0 Hours

This 20 hour field experience is designed to accompany the EDT 110 course. Both the course and field experience are designed to study the principal components of effective teaching that facilitate the learning of all students. Students will explore and demonstrate knowledge of current educational issues, the Ohio Standards for the Teaching Profession and other professional standards. Students will provide evidence of the development of professional dispositions and their understanding of the importance of developing a community of learners that respects and appreciates diversity. Students will use their lab experience as the basis for providing evidence of critical reflection on the teaching process as it relates to incorporating social justice and the Marianist characteristics of education into their understanding about the profession.

EDT 207. Child and Adolescent in Education. 3 Hours

Study of the empirical principles of intellectual, moral, physical, personality and social development as related to performance in the classroom. Interpretations for appropriate generic teaching behaviors and developmental causes of behavior problems are discussed. Prerequisite(s): EDT 110, EDT 110L.

EDT 207L. Child and Adolescent in Education Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to child and adolescent development in school settings.

EDT 211. Child Development: Birth to Age Eight. 3 Hours

This course focuses on the study of typical physical, motor, social-emotional and aesthetic development of young children ages preconception through eight. Assessment, risk factors, environmental design and guiding behavior are covered. Students will use this knowledge to reflect on and make decisions about practices that serve the needs of young children and their families. This course relies on field experience to be completed at the Bombeck Family Learning Center. Prerequisite(s): EDT 110, EDT 110L.

EDT 211L. Child Development: Birth to Age Eight Laboratory. 0-1 Hours

This 45 contact hour practicum course is one semester of a yearlong field experience held in conjunction with EDT 211 and EDT 212. Only students who have been accepted to the ECE program are eligible. During registration, students should sign up for a weekly time slot at the Bombeck Family Learning Center. Current medical forms with a negative TB test, background check and references are required. Forms are available at the Bombeck Family Learning Center website.

EDT 212. Early Childhood Theory and Practice. 3 Hours

This course is an introduction to the theory base that drives developmentally appropriate practice for working with young children birth through age eight. It extends knowledge of how children develop and focuses on theories of Piaget, Kohlberg, Skinner, Pavlov, Erikson, Rogers and Vygotsky. Field experience required at the Bombeck Family Learning Center. Prerequisite(s): EDT 211, EDT 211L.

EDT 212L. Early Childhood Theory and Practice Laboratory. 0 Hours

This practicum course is a yearlong field experience held in conjunction with EDT 211 and EDT 212. Only students who have been accepted to the ECE program are eligible. During registration, students should sign up for a weekly time slot at the Bombeck Family Learning Center. Current medical forms with a negative TB test, background check and references are required. Forms are available at the Bombeck Family Learning Center website.

EDT 222. Middle Childhood to Young Adult Development in a Diverse Society. 3 Hours

Examination of early adolescence to young adulthood development within the United States context with an emphasis on socioeconomic diversity. Students will explore the complexity of environmental influences on development and on disparities in outcomes. They will examine the teacher's role in promoting resiliency and positive developmental and educational outcomes. Prerequisite(s): EDT 110, EDT 110L.

EDT 222L. Middle Childhood to Young Adult Development in a Diverse Society Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to young adolescent and young adult development in school settings.

EDT 303. School, Self and Society. 3 Hours

A study of the relationships among social change, institutional reform, and student socialization in various levels and types of schools. The students will make a comparison of schools around the world. One aim of such a study is to locate the differences that derive from differences in the cultures of the communities they serve. Another aim is to record how schools responded to forces of globalization and from internal forces of change.

EDT 305. Philosophy and History of American Education. 3 Hours

This course is the study of American philosophy of education in a historical framework. This course emphasizes the political analyses of educational issues in their historical context. Thematic issues from the Catholic/Marianist perspective are included among the topics studied. Prerequisite(s): EDT 110, EDT 110L, PHL 103.

EDT 306. History of Catholic K-12 Schools in the United States. 3 Hours

This course examines the Catholic K-12 educational experience in the United States with a particular emphasis on the impact that Catholic schools have had on the creation of Catholic culture in America and on American culture in general. Particular emphasis is placed upon those historical antecedents that directly or indirectly affect Catholic schools today. Prerequisite(s): EDT 110, EDT 110L, HST 103, PHL 103.

EDT 312. Infant and Toddler Practicum Seminar. 2 Hours

This guided practicum and seminar will provide an opportunity for candidates to develop and apply their knowledge of typical and atypical development from conception to age three as they observe young children in both structured and naturalistic settings. Developmental milestones as well as related risk factors will be emphasized.

EDT 313. Developmentally Appropriate Practice for Preschool. 3 Hours

This course will expand the knowledge of how young children, ages three through five, learn and develop. How to provide opportunities that will support this age group's physical, social, emotional, language, cognitive and aesthetic development will be explored. Extensive focus on the content areas of art, music, science, social studies and mathematics as well as guiding behavior and family culture will occur. Field experience in an urban preschool or preschool special education setting required. Prerequisite(s): EDT 212, EDT 212L.

EDT 313L. Developmentally Appropriate Practice for Preschool Laboratory. 1 Hour

This field experience provides students with an opportunity to work with diverse populations. Placements are made in preschool programs that serve children from low income families, minority children who are at risk or children with identified special needs.

EDT 314. Collaborative Assessment and Team Models. 3 Hours

This course provides an in depth study of transdisciplinary teaming and collaborative assessment models in the field of early childhood special education. Included will be the transdisciplinary and collaborative nature of assessment in the diagnosis, screening and instruction of young children (birth to age eight) who are typically and atypically developing. Emphasis will be given to the role of the family in the assessment process. Systematic observation using a play-based approach will be emphasized. Prerequisite(s): EDT 212, EDT 212L.

EDT 315. Health and Medical Issues for Early Childhood. 3 Hours

Study of the health and medical needs associated with young children with disabilities. Students engage in collaboration between educational and medical professionals in an effort to integrate services for young children.

EDT 317. Integrating the Arts in Early Childhood Curriculum. 2 Hours

This course will provide opportunities for ECE majors to integrate the arts throughout the ECE curriculum in meaningful ways. Music, dance, drama and visual arts will be used to represent what young children know and are able to do as well as provide an opportunity to recognize and appreciate cultural difference in artistic expression. Candidates will create aesthetically pleasing newsletters and websites to communicate with families and to market their program.

EDT 318. Urban Teacher Academy-Junior Seminar. 0-1 Hours

This course is designed to deepen understanding of critical issues facing urban educators. Students will examine how the culture of poverty affects students, families and schools. Instructional and management strategies that encourage the learning and development of efficacy, risk-taking, socio-cultural awareness, contextual interpersonal skills and self-understanding are developed through integrated readings, discussions, field experience and presentations. Inherent in this deepening of understanding is the development of reflective thinking and writing and problem solving strategies.

EDT 321. Classroom Environment for Middle Childhood. 3 Hours

This course is the study of the middle childhood student within the classroom environment. Theories of learning and practical applications, motivation, classroom management and discipline, lesson and unit planning, teaching methodologies and assessment are examined and practiced. Prerequisite(s): EDT 222, EDT 222L.

EDT 321L. Classroom Environment for Middle Childhood Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in regards to learning theories and classroom management in middle level school settings.

EDT 322. Perspectives on Education and Social Justice. 3 Hours

This Inquiry course gives students a set of lenses to critically evaluate contemporary issues around schools and schooling from a social justice perspective. The course focuses on educational and social scientific research methodologies used for investigating educational inequalities.

EDT 323. Historical Literacy and Historical Thinking. 3 Hours

Exploration of the cognitive processes that constitute historical thinking and historical understanding with emphases on the development of historical literacy in the students themselves and strategies designed to increase historical literacy in secondary school students.

EDT 331L. Religion Methods Laboratory. 0-1 Hours

This course examines the planning, diagnosis, instructional methods, materials and assessment techniques used in teaching religion to students with varied needs and abilities.

EDT 336. The Culture of the Catholic School. 3 Hours

This course explores the theological, moral, academic, human and social components that give the Catholic school its distinctive culture. The role of spiritual, sacramental and communal relationships in the creation of Catholic school identity will be examined. Prerequisite(s): EDT 110, EDT 110L.

EDT 338. Teaching, Learning and Management. 3 Hours

This course is a study of the empirical principles of learning such as reinforcement, discovery, motivation and transfer theories. Interpretations for generic teaching behaviors especially in diagnosis, prescription and assessment are presented. Prerequisite(s): EDT 207 and EDT 207L or EDT 222 and EDT 222L.

EDT 338L. Teaching, Learning and Management Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in regard to learning theories in school settings.

EDT 340. Educating Diverse Student Populations in Inclusive Settings. 3 Hours

The study of the evidence based practice in multicultural education where teachers are knowledgeable about and respect diversity, including cultural and racial/ethnic origins, language, gender, sexual identity, religion, economic status and learning challenges associated with exceptionalities. Candidates will aspire to create democratic classrooms with a culturally relevant and inclusive curriculum, incorporating legal aspects and social justice perspectives associated with student learning. Candidates will gain knowledge in the importance of assessments, and ways to differentiate the curriculum to the individual learning needs of students in general classrooms, working in collaboration with other adults in the student's life. Prerequisite(s): EDT 110, EDT 110L or permission of the department.

EDT 340L. Educating Diverse Student Populations in Inclusive Settings Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to adapting learning experiences for diverse learners in school settings.

EDT 341. Language Development and Emergent Literacy. 3 Hours

This course is the study of oral language and literacy development in children, with implications for all learners, including children with special needs. Prerequisite(s): EDT 110, EDT 110L.

EDT 342. Behavior Management. 3 Hours

This course examines the principles and methods of observing, recording, measuring and managing human behavior with emphasis on students with disabilities.

EDT 343. Introduction to Education of Learners with Mild/Moderate Learning Needs. 3 Hours

This course is a study of the role and function of the intervention specialist. This course presents issues of definition, identification and placement procedures. The candidate will acquire knowledge of major researchers and historians, variations in belief, traditions and values across cultures and current practices in the field.

EDT 343L. Introduction to Education of Learners with Mild/Moderate Learning Needs Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to the individual learning needs of students in school settings.

EDT 344. Collaboration with Families, Professionals and Agencies. 3 Hours

This course examines theories and techniques to assist teachers in working with colleagues, families and agency personnel to provide an appropriate educational program, improve home-school relationships and develop family-professional partnerships. Historical and legal perspectives of parental influence on special education service are examined. Prerequisite(s): EDT 343, EDT 343L; ECE: EDT 340, EDT 340L.

EDT 350. Foundations of Literacy through Literature. 3 Hours

This course serves as an introductory course to the reading/language arts (listening, speaking, reading, writing, viewing, visual representation) and the role literature plays in these processes. It is a foundation course in reading and is intended to align with the requirements of Ohio Reading Core licensure standards for the ECE, MCE, and IS programs. Topics examined include the foundations of literacy, research, theories and related models of reading, various children's and young adult literature, the integration of technology in literacy, an overview of the importance of on-going assessment in teaching reading/language arts and an awareness of cultural, linguistic and ethnic diversity in individual learners. Prerequisite(s): EDT 110, EDT 110L.

EDT 400. Independent Study. 1-12 Hours

This course is an in-depth study of a selected educational topic. The candidate develops an individual learning plan that includes objectives, schedule of readings and assignments, products and methods of assessment. Prerequisite(s): Permission of department chairperson.

EDT 404. Current Innovations in Education. 3 Hours

This course is the study of current innovations in education. The course focuses on the examination and critical analysis of recent trends in curriculum and instructional and assessment strategies in P-12 schools.

EDT 406. Special Topics in Teaching. 1-3 Hours

This course is the study of specialized areas of education not typically included in the professional education sequence. Topics are announced.

EDT 409. Mathematics for 4th and 5th Grades. 3 Hours

Planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching mathematics to students in grades four and five with varied needs and abilities using a tier method. Topics include: Ohio Academic Content Standards, applications and instructional techniques that address proficiency testing, resources, technologies, manipulatives, interdisciplinary connections, grouping techniques, current research and 21st century skills. Prerequisite(s): MTH 204, MTH 205.

EDT 410. Science for 4th and 5th Grades. 3 Hours

Planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching science to students in grades four and five with varied needs and abilities using a tier method. Topics include: Ohio Academic Content Standards, applications and instructional techniques that address proficiency testing, resources, technologies, manipulatives, interdisciplinary connections, grouping techniques, current research and 21st century skills.

EDT 411. Social Studies for 4th and 5th Grades. 3 Hours

Course designed to address social studies content including social aspects of learning and pedagogy specific to fourth and fifth grades.

EDT 412. Developmentally Appropriate Practice in Mathematics for Early Childhood. 3 Hours

This course will extend the candidate's knowledge of how children, ages six through eight, develop and learn in order to provide opportunities that support the physical, social, emotional, language, cognitive and aesthetic development of all young children. Students will learn to use knowledge of how young children differ in their development and approaches to learning mathematics in order to provide individually appropriate opportunities for learning the subject. The course will emphasize teaching in the content of mathematics and will focus on the Ohio Mathematics academic content standards and the National Council of Teachers of Mathematics (NCTM) standards. Field experience is integrated with the primary block. This course is part of the first semester senior year internship and culminates in the second semester of student teaching. Prerequisite(s): EDT 313, EDT 313L, EDT 453.

EDT 413. Developmentally Appropriate Practice in Social Studies for Early Childhood. 2 Hours

Students will learn to use knowledge of how young children, ages six through eight, differ in their development and approaches to learning social studies in order to provide individually appropriate opportunities for learning the subject. The course will emphasize teaching in the content of social studies and will focus on the Ohio Social Studies academic content standards and the National Council for the Social Studies (NCSS) standards. Field experience is integrated with the primary block. This course is part of the first semester senior year internship and culminates in second semester student teaching. Prerequisite(s): EDT 313, EDT 313L, EDT 453.

EDT 414. Developmentally Appropriate Practice in Science for Early Childhood. 3 Hours

This course will explore resources and techniques available to provide all early childhood students with a holistic, interdisciplinary understanding of science. Candidates will design lessons, activities and assessments which link the national standards, state model, and international goals to contemporary events and children's daily lives. Field experience is integrated with the primary block. Developmentally appropriate practices, science processes, inquiry, problem-solving and safety issues will be addressed. Prerequisite(s): EDT 313, EDT 313L, EDT 453, GEO 204; SCI 190, SCI 190L, SCI 230.

EDT 415. Working with Young Learners with Mild to Moderate Disabilities. 2-3 Hours

This course is the study of the role and function of the early childhood educator in working with learners with mild to moderate disabilities. The course presents issues of definition, identification and placement procedures. The candidate will acquire knowledge of major researchers and historians, variations in belief, traditions and values across cultures and current practices in the field. Field experience is integrated with the primary block. Prerequisite(s): EDT 313, EDT 313L, EDT 453.

EDT 415L. Early Childhood Primary (K-3) Field Internship. 1-2 Hours

This ECE field experience is the first semester of the senior level internship, which provides the candidate the opportunity for practice and reflection in K-3 settings.

EDT 416. Early Childhood Capstone Seminar. 3 Hours

The exploration of different aspects of the teaching profession through the application of knowledge and skills. Three student learning outcomes are assessed through the capstone course; scholarship, vocation, and practical wisdom. Successful completion of the capstone course includes the submission of a teacher performance assessment and a summative teaching assessment. Prerequisite(s): EDT 412, EDT 413, EDT 414, EDT 415, EDT 415L, EDT 454.

EDT 417. Theatre in Education. 3 Hours

Theories and practices of educational drama and theatre as applied to content areas in the early, middle and secondary classroom. Attention given to the relationship of creative drama and applied theatre practices to speaking, thinking, writing, reading, history and other curricular subjects. Co-curricular and experiential immersion required.

EDT 418. Urban Teacher Academy- Senior Seminar. 0-1 Hours

This course is designed to deepen understanding of critical issues facing urban educators. Students will examine how the culture of poverty affects students, families and schools. Instructional and management strategies that encourage the learning and development of efficacy, risk-taking, socio-cultural awareness, contextual interpersonal skills and self-understanding are developed through integrated readings, discussions, field experience and presentations. Inherent in this deepening of understanding is the development of reflective thinking and writing and problem solving strategies.

EDT 419. Kindergarten-Primary Curriculum and Instruction. 3 Hours

This course focuses on planning, assessment, instructional methods, materials and evaluation techniques for teaching children in kindergarten and primary grades. Integrated curriculum and the Ohio Early Learning/Academic Content Standards in mathematics and science will be emphasized. Prerequisite(s): EDT 212, EDT 212L.

EDT 419L. Kindergarten-Primary Curriculum and Instruction Laboratory. 0 Hours

This 20 contact hour course in a kindergarten or primary grades classroom supports the material covered in EDT 419.

EDT 423. Middle Childhood Capstone Seminar. 3 Hours

This capstone seminar focuses on the scholarship and practical wisdom needed for mastery of instructional planning, incorporation of developmental appropriate strategies, along with assessment and evaluation techniques where student learning is the focus for teaching all students in the middle level classrooms. The vocational tools of research and theories of learning, unit planning, teaching methodologies and assessment are practiced and mastered through the completion of a teacher performance assessment. Field experience: Full time clinical experience in a middle level classroom.. Prerequisite(s): EDT 426 or EDT 427 or EDT 428 or EDT 429.

EDT 425. Middle School Principles and Practices. 3 Hours

This course is primarily a study of organization (school structure), philosophy and curriculum of middle level education (ages 9 to 14), grades four to nine. It is designed to present the theoretical knowledge base about middle level (school) education. Issues and concerns, current trends and the essential elements relating to middle level education will be discussed throughout the semester of study. A variety of inquiry methods will be modeled that encourage critical thinking skills. Prerequisite(s): EDT 321, EDT 321L.

EDT 425L. Middle School Principles and Practices Laboratory. 0 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in regards to the study of organization (school structure), philosophy and curriculum of middle level education (ages nine to 14), grades four to nine. It is designed to support the course study of the theoretical knowledge base about middle level (school) education. Issues and concerns, current trends and the essential elements relating to middle level education will be observed and studied throughout the semester.

EDT 426. Reading/Language Arts for Middle Childhood. 3 Hours

This course focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching reading/language arts to students in the middle schools with varied needs and abilities. The topics emphasized in this course include: an understanding of Ohio's academic content standards for grades four to nine, applications and instructional techniques that address the Ohio achievement tests, various resources, technologies, interdisciplinary connections, various grouping techniques and current research. Prerequisite(s): EDT 425, EDT 425L.

EDT 427. Mathematics for Middle Childhood. 3 Hours

This course focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching mathematics to students in the middle schools with varied needs and abilities. The topics emphasized in this course include: an understanding of Ohio's academic content standards for grades four to nine, applications and instructional techniques that address the Ohio achievement tests, various resources, technologies, manipulatives, and other visuals, interdisciplinary connections, various grouping techniques and current research. Prerequisite(s): EDT 425, EDT 425L.

EDT 428. Science for Middle Childhood. 3 Hours

This course focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching science to students in the middle schools with varied needs and abilities. The topics emphasized in this course include: an understanding of Ohio's academic content standards for grades four to nine, applications and instructional techniques that address the Ohio achievement tests, various resources, technologies, experiments, and other hands-on experiences, interdisciplinary connections, various grouping techniques and current research. Prerequisite(s): EDT 425, EDT 425L.

EDT 429. Social Studies for Middle Childhood. 3 Hours

This course focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching social studies to students in the middle schools with varied needs and abilities. The topics emphasized in this course include: an understanding of Ohio's academic content standards for grades four to nine, applications and instructional techniques that address the Ohio achievement tests, various resources, technologies and active hands-on experiences, other visuals, interdisciplinary connections, various grouping techniques and current research. Prerequisite(s): EDT 425, EDT 425L.

EDT 431. Integrated Language Arts Methods for Adolescence to Young Adult. 3 Hours

This course focuses on planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching all levels of integrated language arts to students in grades seven to 12 with varied needs and abilities. Topics include: understanding Ohio's academic content standards for grades seven to 12, applications and instructional techniques that address the Ohio achievement and competency tests, various resources, technologies, interdisciplinary connections, various grouping techniques, best practices and current research. Prerequisite(s): EDT 338, EDT 338L, EDT 340, EDT 340L.

EDT 431L. Integrated Language Arts Methods AYA (7-12) Field Internship. 1-2 Hours

This AYA field experience is the first semester of the senior level internship, providing the candidate with practice and reflection in the integrated language arts in an AYA setting.

EDT 432. Integrated Mathematics Methods for Adolescence to Young Adult. 3 Hours

This course focuses on planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching all levels of mathematics to students in grades seven to 12 with varied needs and abilities. Topics include: understanding Ohio's academic content standards for grades seven to 12, applications and instructional techniques that address the Ohio achievement and competency tests, various resources, technologies, manipulatives, and other visuals, interdisciplinary connections, various grouping techniques, best practices and current research. Prerequisite(s): EDT 338, EDT 338L, EDT 340, EDT 340L.

EDT 432L. Integrated Mathematics Methods AYA (7-12) Field Internship. 1-2 Hours

This AYA field experience is the first semester of the senior level internship, providing the candidate with practice and reflection in a mathematics AYA setting.

EDT 433. Foreign Language Methods for Adolescence to Young Adult. 3 Hours

This course focuses on planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching all levels of foreign language to students in grades seven to 12 with varied needs and abilities. Topics include: understanding Ohio's academic content standards for grades seven to 12, applications and instructional techniques that address the Ohio achievement and competency tests, various resources, technologies, hands-on activities and other visuals, interdisciplinary connections, various grouping techniques, best practices and current research. Prerequisite(s): EDT 338, EDT 338L, EDT 340, EDT 340L.

EDT 433L. Foreign Language Methods for AYA (7-12) Field Internship. 1-2 Hours

This AYA field experience is the first semester of the senior level internship, which provides the candidate with practice and reflection in a foreign language AYA setting.

EDT 434. Science Methods for Adolescence to Young Adult. 3 Hours

This course focuses on planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching all levels of science to students in grades seven to 12 with varied needs and abilities. Topics include: understanding Ohio's academic content standards for grades seven to 12, applications and instructional techniques that address the Ohio achievement and competency tests, various resources, technologies, hands-on activities, interdisciplinary connections, various grouping techniques, best practices and current research. Prerequisite(s): EDT 338, EDT 338L, EDT 340, EDT 340L.

EDT 434L. Science Methods for AYA (7-12) Field Internship. 1-2 Hours

This AYA field experience is the first semester of the senior level internship, which provides the candidate with practice and reflection in a science AYA setting.

EDT 435. Integrated Social Studies Methods for Adolescence to Young Adult. 3 Hours

This course focuses on planning, diagnosis, instructional methods, materials, assessment and evaluation techniques for teaching all levels of integrated social studies to students in grades seven to 12 with varied needs and abilities. Topics include: understanding Ohio's academic content standards for grades seven to 12, applications and instructional techniques that address the Ohio achievement and competency tests, various resources, technologies, hands-on activities, interdisciplinary connections, various grouping techniques, best practices and current research. Prerequisite(s): EDT 338, EDT 338L, EDT 340, EDT 340L.

EDT 435L. Integrated Social Studies Methods for AYA (7-12) Field Internship. 1-2 Hours

This AYA field experience is the first semester of the senior level internship, which provides the candidate with practice and reflection in a social studies AYA setting.

EDT 436. Adolescent to Young Adult Capstone Seminar. 3 Hours

This capstone seminar focuses on vocation, scholarship, and practical wisdom needed for mastery of instructional planning, incorporation of developmental appropriate strategies, along with data-driven assessment and evaluation techniques and content area pedagogy. The vocational tools of research and theories of learning, unit planning, teaching methodologies and assessment are practiced and mastered through the completion of a teacher performance assessment. Field experience: Full time Clinical Experience in an Adolescent to Young Adult classroom. Prerequisite(s): EDT 431, EDT 432, EDT 433, EDT 434, EDT 435.

EDT 437. Second Language Learning and Teaching. 3 Hours

This course provides opportunities to explore the nature of language proficiency, second language acquisition, second language literacy, bilingualism and biliteracy, the role of culture in language learning and implications for second language teaching.

EDT 438. TESOL Practicum. 1-3 Hours

This course provides opportunities to practice planning, instruction and assessment in an ESOL classroom under the mentorship of an experienced ESOL teacher. Prerequisite(s): EDT 437, LNG 468, ENG 472, ENG 466.

EDT 441. Adapting Content Standards for Students with Special Needs. 3 Hours

This course focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques used by intervention specialists in inclusive and more restrictive settings to address K-12 content area standards. The topics emphasized include an understanding of how to align Ohio's academic content standards with applications and instructional techniques that ensure the achievement of special education students in the general education curriculum. The course examines the role of the intervention specialist in collaboration with general educators in making appropriate accommodations and modifications. Prerequisite(s): EDT 343, EDT 343L.

EDT 441L. Adapting Content Standards for Students with Special Needs Laboratory. 0 Hours

This lab focuses on the planning, diagnosis, instructional methods, materials, assessment and evaluation techniques used by intervention specialists in inclusive and more restrictive settings to address K-12 content area standards. IS students will work with licensed educators to develop an understanding of how to align Ohio's academic content standards with applications and instructional techniques that ensure the achievement of special education students in the general education curriculum. The course emphasizes the role of the intervention specialist in collaboration with general educators in making appropriate accommodations and modifications.

EDT 442. Assessment: Mild/Moderate. 2-3 Hours

This course is the study of the multidisciplinary use of assessment instruments and techniques in the diagnosis, planning and evaluation of the special needs learner and the development of individual education programs. Prerequisite(s): EDT 321, EDT 321L, EDT 441, EDT 441L, EDT 425.

EDT 442L. Intervention Specialist: Mild/Moderate Field Internship. 0-1 Hours

This field experience is the first semester of the senior level internship, providing the candidate with practice and reflection in mild/moderate intervention specialist settings.

EDT 443. Curriculum: Mild/Moderate. 2 Hours

This course is the study of curriculum development considering the motor, cognitive, academic, social, language, affective, functional, life skills and individual programming of students with mild/moderate disabilities. Field experience required. Prerequisite(s): EDT 321, EDT 321L, EDT 340, EDT 340L, EDT 343, EDT 343L, EDT 425.

EDT 444. Instructional Strategies: Mild/Moderate. 3 Hours

This course examines the strategies, materials and evaluation techniques for teaching students with mild/moderate learning problems. Field experience required. Prerequisite(s): EDT 321, EDT 321L, EDT 340, EDT 340L, EDT 343, EDT 343L, EDT 425.

EDT 445. Application of Computers/Technology in Special Education. 2 Hours

This course is the study of basic computer applications in special education, including instructional programs, software evaluation, telecommunications, multimedia and hypermedia, assistive technology, augmentative devices, resources and legal/ethical issues. Prerequisite(s): EDT 341, EDT 343, EDT 343L.

EDT 446. Career Education/Special Education. 2 Hours

Theory and techniques of job classification, assessment, selection, placement and activities related to work from preschool to adult. Prerequisite(s): EDT 343, EDT 343L. Corequisite(s): EDT 442, EDT 442L, EDT 443, EDT 444.

EDT 447. Instructional Strategies: Moderate. 2 Hours

This course examines strategies for teaching and managing behaviors of students with moderate disabilities. Prerequisite(s): EDT 321, EDT 321L, EDT 340, EDT 340L, EDT 343, EDT 343L, EDT 425, EDT 425L.

EDT 448. Introduction to Linguistics. 3 Hours

Survey of the various aspects of a scientific description of human language: phonetics, phonology, morphology, syntax, semantics, and pragmatics. Interdisciplinary exploration of the reciprocal impact of linguistics on psychology, sociology, and language acquisition theory.

EDT 450. Phonics, Spelling and Vocabulary. 3 Hours

This course provides the background knowledge necessary for effectively teaching and assessing the role of phonics in the reading process. Emphases are on developing phonemic awareness, phonics, spelling and word recognition/word meaning embedded in the context of a total reading/language arts program focused on meaning construction.

EDT 452. Digital Literacies, ELL and Content Reading Strategies. 3 Hours

In this course, MCE candidates examine the strategies and techniques in the development of prior knowledge skills, study skills, vocabulary, technology and assessment as they relate to critical reading abilities in a variety of curriculum areas.

EDT 453. Introduction to Literacy for Early Childhood. 3 Hours

Study of appropriate instruction and assessment supporting the literacy development of children grades P-3. Major emphases are on developing the knowledge base related to a comprehensive framework for literacy instruction, including reading, writing and content area literacy, with a focus on instruction supporting emerging and early readers and writers.

EDT 454. Methods of Literacy for Early Childhood. 3 Hours

The continued study of appropriate instruction and assessment supporting the literacy development of children grades P-3, with a focus on instruction supporting developing and transitional readers and writers. Major emphases are on the classroom application of the principles of comprehensive literacy instruction and assessment, including the writing process and comprehension strategies across the content areas. Prerequisite(s): EDT 350, EDT 453.

EDT 458. Reading, Writing and Assessment - Middle Childhood. 3 Hours

An integrated language arts course focusing on the knowledge base underpinning the teaching of reading and related language arts processes within the language arts and across the curriculum to students of various ages, needs and abilities. Topics include planning, instructional methods, materials, assessment and evaluation techniques. Prerequisite(s): EDT 350.

EDT 458L. Middle Level (4-9) Field Internship. 1-2 Hours

This MCE field experience is the first semester of the senior level internship, which provides the candidate with practice and reflection in middle level school settings.

EDT 459. Critical Reading and Writing in the Content Area. 3 Hours

This class focuses on the teaching of reading and writing in the AYA and multi-age content area that includes instruction in organizing instruction, use of protocols for oral language development, strategies for word skill development, strategies for reading comprehension and assessment strategies for instructional purposes for the multi-age and AYA licenses. Prerequisite(s): EDT 338, EDT 338L.

EDT 460. Early Childhood Program and Personnel Management. 3 Hours

This course is the first in the early childhood leadership program. Students will explore program and personnel management and human relations in early care and education.

EDT 460L. Early Childhood Program and Personnel Management Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to program and personnel management and human relations in early care and education.

EDT 461. Supporting Quality Curriculum and Instruction in Early Care and Education. 3 Hours

This course provides opportunities for students to use research to identify and support quality early childhood curriculum, instruction and assessment.

EDT 461E. Supporting Quality Curriculum and Instruction in Early Care and Education. 3 Hours

This course provides opportunities for students to use research to identify and support quality early childhood curriculum, instruction and assessment.

EDT 461EL. Supporting Quality Curriculum and Instruction in Early Care and Education Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to using research to identify and support quality early childhood curriculum, instruction and assessment.

EDT 461L. Supporting Quality Curriculum and Instruction in Early Care and Education Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to using research to identify and support quality early childhood curriculum, instruction and assessment.

EDT 462. Regulations, Licensing and the Law in Early Care and Education. 3 Hours

This course addresses ethics in early care and education as well as issues related to health, safety and nutrition regulations including first aid, communicable disease, safety policies and practices. Reporting and recognizing child abuse is addressed. Students will learn to respond to regulations, licensing and laws that impact programs for young children.

EDT 462E. Regulations, Licensing and the Law in Early Care and Education. 3 Hours

This course addresses ethics in early care and education as well as issues related to health, safety and nutrition regulations including first aid, communicable disease, safety policies and practices. Reporting and recognizing child abuse is addressed. Students will learn to respond to regulations, licensing and laws that impact programs for young children.

EDT 462EL. Regulations, Licensing and the Law in Early Care and Education Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to regulations, licensing and laws that impact programs for young children.

EDT 462L. Regulations, Licensing and the Law in Early Care and Education Laboratory. 0-1 Hours

This course consists of planned field experiences providing candidates the opportunity for field reflections in relation to regulations, licensing and laws that impact programs for young children.

EDT 463. Managing Finances and Marketing in Early Care and Education. 3 Hours

Students will explore strategies for managing finances and developing marketing plans in the field of early care and education. Prerequisite(s): EDT 460, EDT 460L.

EDT 463L. Managing Finances and Marketing in Early Care and Education Laboratory. 0-1 Hours

This course supports students in EDT 463 as they explore managing finances and developing marketing plans in the field of early care and education. Prerequisite(s): EDT 460, EDT 460L.

EDT 464. Advocacy in Early Care and Education. 3 Hours

This course explores current political, educational and societal issues related to early care and education and examines how teachers develop leadership skills to become better advocates for children, families, and the profession. Prerequisite(s): EDT 460, EDT 460L.

EDT 465. Internship and Practicum in Early Childhood Administration. 6 Hours

This internship serves as the culminating experience where students demonstrate the knowledge, skills and dispositions addressed in the four preceding early childhood leadership courses. Students complete a six week full time internship working with/as an early childhood director or administrator. Prerequisite(s): EDT 460, EDT 460L.

EDT 466. TESOL Methods for Teaching English Language Learners. 3 Hours

Introduction to key concepts in Teaching English to Speakers of Other Languages. Theoretical perspectives on second language (ESL) and literacy instruction will be interwoven with practical techniques for classroom instruction. Students will investigate approaches to teaching the four skills of English (reading, writing, listening, speaking) across varying contexts and proficiency levels. Prerequisite(s): ENG 200 or ENG 200H or ASI 120; and junior or senior standing or permission of department chairperson.

EDT 467. Advanced Phonics and Multisensory Instruction. 3 Hours

This is the first course of a two-course practicum sequence for the dyslexia methods certificate. This course will cover the specific nature of dyslexia as a language-based learning disability, multisensory instruction, advanced phonics, spelling, vocabulary and lesson planning for tutoring. Prerequisite(s): EDT 340, EDT 340L, EDT 350; EDT 450.

EDT 471. Student Teaching- Foreign Languages P-12. 12 Hours

Full-time supervised and evaluated teaching of foreign languages in P-12 classes. The candidate will demonstrate the knowledge, skills and dispositions required of a beginning foreign language teacher. Attendance at weekly seminars is required. Prerequisite(s): EDT 433; formal admission to student teaching a full semester in advance; completion of 80% of the content area courses.

EDT 472. Internship in Prekindergarten Special Needs. 5 Hours

Supervised and evaluated teaching in a preschool special education setting. Candidates are to demonstrate the knowledge, skills, attitudes and dispositions needed to comply with the National Association for the Education of Young Children (NAEYC) and the Division for Early Childhood of the Council of Exceptional Children (DEC) guidelines for appropriate practice that are specific to prekindergarten age children with special needs. Field experience required. Prerequisite(s): EDT 314, EDT 315, EDT 344, EDT 415, EDT 415L; Students must register for the course and submit a student teaching/internship application packet to the department of teacher education by the deadline in January prior to the fall methods block.

EDT 473. Student Teaching-Primary Grades. 3-12 Hours

The student teaching experience is a full-time, evaluated experience in a primary setting. The candidate will demonstrate the knowledge, skills and dispositions required of a beginning primary grade teacher. Prerequisite(s): EDT 412, EDT 413, EDT 414, EDT 415, EDT 415L, EDT 454; Formal admission to student teaching a full semester in advance.

EDT 474. Student Teaching- Middle Childhood. 9-12 Hours

Full-time supervised and evaluated teaching in grades four through nine in at least one of the two candidate's concentration subjects. The candidate will demonstrate the knowledge, skills and dispositions required of a beginning middle level teacher. Attendance at weekly seminars is required. Prerequisite(s): Two of the following: EDT 426, EDT 427, EDT 428, EDT 429; formal admission to student teaching a full semester in advance.

EDT 475. Student Teaching-Adolescence to Young Adult. 12 Hours

Full-time supervised and evaluated teaching in the content area in a junior or senior high school classroom. The candidate will demonstrate the knowledge, skills and dispositions required of a beginning secondary teacher. Attendance at weekly seminars is required. Prerequisite(s): Formal admission to student teaching a full semester in advance; completion of 80% of the content area courses.

EDT 476. Student Teaching- Intervention Specialist: Mild/Moderate. 0-12 Hours

Full-time supervised and evaluated teaching with students demonstrating mild/moderate learning needs. The candidate will demonstrate the knowledge, skills and dispositions of a beginning mild/moderate IS teacher. Attendance at seminars is required. Formal admission to student teaching a full semester in advance. Prerequisite(s): EDT 442, EDT 442L, EDT 444.

EDT 477. Student Teaching- Art P-12. 12 Hours

Full-time supervised and evaluated teaching in art classes in schools (P-12). The candidate will demonstrate the knowledge, skills and dispositions required of a beginning art teacher. Attendance at a weekly seminar is required. Prerequisite(s): VAE 231, VAE 383, VAE 483; formal admission to student teaching a full semester in advance and the methods courses.

EDT 479. Student Teaching- Music P-12. 12 Hours

Full-time supervised and evaluated teaching in music classes in schools (P-12). The candidate will demonstrate the knowledge, skills and dispositions required of a beginning music teacher. Attendance at a weekly seminar is required. Prerequisite(s): MUS 242, MUS 250, MUS 331, MUS 332, MUS 335, MUS 450; formal admission to student teaching a full semester in advance.

EDT 481. Adolescence to Young Adult Assessment. 3 Hours

Student performance assessment is one of the most challenging tasks teachers must create. To do so effectively, teachers must know their state standards, learning goals, and lesson objectives and how they can be measured. The course objectives are aimed at using assessment tools to improve student learning and how the teacher can frame instruction to meet the needs of a diverse group of students. The course will introduce how to analyze data results and communicate assessment results to students, parents, and the school. These objectives will be met by readings, activities, assignments, discussions, lectures, and demonstrations.

EDT 482. Dyslexia Methods Practicum. 3 Hours

This is the second course of a two-course practicum sequence for the dyslexia methods certificate. This course will take place in a local school and will involve one-to-one, supervised tutoring of a student with reading difficulties using a multisensory instructional approach. Prerequisite(s): EDT 467.

EDT 484. Intervention Specialist Capstone Seminar. 0-3 Hours

This capstone focuses on the scholarship and practical wisdom needed for mastery of instructional planning, incorporation of developmentally appropriate strategies, along with assessment and evaluation techniques where student learning is the focus for teaching students with disabilities in both general education and special education K-12 settings. The vocational tools of research and theories of learning, unit planning, teaching methodologies and assessment are practiced and mastered through the completion of a teacher performance assessment. Field experience: Full time clinical experience in a K-12 setting under the supervision of university and K-12 faculty. Prerequisite(s): EDT 442, EDT 442L, EDT 443, EDT 444, EDT 445.

EDT 486. Comparative Study-Public Education. 3 Hours

This course is designed to study the background and development of education as compared to educational systems in other countries. The organizing themes are how social, political and cultural foundations shape schools. Comparisons across countries and cultures will provide a context to understand how educational practices are shaped by culture.

EDT 498. Honors Thesis. 3 Hours

This course is based on the selection, design, investigation, and completion of an independent, original research thesis under the guidance of a faculty research director. Restricted to juniors in the University Honors or Berry Scholars programs. Prerequisite(s): Permission of program director and department chairperson.

EDT 499. Honor Thesis. 3 Hours

This course is based on the selection, design, investigation, and completion of an independent, original research thesis under the guidance of a faculty research director. Restricted to seniors in the University Honors or Berry Scholars Programs with permission of the program director and EDT chairperson.
