The Seal of the University of Dayton was created in 1920 when the school amended its articles of incorporation with the State of Ohio to change its name from St. Mary's College. The date 1850 represents the original foundation of this institution.

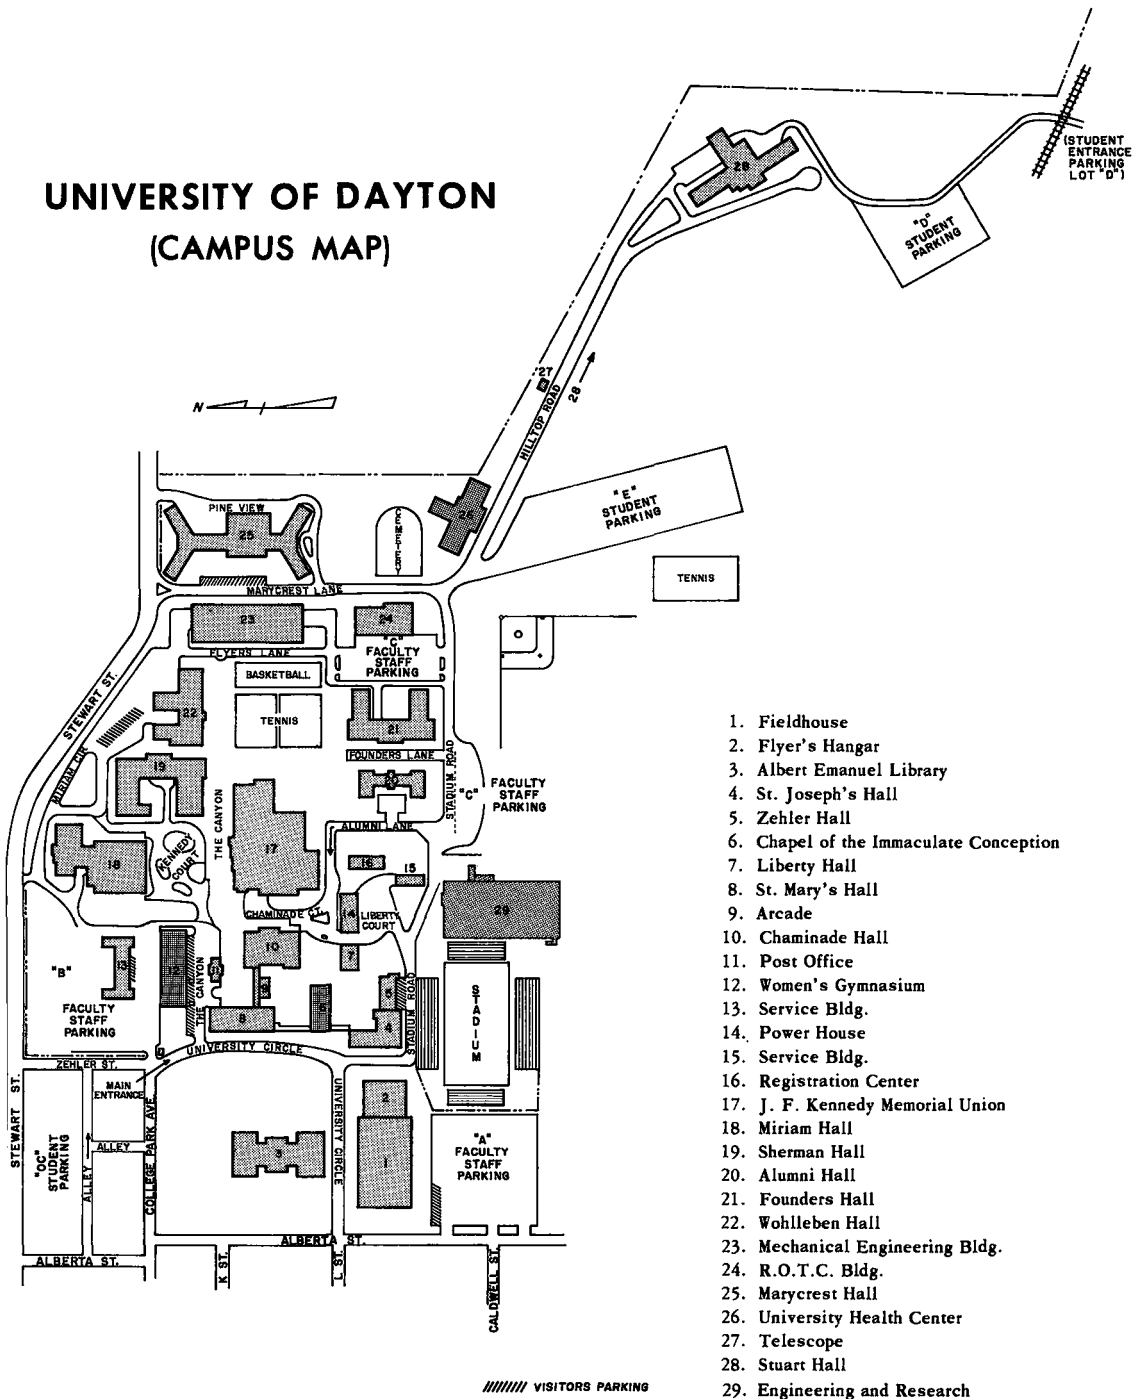

The open book together with the geared wheel fittingly conveys the interrelation between the humanities and the sciences both illumined by the torch of God-given intellect and faith.

The flaming torch serves, moreover, to emblazon the letter "M" proclaiming the Marian spirit of the religious organization (Marianists) which conducts the University.

Finally the University's motto "Pro Deo et Patria" (For God and Country) is a constant reminder that the completeness of education lies in serving both God and mankind.
