GIFTS AND BEQUESTS

The continued development of the University of Dayton has been made possible by the dedication of the members of the Society of Mary and the financial support of alumni and other friends. Future progress of the University, which will make it possible to serve better thousands of boys and girls from hundreds of communities, will greatly depend upon the continued generosity of its benefactors.

Through the years the faculty and facilities of the University have grown and improved through the multiple gifts and bequests of those who had faith in its program of Christian education.

A popular gift form is one made with a retention of income during the years when the contributor most needs security. Life income contracts, providing such income, may be written by the University, an attorney, or through a bank trust officer.

As a result of the number of inquiries received about the proper wording of bequests, the following are forms suggested for the information of those who desire to remember the University of Dayton in their wills:

GENERAL BEQUEST FORM:

I give, devise and bequeath to the University of Dayton, Dayton, Ohio, the sum of \$_____ (or otherwise describe the gift) for the general purpose and uses of the University at the discretion of its administration. (Gifts of property or stocks, where such have appreciated since the original purchase, have a particular tax advantage.)

RESIDUARY BEQUEST FORM:

All the rest, residue, and remainder of my estate, both real and personal, I give, devise and bequeath to the University of Dayton, Dayton, Ohio, for the general purposes and uses of the University at the discretion of its administration. (This can be added to any will without depriving of their legacy either the relatives or any other beneficiaries.)

STATE REGULATIONS:

Bequests for charitable purposes are separately regulated in each state. Make a will only under the guidance of a competent lawyer. If you wish information, however, on this or any similar subject pertaining to the University, please write the Office of Development, University of Dayton, Dayton 9, Ohio.
