Information Literacy Task Force: C. Krane reported that there had been no comments from Senators so she will finalize the document. K. Webb, E. Hicks, and Heidi Gauder will call the first meeting. D. Sanfilippo will identify a student representative. J. Dunne stated that he would ask APC to identify a member to serve on the task force.

#### **New Business:**

Questions about Campus Safety Alerts: Questions rose at the December Academic Senate meeting about when the campus is told about bias-related incidents. P. Benson stated that he had discussed the issue with Bill Fischer, VP for Student Affairs. B. Fischer indicated that there is a specific protocol used to determine when Public Safety sends safety notices. The incident in question was evaluated and did not meet the protocol guidelines for campus-wide announcement. One concern was that there would be too many announcements and people would begin to ignore them. P. Benson stated that he is open to suggestions about how to inform the community outside of the Public Safety protocol. D. Sanfilippo reported that he heard about it while in England via social media. He said that many students were confused and troubled by the lack of official response or acknowledgement from the university. L. Leming stated that this situation is very much related to the campus climate conversation and asked if anyone was charged with monitoring social media. Perhaps based on that person's/persons' awareness, we should initiate a periodic "climate report" - so more people who access the report could be aware of this type of incident that doesn't rise to the level of a crime, but nevertheless harms the community. P. Benson stated that Student Development and university communications actively monitored social media. It was suggested that the issue be discussed with David Sipusic and possibly the Diversity Council. D. Sanfilippo stated that SGA had discussed the situation and not been able to reach agreement as to how to handle. He agreed that students should take an active role to bring about positive change. P. Benson stated that he planned to address these issues at the upcoming university-wide faculty meeting.

Agenda Items from the Provost Council Meeting (January 20, 2015): C. Krane reviewed several items from the most recent Provost Council meeting.

- The policy on evaluation of academic administrators was passed.
- A proposal for minimum undergraduate English proficiency scores for English Language learners was discussed. The impetus for this proposal is to better align with UD's peer institutions.
- Recommendation 1 from the Carnegie Community Engagement Classification task force to establish the Center for Experiential and Community Engaged Learning (EXCEL) was discussed.
- Preliminary initiatives of the Hanley Sustainability Institute including a graduate certificate in sustainability, undergraduate coursework and experiential education, research programs,

campus sustainability projects, and staffing were discussed. The APC will discuss any implications for academics with Paul Vanderburgh.

- A statement on conducting research at the University of Dayton in light of our Catholic and Marianist values was discussed. C. Krane stated that it had originated in the Board of Trustees Committee on Research. The purpose of this document and its relationship to existing policies on research was discussed by ECAS with no resolution. P. Benson stated that this was an early draft and that there would be opportunity for faculty input. Concern about what research would be prohibited based on this draft was expressed. C. Krane will obtain up-to-date draft of document and invite the authors to ECAS for discussion.

University Policies Coordinating Committee (January 21, 2015): C. Krane reported that 14 current UDit policies were discussed.

February 20<sup>th</sup> Senate Meeting Agenda: Preliminary ideas:

- Climate Survey Follow Up (P. Benson)
- Discussion of tuition remission policy with HR
- Discussion of tuition exchange program

Senate Resolution or Senate Recognition of Service: J. Dunne proposed a statement of recognition for Dan Curran. C. Krane asked ECAS to consider whether it should be done and if so, the appropriate timing and mechanism.

The meeting was adjourned at 10:40 A.M.

Respectfully submitted by Emily Hicks
